

## NCAA DII WRESTLING SEEDING PROCEDURES – SUPER REGIONAL

The NCAA Division II Wrestling Committee has comprised the following procedure for use in seeding each super regional tournament. The below system provides coaches with the tools and timeframe to research and vote for the best possible seeds at each weight class in their respective super region. This process will provide for a consistent and efficient application throughout the championships.

Entries:

1. All entries are due by **noon Eastern time on Monday, February 18**. By 5:00 p.m. Eastern, all head wrestling coaches will be provided record sheets as well as links to the wrestling comparison and voting websites from the The NWCA OPC System on TrackWrestling. For question on this system please contact Pat Tocci at [ptocci@nwca.cc](mailto:ptocci@nwca.cc).

Super Regional Seeding:

1. Coaches will rank 8 wrestlers per regional (with 6 being seeded). After the top 6 seeds, wrestlers will be randomly drawn into the bracket.
2. Seeding will be completed electronically and must be done by **3:00 p.m. Eastern time, Wednesday February 20 for a Friday super-regional start (Thursday, February 21 for a Saturday super-regional start)**. Coaches and regional hosts will receive the seeding results by 8:00 p.m. that same day. Instructions on how to access and complete the pre-seed selection process will be sent to each head coach by the NWCA.
3. Seeding protocol per NCAA Wrestling Rule 3.19 Seeding: Consideration for determining seeded wrestlers, but not necessarily in this order, is given to current season of competition: (a) a contestant's won-loss record (number of wins, win percentage, strength of competition, etc.); (b) head-to-head competition; (c) common opponent.
4. All voting will be monitored and overall results will be made public. The NCAA National Committee, NCAA Site Rep, tournament director or NCAA championships staff will review, based on the applicable administrative policies, an incident that constitutes failure to adhere to policies and procedures or misconduct. Any situation that is deemed unethical will be reviewed by the committee and is subject to reprimand and/or fine.
5. The NWCA OPC System on TrackWrestling Web site assigns a point value that correlates to the wrestlers rank and calculates a total. (The highest and lowest rankings are thrown out for this calculation.) The program will then automatically calculate the seeds. These rankings will then be used by the coaches in the regional seeding meeting to determine final seeds.
6. The regional host institution will select a moderator to run the seeding meeting. This moderator's main duty is to facilitate the meeting in an orderly fashion and to make sure the rules that the NCAA Committee has established for the seeding are followed.
7. The seeding meeting will start with the 125-pound weight class and end with the heavyweight class. Only ONE coach per institution can talk and vote in the seeding meeting and it must be the same coach throughout the entire meeting. Any voting at the seeding meetings will be done by hand count. A seeded wrestler may not be pulled from being seeded.
8. There may be discussion on seeds that are within 10 points of each other starting with the top seed and working down to the next seed in that order. If a wrestler successfully challenges another then the wrestler seeded below (newly seeded after challenge) the wrestler that just lost the challenge cannot be jumped if he is over 10 points (Example, Wrestler A has 80 points,

wrestler B has 75 points and wrestler C has 69 points, if wrestler B challenges wrestler A and is successful then Wrestler C cannot challenge wrestler B even though he is within 10 points because the new seeding and Wrestler A is over the 10 point threshold). Each coach has two minutes to state their case for their respected wrestler (which for challenges may include previous years accomplishments) followed by 30 seconds for a rebuttal for that wrestler.

9. Replacements may be made up until the time that the seeding meeting begins. Any replacements after the initial entry deadline of Monday, February 18 at noon will be unseeded.
