Introduction

On behalf of the Division II Wrestling Committee, thank you for being an important part of the 2020 Division II Wrestling Championships.

The purpose of this manual is to provide direction and guidance to the member institution and/or sponsoring agencies serving as hosts for the 2020 NCAA Division II Wrestling Championships. It is requested that each tournament director, upon completion of the championships, include suggested revisions in this material and return it to the national office. Please feel free to write on this copy. The suggestions provided by you will enable the NCAA Division II Wrestling Committee to improve the wrestling championships administration.

Should questions or problems arise, please do not hesitate to contact the NCAA national office or the chair of the NCAA Division II Wrestling Committee.

In the event differences arise between the information contained in this manual and the 2020 NCAA Division II Wrestling Championships Pre-Championship Manual, the Pre-Championship Manual should be followed.

Tournament Director. This individual shall be the director of athletics/commissioner of the host Institution/conference and shall maintain ultimate responsibility for the local operation of the event. Bid proposals from prospective host institutions/conferences shall be authorized by the tournament director.

Tournament Manager. The tournament director shall appoint a knowledgeable person, preferably with experience in tournament administration and game management, to serve in this position. The function of the tournament manager is to ensure that the policies of the committee are applied. Specific responsibilities may include direction and supervision of facility arrangements, ticket sales, and development of participant information, security, lodging, transportation, promotions, financial administration and adherence to the policies outlined in the NCAA operations manual for hosts.

The tournament manager will also provide the NCAA with a post-championship evaluation including suggestions for future conduct of the championship.

Media Coordinator. The media coordinator, preferably the sports information director of the host institution/conference, shall work with the NCAA media coordinator or championships manager to ensure that the committee's policies regarding media are applied. Responsibilities may include planning and supervision of media work areas, coordination of all news conferences, statistical services and communications.

Mission Statement

The NCAA and the Division II Wrestling Committee strive to give our student-athletes the best championships experience possible by providing them an opportunity to compete on a national stage. This environment shall foster good sportsmanship and integrity. Our hope is that the student-athletes, coaches, medical personnel, media, wrestling fans, and local organizing committee members have a treasured experience – one which will last a lifetime!

Awards.

MTM, Inc., the NCAA national office awards supplier, will send official NCAA awards to the tournament manager approximately two weeks prior to the championship. (*Provide detail inventory*). When the awards arrive the tournament manager should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be retaped, closed and secured in a limited-access area.

No additional awards, unless otherwise approved by the championships manager, should be presented to the student-athletes and coaches of the participating teams.

Participation awards are permissible (one per participant) as long as they meet the conditions outlined in Bylaws 16.1.4.2 and 16.1.4.3 and **are provided by the NCAA selected student-athlete participation awards licensee**. The NCAA championships and alliances group will be responsible for selecting the participation awards that will be provided. The NCAA championship administrator will work with the participating institutions regarding delivery of mementos after championship competition. Participant awards will not be distributed at the site of the championship(s).

An institution whose student-athletes receive individual awards for its team's performance may purchase an unlimited number of commemorative awards, which are different than the participant awards. All awards must be ordered through the Association's national office. Only official NCAA awards may be presented at the site of an NCAA championship. "At the site" is intended to include from the time access to the site is available to the spectators until all patrons have left the facility or area for the competition. No restriction is intended on awards presented at banquets or meetings held in conjunction with the championships.

Recognition or appreciation awards may be presented to individuals or organizations which all contributed to the development and/or management of the event. Any such presentation must be separate from, and cannot occur, in sequence with the presentation of the official NCAA championship awards.

Awards Ceremonies.

Opening Ceremony

The opening ceremony (Grand March) at the finals site should be as impressive as possible. The host institution will arrange for the grand marshal and award presenters to be present. The host institution should make arrangement to have marching music available for the ceremony, where all participating institutions will be introduced.

Parade of All-Americans

Please review APPENDIX C for full directions involving the Parade of All-Americans.

Awards Presentation

The awards ceremony is an integral part of the championships. An awards stand is necessary and should be constructed in the event a stand is not available. The most common problem

encountered with an awards stand is that it is too small. No specific dimensions are suggested as they may vary with its location, the facility, etc. The cost of this stand is the responsibility of the host institution. Each position – one through eight – is to be identified. Awards are given to first through eighth places.

The awards will be presented by individuals designated by the host and approved by the Division II Wrestling Committee. The announcer will be given a brief biographical sketch prepared by the host institution's media coordinator for each award presenter that is announced at the time this person is introduced as the presenter. Please see APPENDIX C for full information regarding the awards ceremony.

Elite 90.

The NCAA Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The Elite 90 award is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships. Award winners must meet certain criteria including being a sophomore or above, participating in their sport for at least two years at their school, being an active member of their team, and being a designated member of the squad size at their championship. The member institution is responsible for submitting its student-athlete who has the highest GPA and meets all other requirements. Mark Bedics and the NCAA academic and membership affairs staff will determine the winner of this award for each championship and provide the name of the recipient to the NCAA championships manager as well as the local host shortly before the championship begins. The winner's name should not be released to the public until after they are publicly recognized. If appropriate, the championships manager can share the information with the coach of the winning student-athlete to make sure of that person's attendance. However, they should not inform the student-athlete. Mr. Bedics or another member of the NCAA media coordination staff will typically send a template of a release and the logo to the sports information director of the winner's institution the morning of the announcement to allow them time to prepare. In addition, the information will be given to the NCAA social media staff in order for them to prepare a graphic which will post shortly after the announcement.

Each championship should provide an appropriate forum to adequately recognize and celebrate this award winner among their peers and fans of the championship. In addition, information about this award winner may be included in local press releases about the championship and in public address and/or video board announcements during the championship.

Participant Awards.

Preliminary Rounds

Due to the financial burden on a host institution, to be consistent with NCAA policy, and to provide each student-athlete participating in NCAA preliminary-round competition the same experience, banquets and mementos will NOT be permitted at preliminary rounds.

Finals

Participation awards are permissible (one per participant) as long as they meet the conditions

outlined in Bylaws 16.1.4.2 and 16.1.4.3 and are provided by the NCAA selected student-athlete participation awards licensee. The NCAA championships and alliances group will be responsible for selecting the participation awards that will be provided. The NCAA championship administrator will work with the participating institutions regarding delivery of mementos after championship competition. Participant awards will not be distributed at the site of the championship(s).

SECTION 2– Banquets

The committee has determined that if there is no banquet held all teams should receive a gift card for the local grocery store. At check-in, each coach should be provided with a gift card for the value of \$30 times the number of student-athletes that qualified from the team.

A hospitality room is normally set up for the coaches of the participating teams. In addition, due to the large number of “volunteers,” often food is provided for another hospitality room along with soda (Coke products only) and snacks for the volunteers.

SECTION 3 – Broadcasting/Internet

Please the Broadcast Services section of the NCAA website at <https://www.ncaa.com/media-center/broadcast-services>.

SECTION 4 – Commercialism/Contributors

Space Requirements.

Activation of Corporate Champion and Corporate Partner Program. The NCAA may request/require that certain areas of the competition site be made available for use by NCAA Corporate Champions or Corporate Partners (CC/Ps) for the purpose of marketing/promotional events/activities. If such requests are made, the host institution will provide requested space or similar accommodations.

Local Organizing Committee Hospitality. If approved by the NCAA, the Local Organizing Committee (LOC) has the option to host specified events during the championship. Commercial identification of any kind at any LOC function is prohibited unless specifically approved by the NCAA. The NCAA must approve all uses of NCAA logos, names, or other graphics (including school logos). The LOC shall submit detailed proposals (e.g. location, date, time, food and beverage, entertainment, budget), to the NCAA for review and approval at least 60 days in advance of the event. Any such events conducted are conducted at the LOC’s expense.

Other Functions. To enhance the experience for participating institutions, fans, and alumni during NCAA championships, the NCAA (in conjunction with a third-party agency) may facilitate an official hospitality program in or outside of the competition site.

Premiums Guidelines.

Competition venue shall provide to the NCAA a set of guidelines, similar to those outlined below, that identify items that are not permitted in the venue no fewer than 120 days prior to the first NCAA championship related event. The NCAA will then utilize and share that information with its NCAA Corporate Champions and Corporate Partners.

Laser Pointers. Laser pointers of any kind.

Noisemakers. Artificial noisemakers of any kind including but not limited to, air horns, electronic instruments, inflatable noisemakers, etc. are not permissible. Facility personnel are responsible for confiscating prohibited items at the entrance points or removing such items from the facility. Megaphones may be used for voice amplification, but they shall not be used as a distraction.

Promotional Items. Promotional items (e.g., cups, shakers, flags, etc.) with commercial slogans or identification are not allowed on the premises. Items such as newspapers, handbills, flyers, memorabilia, t-shirts, caps, etc., except products sold/distributed by the NCAA or its agents, may not be distributed on the premises.

Signs, Flags, Banners. Large signs, flags or banners are not permissible. It is the facility personnel's responsibility to confiscate all prohibited articles. Items that can be held by one individual, reflect good sportsmanship and do not block the view of other ticketed patrons may be permitted. In no case may a sign, flag or banner be affixed to the facility.

Video Camera/Still Camera Policies. Ticketed patrons shall not bring video equipment into the facility on game days. Still cameras with a lens no longer than four inches are permissible on any day.

NCAA Corporate Champion and Corporate Partner Program.

The NCAA Corporate Champions and Corporate Partners Program (i.e., corporate sponsors of the NCAA), managed by the NCAA along with Turner and CBS Sports, authorizes the exclusive rights to license NCAA trademarks, tickets and taglines in commercial promotions with respect to the NCAA championships.

The host shall not solicit or permit involvement by any corporations or entities whose products may be in competition with any of the NCAA corporate champions or corporate partners. All proposed commercial involvement must receive prior approval of the NCAA.

NCAA Corporate Champions and Corporate Partners are dedicated to emphasizing the role of athletics in higher education, support all 90 NCAA Championships and are granted a wide variety of benefits, including certain category exclusivity around use of NCAA logos, trademarks, designations and championship tickets.

[NCAA Corporate Champions & Partners](#)

Local Contributor Program.

Currently, local non-CCP corporate entities are not permitted to utilize the NCAA's registered marks, logos, tickets, name or references to the championship in a promotional/commercial manner. If a host institution/conference has an interest in using value-in-kind contributors, the contributor plan must be approved in advance by the NCAA Corporate Relationships staff. The LOC is permitted to involve a local contributor in the championship only as a sponsor of LOC activities or as a ticket package purchaser (pending NCAA approval of said local entities and approval of the arrangement).

Local contributors may only be referred to as "local contributors of the LOC". Local contributors may not use the word "official", "official sponsor of", or "corporate champion/partner" in any manner. Local contributors will not receive any in-venue or on-site recognition/branding/exposure, with the exception of small signage in private hospitality locations; in the souvenir (print or digital) game program, and/or additional digital advertisement space. In being recognized, these local contributors must be referenced as supporters of the local organizing committee, and not of the NCAA. Any recognition, branding and/or exposure creative must be submitted to the NCAA Corporate Relationships staff for review and approval.

Local contributors may be provided an opportunity to purchase an advertisement in the souvenir game program, provided the corporation is not a competitor of any NCAA Corporate Champion. All advertisements must be submitted to the NCAA Corporate Relationships staff for advance approval. As noted above, local contributors who purchase an NCAA-approved ticket package may not receive recognition of any kind without the advanced approval of the NCAA staff.

NCAA Trademarks.

NOTE: These general guidelines do not include merchandise designs. All product designs must be submitted through the NCAA's licensing program administered by The Collegiate Licensing Company. Inquiries should be directed to the NCAA licensing staff. [Click here for more information about the NCAA licensing program.](#)

1. ALL uses of NCAA trademarks or logos must be submitted to the NCAA for approval.
2. [Click here for the most current list of NCAA licensed or owned trademarks.](#)
3. Downloads of NCAA logos may be obtained through the [NCAA Digital Library](#).
4. The NCAA's position on inclusion of ® and ™ marks is first and most prominent use.

The location of the trademark and how it is used is the primary factor in determining if a trademark symbol should be included in text. If the protected logo location is prominent and the primary focus on the page or product design, an ® or ™ in the text is not necessary. However, if the logo location is placed lower on the page or is secondary to the message being delivered, an ® or ™ in the text or header (first use only) should be inserted.

In the case of NCAA Women's Final Four, an ® is required after NCAA and after Women's Final Four. The NCAA owns "NCAA" and "Women's Final Four", but "NCAA Women's Final Four" is not a registered mark in itself: NCAA® Women's Final Four®.

To further expand, if the NCAA primary logo, which displays the registered mark, is used in a prominent position; NCAA Women's Final Four would require an r-ball only after the Four because the NCAA has already been identified as a registered mark. NCAA Women's Final Four®.

5. In radio and television advertising, NCAA should only be pronounced as N-C-A-A or N-C-double-A. It should not be referenced as "N-C-two-A" or in any other fashion.
6. Official names cannot be changed or abbreviated unless specifically trademarked (Final 4, F4).
7. There may be no registration of or use of NCAA marks within Internet domain names unless advance approval from the NCAA is secured and ownership of the URL is maintained by the NCAA. Such use of NCAA marks in Internet directories is prohibited; however, members may use an NCAA mark within a member URL, provided such NCAA mark does not appear in the domain name portion of the URL. By way of example, members may use the following URL: www.memberx.edu/ncaa.

Identification of commercially-named venues on NCAA materials

- For the purposes of providing information about and promoting the location of an NCAA championship, the venue/competition site of any round of NCAA championships can be printed, in text-only, on any and all pertinent materials bearing NCAA marks (subject to NCAA approval of the graphics).
- The logo of a commercially-named venue cannot be used on any materials bearing NCAA logos or trademarks.
- The venue's name and information (without use of logos) will also be included on the dedicated website that the NCAA will provide to sell tickets.

NCAA logo use by commercially-named venues

For the purposes of providing information about and promoting the sale of NCAA tickets, the venue/competition site of any round of NCAA championships is permitted to display (subject to NCAA approval of the graphics) the championship site-specific logo as recognition of the event being held in its facility. The NCAA logo must be in the form of a link to a dedicated web page that will be established and/or assigned by the NCAA championship administrator to sell the NCAA tickets.

The following conditions apply to this NCAA logo use:

- The NCAA championship site-specific logo can be used by the venue to communicate the NCAA event as one of the variety of upcoming events at the facility. The NCAA logo must be used only once and only as a part of a group of other logos of events being held at the venue.
- The one-time logo use is limited to the site's "home web page" or "event web page".
- The NCAA logo must be placed in a location on the venue's web page so that there is clear and defined separation between the NCAA logo and any other commercial logos (including that of the commercially-named venue). [This is because NCAA Corporate Champions/Corporate Partners and CBS/ESPN have graphic exclusivity in the use of NCAA logos and marks.] Logos of the venue's or the website's advertisers/sponsors may be used on the home/event web page even with the NCAA's championship site-specific logo on the same page if those commercial entities are clearly separated from the NCAA logo (e.g., are on a different colored background and are located at the bottom of the website page).
- The venue is not permitted to claim to be "the home", a host or co-host of any session of the NCAA championship.
- The logo provided by the NCAA championship staff cannot be modified in any way.
- ALL uses of NCAA logos must be submitted to the NCAA staff for approval.

NCAA trademarked protection language:

NCAA trademarks benefit from consistent "source identification" to the public through basic legal language attributing ownership.

The legal statement should be used on "printed" materials of all types for all NCAA trademarks, except where there is agreement by key staff stakeholders that aesthetic or space limitations prevent legal language. The legal statement is NOT required when the NCAA blue disk or the word NCAA is used alone and part of NCAA-produced materials without any of the conditions below.

- Printed items that display logos of other business entities/organizations (i.e., corporate champions/corporate partners, network partners, official suppliers, official licensees, local organizing committees and NCAA members).
- Printed items that are produced to be "used" by other business entities/organizations including NCAA members and host institutions.
- Printed items produced for advertisement/promotional purposes (i.e., magazine and newspaper ads, NCAA souvenir publication ads, posters, newsletters.)

The NCAA requires protection language as outlined below. This does not have to be prominently displayed language and is expected to be included as some form of "mouse print".

The examples below are written only to represent the most typical examples. If you are unsure of exact wording for a specific example, please contact Durenka Robie at drobie@ncaa.org or 317-917-6825.

For blue disc and/or secondary (word) mark, please use:

- NCAA is a trademark of the National Collegiate Athletic Association.

For blue disc/secondary marks plus another NCAA trademark, please use (for example):

- NCAA and March Madness are trademarks of the National Collegiate Athletic Association.
- NCAA, NCAA Sweet Sixteen and Road to the Final Four are trademarks of the National Collegiate Athletic Association.

For Blue Disc/Secondary marks plus another NCAA trademark used with other authorized business entities, please use (for example):

- The NCAA, March Madness, Men's Final Four and Women's Final Four are trademarks owned by the National Collegiate Athletic Association. All other licenses or trademarks are property of their respective holders.

NCAA Licensed Trademarks:

College World Series and Women's College World Series: The NCAA is the exclusive licensee of these marks, registered by Major League Baseball, in connection with the NCAA Division I Men's Baseball Championship and the Division I Women's Softball Championship.

All other licenses or trademarks are property of their respective holders.

Official Championships/Licensee Suppliers

The NCAA licensing program is designed to ensure the quality and consistency of all of the NCAA's Championship Event merchandise, protect the intellectual property of the NCAA and our member schools, and generate revenue to enhance programs that support NCAA student-athletes.

Any premiums and/or other merchandise that bear NCAA Marks, Brackets, Taglines or other NCAA references must be produced by an official NCAA Licensee or NCAA Official Equipment Supplier. There may be royalties or other related costs associated with such items. If the NCAA is unable to identify a current NCAA Licensee or NCAA Official Equipment Supplier to provide a

specific piece of merchandise, the NCAA will work to sublicense (on a short-term basis) a company that can provide the specific item.

For a list of NCAA licensees and official equipment suppliers, (<http://www.ncaa.org/championships/marketing?division=d1>).

Advertising/Signs/Look and Décor.

Advertising/Banners/Signs/Displays. The host shall not permit advertising, marketing identification, banners, signs or displays of any kind to be hung, posted or displayed anywhere within the general public seating/viewing area of the competition, practice and/or ancillary event venue(s) (i.e., any place that can be seen from the playing surface or seats), including the scoreboard and the playing surface prior to or during the conduct of the championships, other than NCAA, media partner or NCAA corporate champion/partner branding/recognition (e.g., signage, banners, scoreboards, LED scorer's table, video board, ribbon board, PA announcements) approved by the NCAA. For more information on the NCAA Corporate Champions and Partners program, please see page 30). Any permanently-affixed (or previously leased) advertising banners, signs, cup holders, select equipment bearing corporate marks (e.g. TV's, computer monitors, stats monitors or displays), product/exhibit displays (e.g. car displays, branding exhibits/kiosks, etc.) shall be covered with décor elements or other NCAA directed elements by the competition, practice and/or ancillary event venue(s) and at the expense of the venue(s) as specified by the NCAA, including costs of production and installation and strike. Similarly, for any surrounding areas/facilities that are to be used by the NCAA for official events, no advertising, marketing, identification, banners, signs, decals, sampling, distribution or displays of any kind shall be hung, posted or displayed anywhere within those areas unless authorized by the NCAA. All professional signage/marks/pennants/banners/retired numbers/etc. may continue to be displayed. NCAA staff representatives have the discretion, during their site visit or when on-site in advance of the tournament, to have the building staff remove a sign/banner. Collegiate championship banners or those with retired numbers of collegiate performers can remain. All usage of marks must follow NCAA brand guidelines and must be approved by NCAA staff in advance.

Alcohol/Tobacco/Gambling. All alcohol, tobacco and gambling advertisements/corporate identification within broadcast view or viewable by game attendees in the competition venue bowl must be covered at the expense of the host or venue. Any alcohol, tobacco or gambling advertising that is deemed by the NCAA as not viewable from within the bowl does not need to be covered, whether in the concourse or in ancillary venues. All other advertisements/corporate identification in the noted areas must, at a minimum, not be backlit unless otherwise authorized by the NCAA. This would apply to preliminary rounds and the championship rounds for all the NCAA's 90 championships.

External Signs. All exterior venue corporate signage, other than professional franchise identification, must be covered as specified by the NCAA and must be covered with décor elements as specified by the NCAA at the expense of the competition, practice and/or ancillary event venue(s).

Commercially-Named Venues. Commercially-named competition, practice and/or ancillary event venue(s) may display no more than two pre-existing interior signs consisting only of the

competition, practice and/or ancillary event venue(s)' name at the top of the venue, with placement designated by the NCAA. The competition, practice and ancillary event venue(s) signage design and placement must be approved by the NCAA. If the commercially-named competition, practice and/or ancillary event venue(s) is an existing NCAA Corporate Champion or Corporate Partner, the NCAA, in its sole discretion, may allow additional branding of the commercially-named venue(s).

Covering existing signage/product branding. In regard to any signage that is to be covered in accordance with these bid specifications, the practice, competition and/or ancillary event venue(s) shall not limit or prohibit the ability of the NCAA to use signage or other elements of its own third-party designees in covering such existing signage/product branding.

NCAA Corporate Champion and Partner Branding/Recognition. The NCAA shall have the right to display branding/recognition (e.g., signage, banners, scorer's table, video board, ribbon board, PA announcements, inflatables, projections, kiosks, decals, window clings, lighting, street teams, logos, etc.) for the Association, its corporate champions & partners and media partners inside and outside of the competition, practice and/or ancillary event venue(s). These locations, include but are not limited to the concourse, within the competition bowl and venue exterior without limitation.

The NCAA shall provide the competition venue with the appropriate stickers/field stencils for the approved playing surface markings for the championship.

If facility approves, patrons are permitted to bring in small signs (signs which can easily be held by one person and cannot block the view of anyone seated around them), as long as any writing or slogans on them are in good taste. In addition, it is permissible for patrons to bring in non-noise-making items (in compliance with NCAA and facility premium guidelines) as long as they do not include any (non-CCP) commercial identification.

At no charge, the NCAA will have full access to, and control of, any and all LED and other digital signage inventory, both internal and external to the competition venue. This includes TV monitors, video screens, video walls, LED fascia, and all external signage, digital or otherwise. This includes any and all digital inventory to be made available at the time of the championship, inclusive of any inventory that may be added by the venue after this bid document is signed.

SECTION 5 – Critical Incident Response/Emergency Plan

Preparation.

The facility liaison and NCAA staff shall review with the local law-enforcement agencies their procedures for circumstances requiring emergency evacuation of the facility or interruption of the tournament/championship. Facility management is reminded of its responsibility to provide sufficient security and/or law-enforcement personnel to ensure that access to the competition and surrounding areas is restricted to wrestlers and credentialed individuals.

Each host will be asked to provide the following:

- Develop contact lists.
 - NCAA.
 - Local authorities and critical incident response team.
 - Review emergency protocol prior to the start of the event.
 - Identify chain of authority.
 - Incident Commander (second in command).
 - Decision-making personnel/team.
 - Identify incident command center.
 - Identify incident communication plan.
 - Review evacuation plan – Review plan with facility manager.
 - Review emergency response plan for typical emergencies.
 - Review emergency response plan for national disasters.
 - Review emergency response plan for terrorists' actions.
- In the event of a critical incident, contact the NCAA championship manager immediately before any decisions are made.

Interruption of Match. The officials have the authority to interrupt the match. If the match is interrupted because of events beyond the control of the committee, it shall be continued from the point of interruption at a time determined by the committee. If necessary, the remaining schedule of matches also shall be adjusted by the games committee. The committee should review the following procedures for interruption of a match:

Scorer's Table. Assure that the match clock and score are accurately recorded.

Officials. Assure that the officials know the exact match situation when play was halted.

Student-Athletes and Coaches. These individuals should proceed to the bench area or, upon instruction from the NCAA staff or committee members, retire to the locker rooms or outside the building to await further instructions.

Power Source/Public Address. Facility management should protect the power source and the public-address system. If an alternate public-address location is available (i.e., away from the competition area) it should be used so communication is not interrupted.

Responsibility. Building security and/or law-enforcement personnel shall be responsible for the restoration of order in the event unauthorized individuals occupy the competition area or if play is otherwise disrupted. The NCAA suggests that law-enforcement personnel attempt to communicate with the leaders of the group occupying the competition area (if applicable) to ascertain whether the situation can be rectified in the short term. Under no circumstances are wrestlers, coaches, officials or NCAA representatives to become involved in the removal of such persons.

Communication. A senior member of the facility management and the senior law-enforcement officer at the site must proceed immediately to the scorers' table with means of portable communication to and from other facility staff and security officers. The public-address announcer should keep spectators informed of the conditions, if possible. Teams and game officials must be kept informed throughout the delay.

Meeting. The committee chair, NCAA staff and game-management staff (facility manager, game management liaison and senior law-enforcement officer) should assemble immediately at the scorer's table to assess the situation.

Normal Conditions. The committee shall determine when conditions have returned to normal.

Resumption of Play. As soon as possible, play shall be resumed from the point of suspension. The games committee shall determine the revised schedule after consultation with the committee. If possible, the contest should be resumed in the primary facility. If necessary, the games committee has the authority to limit attendance to credentialed individuals, those on each institution's pass list; other individuals designated by each institution's director of athletics and required facility operations personnel. Also, the games committee has the authority to reschedule the match or session in a nearby facility (e.g., on campus or elsewhere in the city,) provided the alternate facility meets the provisions of NCAA playing rules.

Spokesperson. The committee chair or his or her designee, working with the facility management, the NCAA and, when appropriate, city, county, state and federal law-enforcement agencies, will serve as spokesperson in the event of an emergency.

SECTION 6 – Drug Testing

The NCAA is dedicated to fair and equitable competition throughout each round of NCAA championships and strongly supports the drug-testing program established by its membership, to safeguard the health and safety of the participating student-athletes.

Drug-Testing Expenses.

The NCAA Championship Drug Testing Proposed Budget should be completed and submitted to Drug Free Sport, International (Drug Free Sport), before the start of competition, if drug testing will occur at the site. The host institution shall submit the NCAA Drug-Testing Invoice upon completion of the championship for expenses related to drug testing. Receipts must accompany the invoice to receive reimbursement. The proposed budget and invoice are located in the championship site coordinator manual.

NEW: Any collection, administrative and laboratory fees for drug tests (as requested by institutions or championship officials) that are not included in the approved championships drug testing plan will be invoiced to the institution.

Facility Specifications.

Individual-Team Championships. Hosts must identify a room where drug testing will be conducted. The area must have controlled access. Only those authorized by the DCO will be allowed in the area. The room must accommodate the drug-testing crew and selected student-athletes. Fully equipped restrooms must be adjacent to or in close proximity to the testing room. Separate restroom facilities are required if the championship includes both genders. These restrooms must be secure and only available for drug-testing use.

Host Notification.

Drug-testing information must be kept confidential and provided only on a “need-to-know” basis. If testing is to be conducted at the site, the tournament manager and site coordinator will be contacted by Drug Free Sport.

Individual-Team Championships. The tournament manager and site coordinator will be notified no earlier than 30 days before the start of the competition as to whether testing will be conducted.

Media Obligations.

Individual-Team Championships. At individual/team championships, student-athletes who are selected for drug testing must fulfill all media obligations before reporting to the drug-testing venue.

Participant Notification.

Championship management staff is not permitted to make any announcement in advance or otherwise as to whether or not drug testing will be conducted at its championship site. All coaches and student-athletes should presume that post-event NCAA drug testing will occur at the championship event.

Individual-Team Championships. Couriers will notify student-athletes of their selection for drug testing.

Seating.

At team championships, escorts and the drug-testing crew may sit in the non-playing participant or overflow media seating areas on the days when testing occurs.

Site Coordinator’s Responsibilities (Host).

The tournament manager is responsible for designating an individual, who has no other responsibilities in conjunction with the championship, to serve as the site coordinator for drug testing. This individual will work closely with Drug Free Sport and the DCO. The site coordinator’s responsibilities are outlined completely in the site coordinator’s manual.

- **Confidentiality.** Keep testing information confidential at all times.
- **Contact Information (team championships).** The site coordinator will provide official travel party roster and the team drug-testing representative’s contact information to the DCO.

- **Couriers (individual-team championship).** The host will provide couriers to notify student-athletes of their selection for drug testing immediately after the event for which they were selected. The courier must stay with and accompany the student-athlete to the drug-testing area within 60 minutes of notification, unless directed otherwise by the DCO.
- **Championships Drug-Testing Site Coordinator Manual.** The Championship Drug-Testing Site Coordinator Manual is available on the NCAA website at www.ncaa.org/drugtesting.
- **Escorts (team championships).** Two individuals (one per team) shall be assigned to serve as escorts for each game in which drug testing will occur. These individuals shall escort selected student-athletes and an institutional representative from the locker room to the drug-testing area.
- **Fluids.** A sufficient supply of individual cans or bottles of non-alcoholic and non-caffeinated fluids (e.g., bottled water, fluid replacement drinks) shall be available for distribution in the drug-testing area to student-athletes, as designated in the site coordinator's manual. These supplies should be obtained from the supply of beverages provided by the NCAA.
- **Meeting with Tournament Manager.** The site coordinator will meet with the tournament manager to discuss duties and budget development.
- **Second Meeting.** A second meeting shall be scheduled with the tournament manager after the host receives confirmation that testing will take place at a site. If testing will be conducted at the site, the coordinator shall:
 - **Assistance.** Assist the DCO during testing as directed.
 - **Confirmation.** Confirm receipt of the NCAA drug-testing notification memorandum.
 - **Credentials.** Ensure that the host issues All Access credentials and parking passes for the drug-testing crew and other necessary drug-testing personnel. Credentials should not reference drug-testing, doping control, etc. If an affiliation must be listed on the credential, "Games Management" is preferred.
 - **Doping Control Officer.** Contact the Doping Control Officer (DCO) assigned to the site to discuss logistics.
 - **Meet with Doping Control Officer.** Meet with the Doping Control Officer the day prior to the scheduled testing date.
 - **Plans.** Meet with the tournament manager to finalize plans.
 - **Invoice.** Submit drug-testing invoice (with receipts) to Drug Free Sport within 45 days after the championship.
 - **Transportation.** Pre-arrange for transportation for student-athletes to and from the competition venue to the drug-testing area and back to the sports venue or team hotel, should transportation become necessary.

- **Transportation/Lodging (drug-testing crew).** The drug-testing crew is responsible for arranging their own transportation and lodging but may request the assistance of the site coordinator.

SECTION 7– Facility, Equipment & Space Requirements

Control Center.

In the event the facility is not large enough for effective voice communication to be practical, telephone or hand radios must be provided for the members of the games committee and national office representative(s) as well as communication devices with each mat and the media area.

It is suggested that plans be made in the early stages to ensure the traffic flow and communications. Plans must be submitted to the wrestling committee chair and the NCAA championships sport manager no later than six months prior to the championships.

Final Stage.

For the finals session, a raised platform (maximum height of four feet) measuring a minimum of 56' x 56". The staging used for this platform should have a black surface covered with black carpet and black skirting. At least one set of stairs should be attached with a preference of two sets. In addition, one coaches' corner should have green carpet, while the other should have red carpet. Seating for table workers and select staff should be just off the mat area. It is ideal if the stage is between 12"- 24" in height.

Public Address Announcer.

Public address announcers are important to the administration and conduct of the competition. Their role is to inform the spectators about the action taking place at all times and to stimulate and maintain interest in the event. Announcers should not call undue attention to themselves and they should never act as cheerleaders for a team or student-athlete. Below are basic instructions for public address announcers at NCAA championships. The NCAA will provide an announcer, but a back-up announcer must be provided by the host institution. Please review this material with the public-address announcer prior to the start of the championships:

- The following statement is to be read prior to each session:

"The NCAA promotes good sportsmanship by student-athletes, coaches and spectators. We request your cooperation by supporting the participants and officials in a positive manner. Profanity, racial or sexist comments, or other intimidating actions directed at officials, student-athletes, coaches or team representatives will not be tolerated and are grounds for removal from the site of competition. Also, consumption or possession of alcoholic beverages is prohibited."
- Good communication with those in charge with the administration of the competition is imperative. For example, the announcer may be asked to make announcements regarding

crowd control or other administrative functions, such as advising fans of exits, first-aid stations and protection of the competition area.

- If the competition is televised, the television coordinator should meet with the public-address announcer prior to the competition to review various details, including coordination of the national anthem, announcement of participants or the actual start of the competition. In all cases, the coordinator should be seated near the public-address announcer in a position to have constant communication with the announcer.
- If debris is thrown onto the competition area or other incidents interfere with the conduct of the competition, the announcer may be directed to inform the spectators as to why the competition was stopped and to request their help in restoring the proper conditions.
- All emergency calls and announcements must be approved by the NCAA championships manager or the chair of the NCAA wrestling committee.

It is important that there are two microphones at the head table. Each should be independently powered with an off/on switch. In the past, two announcers with distinctly different voice inflections have been used. The different voices assist the wrestlers and spectators in understanding announcements. One individual should announce the bouts on deck. The NCAA provides the primary announcer for the competition.

Neutrality.

Host institutions should keep in mind that an NCAA event is not a home event. Neutrality is important; therefore, such items as the use of wrestlers on programs and host institutional signage should not be used to create a "home" atmosphere. Traditional prematch or between-match activities are not permissible (e.g. tossing items to the crowd, permitting mascots to lead "trains" through the stands, etc.)

Alcoholic Beverages.

Unless expressly permitted in writing by the NCAA (subject to the applicable legislative and/or policy changes at the NCAA), no alcoholic beverages or nonalcoholic beer may be sold or dispensed for consumption in the competition venue from the time the doors open until 90 minutes after the conclusion of the games and practices, nor shall any such beverages be brought to the competition venue during the championship (i.e., during the period from the time access is available to spectators until all patrons have left the competition venue or area used for competition) unless otherwise approved by the NCAA.

If permitted by private lease agreement, alcoholic beverages may be consumed inside the private suites, subject to the host's, venue's, and/or concessionaire's compliance with certain insurance and indemnification requirements imposed by the NCAA. However, alcoholic beverages may not be delivered to private viewing suites on the dates of NCAA practice or competition. Additionally, it is not permissible for alcoholic beverages to be distributed or consumed in the competition venue outside the private viewing suites unless otherwise approved by the NCAA.

Americans with Disabilities Act.

The Americans with Disabilities Act requires that public establishments offer equal access and services to people who are physically and mentally challenged. The host institution/conference is required to confirm that each facility in which an NCAA championship or ancillary event occurs is in compliance with the Act by the various facilities hosting NCAA championship events. The host institution/conference is responsible for determining if the competition site will be in compliance as of the dates of the championship. If the host institution/conference becomes aware that a competition site hosting an NCAA championship event will not be in compliance, it shall immediately notify the NCAA national office staff member with responsibility for the event in order to discuss the issue.

Concessions.

Food and beverage prices shall be no higher than similar events or primary tenants in the facility.

Vending. No food, beverage or merchandise, of any nature, may be vended or dispensed in the seating areas. During competition, selling is restricted to the arena concourse and established selling locations.

Competition Floor.

Mats. For the championships, six mats will be provided by Resilite. Arrangements for the championships finals mat will be made from the national office with copies of all correspondence sent to the host institution. There is no charge for the use of these competition mats.

Other mats for the work-out and warm-up areas can be borrowed from local high schools/providers if needed. These arrangements are made by the host institution. It would be ideal if Resilite mats could be borrowed for these areas. Check with the NCAA in regard to any other mats that Resilite may be able to provide.

The mats should arrive no later than Monday or Tuesday of the week of the championships and be available for use on Wednesday morning. Individuals must be available to unload and load the mats.

Floor Set-Up.

A suggested floor arrangement can be found in APPENDIX C. Each mat must have the following items:

- Skirted table with championships banner.
- Chairs (six/seven per table, six coaches chairs per mat-side – three red, three green). Typically, the NCAA has secured special corner chairs.
- Decorated swatters (towel tappers).
- Ankle bands—two red, two green.
- Pencils/pens.
- Flags or equivalent.
- Towels for cleaning mats.
- Mat tape.
- Spit boxes.
- Emergency hand times (stop watches).

- Main scoreboard clock on corner of each mat with power leading to the clock.
- Corner protectors.

Brackets and Wall Charts.

The brackets are supplied by an NCAA vendor. The print on the brackets are subject to approval of the NCAA national office. The bracket provider will have 10 wall charts framed. These will be given to the champion in each weight class. If the vendor is not on site, then they will ship directly to the student-athlete's institution.

Decorating and Advertising.

Banners inside facility. The following banners are permissible inside the facility:

- ESPN Banners (two)
- NCAA Radio Banners (one) *(These may be used to cover non permissible signage.)*
- NCAA Banner

Covering. The facility shall not permit any advertising banners, signs or displays of any kind to be hung, posted or displayed anywhere within the seating area (i.e. any place that can be seen from the playing court or seats), including the scoreboard, during the championship session or practices, other than NCAA, ESPN and radio banners, as specified by the NCAA. No local /school radio banners are allowed.

Institutional Signage. Institutional signage does not need to be covered. Championship banner may remain if permanent (not hung seasonally). If temporary and hung on a seasonal basis, they must be taken down.

Directional Signs. Directional signs should be posted in all areas used by the participants and the media.

Video Boards and Electronic Messages. No electronic board advertising of any kind or messages promoting non-NCAA events in the facility may be displayed during practice or competition. The following kinds of messages are permissible: announcements of results from other NCAA competition; reminders that NCAA merchandise and concessions are on sale on the concourse; or any public-services announcements or promotional messages specifically provided by the NCAA. The NCAA will provide programming upon request (regionals and finals).

Table Banner (generic for regionals and site-specific finals). The NCAA will provide one banner for the scorer's table and one for the press tables. The NCAA staff will consult with the tournament manager to determine the dimensions for the banners. No other ornamentation or signage is allowed on the scorer's table. Cover the scorer's table with bunting or other appropriate material if the banner does not cover the entire table.

Scoreboards.

Mat Scoreboard (finals site). Six mat scoreboards are required plus one backup in case of mechanical failure. The scoreboards should all be in place by Monday the week of the championships. Personnel should test each scoreboard and be certain sufficient electrical power

is available at each mat to operate the scoreboards. Mat protection should be provided. All scoreboards are provided by Track Wrestling.

Team Scoreboard (finals site). The team scores of the top 10 or 20 teams should be made visible throughout the championships for the spectators, coaches and participants. This may be displayed on a large scoreboard with rotating information and scores or using an overhead electrical scoreboard. This is at the discretion of the host institution.

Hydration.

A letter from the NCAA office outlining the specific amounts will be sent to the tournament manager. You will be asked to inventory the amount of product that is left over after the championship(s). The national office will provide a form and a reminder letter. It is important that you are as accurate as possible on your count, so that we may ensure that future championships are receiving adequate amounts of bottled water and POWERADE equipment.

If you would like to purchase additional product or soft drinks and are a Coke pour institution, please use the relationship you have with your local bottler. You do not need to contact the NCAA national office regarding additional product. Please note that this amount is to be listed on your final financial report. If you are a Pepsi pour school and would like the opportunity to purchase product, please contact Ryan Tressel for the appropriate forms and guidelines. If you are purchasing small quantities of product, you should check your local grocer, as these prices may be better than what the Coke local bottler can offer. This information is also outlined in Appendix F.

If you have any questions regarding any of this information, please contact Ryan Tressel (317-917-6316; rtressel@ncaa.org).

Computer.

The computer should be set up at the head table. The NCAA has partnered with a company to provide this equipment for the finals site. The computer terminal may be tied into the master-computer through the telephone wires. The computer should be operable no later than Monday the week of the championships. Immediately after a weight class has completed the medical/skin check, the computer operator will run the brackets for each weight class. One copy will be photocopied for distribution to the coaches (approximately 100). Information will be fed into the computer throughout the championships. Trackwrestling will handle all aspects in regard to the computer.

Each bout is scored electronically through the matside computer. The advancement points, place points and additional points based on the bout results are computed and saved. In addition, bout winners and losers are posted to their next bout, or potential next bout in the brackets.

Because the bout numbers assigned are predetermined for use by the computer program, it is imperative that extreme care and accuracy be used in making up the bout sheet.

- a. Reports. The program will prepare a session results report showing any section of the bracketing by weight at any desired point. This report contains the latest available

information in the computer. It has match (bout) number, contestant, school, won or lost, how they won, regulation match score, overtime match score, time, team points and penalty points.

Another report is the quarterfinal results, which shows who the semifinalist defeated, what match it was and what the person's next match number is in the championships. This report can be run as needed, by weight.

A team results report can be printed when desired which shows all schools in alphabetical order, the total team points earned, points by weight and the presence of a contestant or not at each weight.

In addition, another report is available when desired, showing total team points earned by an institution. The teams are listed in descending point total order. Tied schools are listed alphabetically within score. The division and the institution are also listed.

All reports printed contain the date and time of day listed.

- b. Bout (or Match) Number Assignment. Each bout number in the bracket has two slots for contestants, the top slot is referred to as the (A) slot, the bottom slot is the (B) slot. The slot a contestant is put in for a bout must be done with care. In all listings of bouts, the top man is always the (A) slot.

All "bye" bouts are to be assigned a bout number, (except pig-tail byes in a championship and consolation round) and an official score sheet must be prepared and turned into the head table.

An attached sheet called the "Key to Match Numbers..." indicates the starting match number assigned to each bout for every level of competition. We recommend the bout sheets be pre-numbered with an automatic numbering stamp, the weight identified and then the bout sheets are bundled and labeled by level of competition until the contestants are known. Preferably the (A) slot contestant be entered in the red area of the bout sheet, but this is not essential.

Facility Use.

The facility shall be reserved for the exclusive use of the NCAA beginning at 8 a.m. two days (ONE DAY FOR PRELIMINARY ROUNDS) before the competition through the conclusion of the final match (i.e., Tuesday through Saturday). All space shall be available, and the facility set up no later than 1 1/2 hours prior to the beginning of the first practice.

NCAA Space Requirements.

Entrances. Entrances must be staffed by an adequate number of persons. Signage should be posted to clearly identify all entrances (i.e., media, player-ticket and band/spirit squad).

Player-Guest Entrance. A gate must be identified to admit patrons holding player-guest tickets.

Team Personnel Entrance. An entrance, near the locker rooms, must be identified for all student-athletes and coaches.

Locker Rooms. If applicable, make locker assignments for all participating wrestlers/student-athletes. If locker facilities or a sufficient number are not available, this information should also be communicated to the coaches.

Arrangements must be made for the student-athletes to dress in the facility. A separate locker room accommodating 14 referees must be available in the arena. It is important that this area is private and secure. Towels and refreshments should be available for the referees in the locker room.

Security. Security personnel should be stationed at the door of each locker room (competition days only) after accompanying the teams and officials from the court.

Supplies. Each locker room must be clean and adequately supplied with towels, toilet paper, water and ice, soft drinks (Coke products), and marker boards, markers and erasers for all practices and matches. The committee will inspect the locker rooms prior to the first practice.

Signs. Signs should be posted to identify the teams' and officials' locker rooms.

Media Areas. The areas used for the media workroom and the post-match interviews should be near one another and to the locker rooms in order to facilitate the media's work and access for coaches and wrestlers. There needs to be adequate distance between the interview area and competition floor to ensure interviews can be conducted without interruption. The workroom and interview room must be separate rooms (e.g., not one room divided by a curtain). Neither should be adjacent to the hospitality area.

Workroom. The media workroom should be equipped with an adequate number of internet lines, telephones, electrical outlets and other necessary supplies. NCAA logos should be displayed appropriately.

Refreshment Area. A refreshment area should be set up adjacent to or in the media workroom to accommodate the working press throughout open practices and competition. Only NCAA, Dasani and/or generic drinking cups (devoid of commercial identification) should be used in the refreshment area.

Post-Match Interview Room. The post-match interview room should be "dressed" appropriately to reflect the prestige of the event by (a) placing NCAA championship signage and logos on the podium and walls; (b) using draping on tables and other areas as necessary; (c) setting up a platform for the interviewees and moderator; (d) providing a riser for photographers and cameramen at the back of the room; and (e) providing a sound system.

Backdrop (Finals only): The NCAA will provide a back-drop with the NCAA logos to be hung behind the podium.

Holding Area. An area adjacent to the interview room shall be designated as a holding area for wrestlers waiting to be interviewed. It should be situated so wrestlers do not have to walk through the actual interview room to reach the holding area. Chairs and water should be provided so wrestlers are able to wait comfortably.

Access/Security. A security officer should be stationed outside the media workroom and post-match interview room to check credentials; this individual should be instructed that only credentialed individuals may enter the area. Match officials specifically are prohibited from this area.

NCAA Committee/Games Committee Meeting Room. Room should be large enough to accommodate six people comfortably. This area needs to be close to the competition floor and not visible to the public.

Player Warm-Up/Work-Out Area. A workout area large enough to accommodate two 42' x 42' mats must be available for the participants. Many host institutions will use the existing wrestling room which has been sufficient in the past. However, it is preferred that an area large enough to accommodate the mats that are provided. The workout area must have a means of heat control and heated to no more than 80 degrees Fahrenheit.

A warm-up area must be available for the student athletes. This area must be close to the competition area and be equipped with speakers to hear the announcer. One mat would be sufficient for this warm-up area. It is used for the student-athletes to rest or stretch prior to competition.

Scales/Weigh-In.

- a. Medical/Skin Checks. Physicians (a minimum of one dermatologist) and athletics trainers will check for skin problems per the championships handbook. Committee members will assign individuals to check for conformance with the grooming rule and fingernail rule. Medical/skin checks begin precisely 15 minutes prior to weigh-ins on each day of competition, and all competitors must be present by this time. Male student-athletes are required to wear shorts during examinations.
- b. Weigh-In for All Contestants. Weigh-ins will begin two hours prior to the official match on the first day of competition, and an hour prior to competition for the subsequent day. Student-athletes should be lined up by order of competition beginning with 125 pounds. They will be called to the scale one at a time and weighed in by committee members. Names must be checked off on an official weigh-in sheet. Once student-athletes report to the weigh-in area and line-up at the designated time they must remain in the area and in line.

Contestants should line up alphabetically by school in weight class groups and stand behind a roped-off scale area.

- (1) No student-athlete may weigh-in without skin check verification.

- (2) All personnel other than the NCAA staff, the Division II wrestling committee and the wrestlers weighing-in must remain outside of the roped area.
- (3) Student-athletes have one opportunity to step on each available scale. Weigh-ins will end after the heavyweight weight class.
- (4) Weigh-in results are to be reported as soon as possible for verification.
- (5) Scales will be available up to 10 minutes prior to opening of scales for the official weigh-ins.

Responsibilities of Weigh-In Coordinator

- (1) Contact venue personnel and make sure scales are available beginning Tuesday.
 - (2) Contact committee members when they arrive to find out their assignments for skin checks and medical weigh ins.
 - (3) Contact medical and athletic training personnel at the host institution to ensure doctors and trainers will be on hand for Thursday medical/skin checks and that the dermatologist and trainers will also be available for medical/skin checks prior to the Friday and Saturday morning weigh-ins.
 - (4) Check with arena personnel to make certain scales are certified and a scale technician will be on hand.
 - (5) Make sure all supplies are secured for weigh-ins.
- c. Research. The NCAA may conduct research on weight management issues in conjunction with the weigh-ins.
- d. Certified Scales. Arrangements for the championships finals scales will be made from the national office with copies of all correspondence sent to the host institution. A minimum of seven scales will be shipped to the site of the Division II Championships by Tanita, Inc. There is no charge for the use of the scales.
- e. Equipment necessary:
- Clip boards.
 - Pens.
 - Minimum of seven certified scales (to be provided by Tanita, Inc.).
 - Public Address system.
 - Two hand radios. (If deemed necessary)
 - Weigh-in sheets.

f. Personnel necessary:

- One athletic trainer for each scale.
- One member of the NCAA Division II Wrestling Committee for each scale.
- Weigh-in coordinator (NCAA Division II Wrestling Committee member).
- Scale technician. (Tanita can provide contact information for local person if needed)
- Dermatologist (same one for both days).

Official Scorer's (Head) Table.

An elevated platform accommodating two announcers, matchmaker, statistician, assistant scorer, the head table director, the computer operator, the Division II Wrestling Committee and NCAA staff must be provided.

The elevated platform should be in the arena with direct access to the floor. The head table, along with the control center, is the heart of the NCAA Division II Wrestling Championships.

The scorer's table should accommodate at least 12 personnel (preliminary rounds) or 25 (finals). Typically, media is also located here which would increase space to 40-50 people.

Signage. No ornamentation or signage is allowed on the scorer's table. Cover the scorer's table with bunting or other appropriate material if the banner does not cover the entire table. The walkway behind the scorer's table should be roped off to preclude spectators from access, if possible.

Parking.

There should be enough parking spaces adjacent to the arena for the committee, team personnel, match officials, NCAA staff and media. In addition, designate an area for team buses to drop off and pick up passengers.

Videotaping.

An area should be designated from which each team may videotape if it wishes to do so. Each participating team is automatically authorized to videotape their respective matches; it is not necessary to sign any authorization form. Please provide adequate space for four cameras (max 1 per institution) and personnel. A team may not video tape from the coach's corner.

SECTION 8– Financial Administration

Audit.

Sites will be randomly selected for financial and box office audits following the championship. The NCAA will make every effort to notify sites selected for audits within 30 days after the submission of financial reports but reserves the right to audit a site up to one year after the championship. Receipts, facility settlements, expense reimbursements and honorariums are subject to change until the audits are reviewed and accepted by the NCAA. If selected for audit, the following documentation will be requested: box office audit reports or sales summaries; ticket purchase invoices or statements; unsold tickets; invoices, contracts or timesheets

supporting all expenses; general ledger; bank statements; check copies and reconciliations; and competition venue rental agreement. The documentation should support all information reported on the host financial report.

Approval of the Budget.

As part of the site-selection process, each prospective host must submit a proposed budget for approval by the NCAA. All receipts and expenses associated with the conduct of the championship competition shall be included in the proposed budget. This includes lodging expenses for officials and site representatives, if applicable. The proposed budget must be submitted and approved by the NCAA prior to the first date of competition of the championship. Additionally, best efforts should be made by the host to reasonably forecast expected ticket sales from the given championship.

The host institution is responsible for adhering to championship expenses as approved by the NCAA, including (but not limited to) competition site rental, maintenance, insurance, printing of tickets, ushers, maintenance personnel, ticket sellers, ticket takers, minor officials, police and security, promotion, publicity, advertising, meetings, banquets, medical staff. Other expenses not included in the original proposed budget must be approved in advance by the NCAA.

It is also incumbent upon the host to understand and remit all necessary taxes related to the sale of tickets to the given championship for sales made by both the NCAA and the host at their given state and locality. All consideration must be given by the host for certain relief of taxes with respect to the NCAA's not for profit status under 501(c)3 of the Internal Revenue Code. Additionally, certain championships may be required to provide an outside letter of attestation speaking to their tax status provided by an outside CPA/accounting firm.

Committee Expenses.

The host institution will be responsible for the committee's lodging expenses. The proposed budget/financial report is available on the NCAA website at: [here](#)

Deadline.

The host institution must file, within 60 days after the competition, the "Financial Report" section of the proposed budget/financial report form. The Division II Wrestling committee may assess a financial penalty against the host institution for failure to submit the financial report within 60 days after the conclusion of the competition. Your timely cooperation will be greatly appreciated. The proposed budget/financial report is available on the NCAA Website at the link in the above paragraph.

Drug-Testing Expenses.

The budget for drug testing expenses should only be completed and returned to Drug Free Sport if the host has been notified that drug testing will occur. The drug-testing budget and expenses are separate from the financial report form. The drug-testing budget form is an appendix in the [drug testing manual](#) (NCAA.org/Student-Athlete Programs/Health and Safety).

Lodging Expenses.

Game Officials. Room and tax shall be direct billed to the host institution and be reimbursed via

the final financial report. Officials will be responsible for their own incidentals.

NCAA Affiliates. Will be responsible for their expenses.

NCAA Staff. Will be responsible for their expenses.

NCAA Representative/Wrestling Committee. Room and tax shall be direct billed to the host institution and be reimbursed via the final financial report. Committee members/NCAA rep will be responsible for their incidentals.

Participants.

The NCAA will reimburse the competing institutions for transportation and per diem expenses in accordance with the appropriate NCAA policies. The competing teams shall be responsible for their local transportation, unless otherwise allowed under NCAA policy. Once the championship is completed, participating institutions should submit [online expense forms via the Travel Expense System \(TES\)](#) to the travel group at the NCAA national office within 30 days of the competition. Please note that if you host a championship, the submission of per diem and/or transportation reimbursement is a separate process and submission from completing the host budgeting and approval process defined above.

SECTION 9– Game Management

Handbook and Season Record Forms.

Correspondence will be sent by the national office to NCAA member institutions sponsoring wrestling as a varsity sport to explain the season record form and give examples. As was the case last year, this form will need to be completed by each institution online at www.trackwrestling.com. The 2020 NCAA Division II Wrestling [Pre-Championships Manual](#) will be available on the NCAA website in January.

Forms.

1. Replacement Policy. Qualifying tournament personnel must submit the names of the individuals who have qualified for the championships before the established deadlines. Only those individuals listed on the qualifiers list for the respective national championships will be allowed to compete. Replacements on the list are permitted until noon Tuesday, March 10 Eastern time. Replacements must be the next best wrestler from the qualifying tournament, at the weight class in which the replacement is required. As such, it is imperative that qualifying tournaments list the fourth-place finishers in each weight class. There will be NO replacements after the established deadline for the respective tournament.
2. Registration - Packet Information. The host institution is responsible to establish an area in the facility for registration. The confirmation requires each institution to indicate the student-athletes that are in attendance. The registration desk should be open no earlier than Wednesday, March 11, from 3- 8 p.m. and Thursday, March 12, from 8 a.m. to 7 p.m. (During Festival years the times may be different).

A list with all entrants (team roster) is to be made by the host institution.

Upon arrival at the championships site, the head coach or the appointed institutional representative must officially register and verify the entry of the student-athlete(s) of his institution. The coach must verify the entries, individual records and collect registration materials. An appropriate receipt form must be signed by the entry of the team as listed on the entry list and the correct number of credentials. A separate registration station must be established to handle medical personnel and credentialing.

The packet given to each institution upon registration should contain the following:

- Participant credentials;
- Coaches credentials;
- Parking passes (if necessary);
- Mementos, provided by the host; (finals only)
- Medical information;
- Schedule of events;
- Locker room assignments and/or directions;
- Area maps; and
- Other information the host feels is necessary for a smooth administration of the championships.

Advance Mailings by Host Institution.

All meet informational mailings must be approved by the national office; therefore, early and advance preparation is necessary. Do **NOT** distribute any materials without sending a draft to the national office for approval.

Please note that each participating institution is responsible for its meal arrangements. In the event there is not an adequate number of eating facilities in the immediate vicinity where teams are lodged, consideration should be given for special arrangements through the campus or hotel restaurants.

Games Committee.

The games committee, which is in place to supervise the conduct of championships, shall be comprised of the four active members of the NCAA Division II Wrestling Committee in addition to the director of athletics of the host institution, or a designated representative.

Appeals.

The NCAA Division II Championships Committee will not consider any appeal from the decision of a governing sports committee or subcommittee designated by it, during the conduct of an NCAA championship or 48 hours immediately preceding the beginning of a championship. During such a period, the governing sports committee, or a subcommittee designated by it, shall be the final authority in acting upon protests concerning the conduct of the championships, subject to the provision of NCAA Bylaw 31.1.1.2 pertaining to individual eligibility questions.

In addition, the Division II Championships Committee will not consider an appeal from the decision of a governing sports committee, or a subcommittee designated by it, concerning selection of teams or individuals or their assignment in championships competition.

Tournament Manager.

The host institution shall appoint a tournament manager. This individual shall be responsible for conducting the business details according to the adopted administrative policies and procedures for NCAA championships or any additional directions provided by the NCAA Wrestling Committee or its representatives.

The tournament manager must be identified early, preferably with the bidding to host the championships. This will enable communication to be established with the national office and Division II wrestling committee members.

The tournament manager may serve solely in this capacity at the scorer's table; he or she may not also serve as scoreboard operator, timer, public-address announcer, etc. This is to ensure that he or she can oversee all aspects of the competition and be readily accessible to the committee liaisons.

Each tournament manager MUST:

- Forward to the national office prior to distribution copies of all material to be sent to NCAA member institutions regarding the championships;
- Arrange a meeting of coaches prior to the start of the completion to discuss all items pertinent to the event;
- Obtain the services of a qualified physician to attend all times during the actual competition;
- Obtain adequate security at the site;
- Obtain physician(s) and dermatologist(s) and at least five certified athletic trainers to attend the medical/skin checks on Thursday. The dermatologist and athletic trainers must also be available during weigh-ins on Friday and Saturday mornings in case a wrestler needs to be re-evaluated;
- Arrange appropriate awards ceremony;
- Assist competing institutions in securing adequate lodging;
- Obtain the services of qualified, certified athletic trainers to attend all times during practice sessions, competition, weigh-ins, etc.

It is recommended each meet or tournament manager assist competing institutions in making local transportation arrangements.

Runner/Scorers/Timers.

All championships must have an adequate number of knowledgeable individuals to assist in the conduct of the championships. It is the tournament manager's responsibility to seek out these individuals to assist in the conduct of the championships. Expenses for these individuals are included in game expenses.

Each mat should have a scorer to keep score on the bout sheets and a timer to work the automatic mat scoreboard. These individuals must have wrestling knowledge. In the past, local wrestling officials have been used.

The tournament manager should arrange a meeting with the above personnel to review their responsibilities (proper method of scorekeeping and instructions in the use of the clocks). This meeting will be conducted by TrackWrestling.

A shirt may be given to all runners, timers, scorers and workers for floor identification. *Any shirt purchased for use by officials and workers must be from one of the NCAA licensees.

SECTION 10 – Lodging

The host institution is responsible for reserving hotel accommodations for (a) the participating teams; (b) match officials; and (c) NCAA committee, media and the drug-testing crew (the headquarters hotel).

Drug-Testing Crew.

The host institution will reserve four rooms for members of the drug-testing crew at the headquarters hotel.

Match Officials'/NCAA Representatives' Hotel.

The NCAA will contract but the tournament manager will arrange for the officials', NCAA committee, NCAA staff, and/or representative's hotel room (22 rooms) and tax to be master billed to the institution. This should be included on the financial report form. Officials are responsible for their incidental charges.

Team Hotels.

Approximately 210-225 non-smoking rooms shall be reserved for the participants at a special rate for the finals site. For super regional sites, rooms should be held in advance by the tournament manager beginning for the night prior to the practice day. The tournament manager will recommend team hotels of comparable quality, rates and proximity to the facility. Hotels should be as close to the facility as possible, but not be more than 30 minutes from the facility.

SECTION 11 – Meetings/Schedule of Events

Officials Meeting.

The head referee will meet with all referees on Thursday evening for an interpretation meeting and to view the NCAA rules and updates.

Games Committee Meetings.

A separate and secure room or area will be necessary for the games committee to meet. There are times during the championships the games committee will be required to meet to make decisions. This area should be close to the head table and away from the press, public and coaches.

Schedule of Events.

See APPENDIX D for a tentative Schedule of Events.

SECTION 12 – Media Services

Broadcasting/Internet.

Please log on to <http://www.ncaa.com/media> for information regarding broadcast/internet rights.

Championship Records.

NCAA championship records are available in PDF format at NCAA.org - <https://www.ncaa.org/championships/statistics/ncaa-records-books>. If you have trouble accessing the information, please contact a member of the NCAA media coordination and statistics staff.

Credentials.

All media credentials are authorized and issued by the host or NCAA media coordinator. The NCAA provides credentials for all final championship sites and selected preliminary rounds sites. Hosts should contact the NCAA media coordinator or championships administrator to confirm who will produce credentials for preliminary.

Credential Qualification and Acceptance

Final-Round Site - Approximately one month before the start of final site competition, the site media coordinator should send credential application information to media representatives who regularly cover intercollegiate athletics in their markets. The information should direct media to ncaa.com/media, which includes credential application instructions, credential criteria and links to the NCAA media policies. The site media coordinator will approve or deny all credential requests in the online credentialing system (Sport Systems) There will be training sessions for any SID who doesn't know how to use the system. The system will notify via email all media members who apply for credentials whether their request has been granted or denied. If a media member is granted a credential, the site media coordinator is responsible for sending that

member of the media information regarding game times, press conference schedules, credential pickup times and location, parking and any other pertinent information.

Preliminary-Round Site – Preliminary-round/site media coordinators should send a credential request form to members of the local media to determine who will be covering the event.

** Working credentials will not be mailed. The media coordinator should issue credentials individually at an appropriate site at the venue or at the designated headquarters hotel. A government-issued photo ID is required to pick up credentials. Credentials are non-transferable and will only be issued to the person whose name appears on the credential. Credential pickup for others is not allowed.

Credential Boards

The NCAA will provide credential boards to all final sites. These are to advise security personnel at the competition venue which credentials are allowed into which parts of the venue. For credentials that are not allowed into a specific area, use a black marker to cross out the credentials not permitted.

Floor Control of Credentials.

This area is important for the successful conduct of the NCAA Division II Wrestling Championships. Access to and from the wrestling area requires careful planning and close attention to detail. However, security presents as much of a problem as too little or an overabundance of security.

Working credentials must be provided to bona fide personnel, media representatives and participating credentials must be provided to student-athletes competing in the championships, as well as their coaches, athletic trainer/physician, managers and other members of the participating institution's official travel party as defined by the Association. The following policy shall determine the number of participant credentials provided:

<u>Team Qualifiers</u>	<u>Number of Credentials</u>
1 to 3	2
4 to 7	3
8 to 10	4

In addition to the above, one credential per institution will be available to the institution's authorized athletic trainer and/or physician accompanying the team. Also, teams not receiving four credentials can purchase extra credentials, so they have a team maximum of four. Teams that qualify for four credentials can purchase a fifth one. All credentials must be used by coaches. Improper use of credentials will result in revocation of the credential and possible ejection from the building.

Coaches will pick up all credentials at registration and distribute to team personnel, except for the medical credential(s) which must be picked up by authorized medical personnel from the institution. All credentials must be prepared by the host institution.

In addition to the wrestlers, only three other representatives per institution (e.g., coach, assistant

coach, athletic trainer/physician, etc.) will be allowed on mat side. There are no exceptions to this policy. Therefore, only six chairs are required at mat side. Three chairs in one corner, three chairs in the other corner (at the finals site during the finals matches an extra chair will be put out for a total of four chairs in each corner). Also, photographer areas should be established at each mat. For the finals a fourth chair can be added for an additional coach.

Final Results Books and Statistics.

The final results book for team championships should include, at a minimum, final statistics and results as well as a quote sheet from at least the two head coaches (inclusion of at least one student-athlete per team is preferred). For individual/team championships, the media coordinator should include quotes from at least any individual champion(s) as well as from the head coach of the team champion, if applicable. It is preferred to also include quotes from a student-athlete of the team champion and the head coach of the second-place team. The final book also may include a cover sheet, recap, postgame notes, and/or a play-by-play summary. The host institution shall provide complete statistics of all NCAA championships competition.

Internet Policy.

The NCAA website, NCAA.com, serves as the official online resource for NCAA championships.

The NCAA and its partners own the Internet rights to all of its 90 championship events. Rights include live statistics, video and audio streaming, electronic commerce, and post-event footage use. The NCAA and its partners own all game action, practice footage, press conferences, one-on-one interviews or any other content on the NCAA website.

Internet Live Statistics

The NCAA reserves the right to deny permission to produce live statistics for NCAA championship play. In the event the NCAA takes on the responsibility of producing a live statistical representation from an NCAA championship event, no other entity will be permitted to do so. Live statistics are considered a protected right as part of a bundled rights agreement, referenced above. For clarification purposes, a live statistical representation includes play-by-play, score updates, shot charts, updated box scores, photos with captions, etc.

In the event the NCAA does not produce live statistics for a specific championship, the host institution is given priority to produce exclusive live statistics. The host institution will be given the same exclusivities the NCAA would reserve for its rights holder in such an instance. Once it is determined that neither the NCAA nor the host institution plan to exercise their exclusive rights, the ability to produce live statistics will be granted – on a non-exclusive basis – to each participating school. A “participating school” is defined as a school playing in the same event at a specific site.

In each case, no commercial advertising is permitted within the live statistics window, unless permission is specifically granted by the NCAA. Any questions pertaining to live statistics should be sent to Nate Flannery, NCAA director of digital and social media (nflannery@ncaa.org).

Media Guides and Postseason Guides.

The NCAA or host media coordinator should notify each school that qualifies for the championship how many media guides and/or postseason guides should be sent to the championship site. The media coordinator should provide an overnight address where the schools can send the information (their office or the facility) and a deadline as to when it should arrive. Consider security when selecting the location where these materials will be shipped.

News Film and Mini-Cams.

Please visit <http://www.ncaa.com/media> for updated information related to television, video and ENG policies.

Officiating Questions.

If it is deemed necessary to get an interpretation from an official regarding a specific play or occurrence during a contest, a “pool reporter” shall be named by the NCAA media coordinator or championships staff member, or in the absence of one, the host media coordinator. Interpretations are not given if the situation in question is a judgment call.

The pool reporter shall accompany a member of the sport committee to the official’s locker room to receive an interpretation in order to enhance the public’s understanding of activities that occurred during the contest.

In most cases, the head official will provide the interpretation on behalf of the officiating crew. In the instances in which a playing-rules liaison, secretary-rules editor or the coordinator of officials is onsite, they are able to answer the questions instead.

The host or NCAA media coordinator will be responsible for disseminating the information to the rest of the media present. In most cases, the media coordinator should designate either the reporter from the Associated Press or the local newspaper as the pool reporter.

Personnel.

Each media coordinator is responsible for organizing workers to assist in the media operations of the championship. It is important to remind volunteers that they may see very little of the championship competition because of their responsibilities and the NCAA cannot pay any expenses. All volunteers should be a minimum of 16 years or older. It is preferred that all media coordination volunteers have experience with media relations or championships.

The number of workers will depend upon the media demand for the games at the site. Communication with the participating SIDs and the media coordinator’s knowledge of the area media will help with advance planning.

The following is a basic list of duties for volunteers (if applicable):

- Copy Machine Personnel – Photocopies materials (stats, notes, quotes, etc.).
- Credential Distribution – Pass out credentials to the media; check government-issued photo ID.
- External PA - Announcer for fans.
- Internal PA – Announcer for the media.

- Locker Room Attendant – Person to identify when the locker room is open and closed to the media.
- Mixed Zone Coordinator – Coordinates interviews in the mixed zone in events such as track and field and swimming and diving. Depending on the number of participants, this individual may need several assistants.
- Note Takers – Compiles worthy notes during and after the game or day.
- Photo Marshall - Makes sure photographers stay in appropriate places. Hands out photo armbands, if necessary.
- Press Conference Moderator - Introduces players and coach; directs questions from media.
- Quote Takers – Records postgame quotes from the press conference. A minimum of one person should be designated to take quotes for each team. They should get quotes from the head coaches and student-athletes.
- Results Disseminator – Transmits stats, notes, quotes, through appropriate delivery means (e-mail, fax, etc.).
- Runner(s) – Distributes photocopied materials (stats, notes, quotes, etc.).
- Spotter - Helps the official scorer identify assists and any other assistance for official scorer.
- Stat Crew – Records the official stats.
- Team Escorts – People to escort the coaches and student-athletes to the postgame press conference.

Photographer.

Commercial use of any still photographs is prohibited unless permission is obtained from the NCAA. Specific areas will be designated for photographers, and these areas will be limited by priority and space.

Photography Area Policies.

The media coordinator shall be prepared to designate “photographer positions,” should media requests warrant it. “Prime” positions should be rotated among members of the media. All special requests (i.e., placing a remote camera on the backboard) must be approved by NCAA staff or site representatives.

Television/Radio.

For all information pertaining to broadcasting and media integration, radio and Internet, please access the NCAA Broadcasting Manual on the NCAA website at www.ncaa.com/media.

Hospitality.

Media hospitality is strongly encouraged, and media coordinators are responsible for coordinating media hospitality functions. Accordingly, disbursements for these items shall be guided by the budget that was originally submitted by the tournament manager and approved by the committee. Budgets cannot be changed without the prior approval of the committee.

Programs.

All digital programs can be located at - <http://www.ncaa.com/gameprograms>.

Radio/Internet Audio Coverage.

Radio broadcast rights and made-for Internet audio at any NCAA championship may take place only through advance written request and permission of the NCAA media services group. (Refer to <http://www.ncaa.com/media>.)

All stations broadcasting any round of an NCAA championship shall be required to fill out the NCAA Championship Radio/Internet Streaming form online. To access the form, log onto NCAA.com/media then click "2019-20 Audio Policy."

Scout Video Coordinator.

A scout video coordinator is permitted to film the game from an upper video position. A credential also may be issued to a team videographer. The scout video coordinator will receive a media credential and may only film the game of the team represented by the video coordinator. Representatives of participating institutions may record the network telecast of any game at the site, using a video distribution outlet in the video distribution area. The institution must provide its own recording equipment.

Seat Assignments.

Media coordinators should provide preferred seat locations for media agencies that regularly staff games played by the participating and host institutions.

Security.

Security personnel should be instructed to protect the working media areas and interview area, especially before and after each game, and to limit access in all restricted areas to individuals wearing credentials.

Statistics Reporting to the NCAA.

Each host should make sure the XML file for each contest is uploaded into the NCAA system. On the final day, the e-mail should include the all-tournament and Most Outstanding Player selections.

The host sports information director, media coordinator or designee is responsible for reporting official championship results to the Association's website, www.NCAA.com. At the conclusion of each championship contest or session (preliminary rounds and finals), please forward information that specifies the division, sport, round, date and official results, and provide a brief game/event summary.

Institutions should send all information as follows:

- E-mail the information to ncaa-content@turner.com
- Specify the division, sport, round and region in the subject area
- Paste the text (official results, including date of competition, round, etc.) directly into the message box
- Attach HTML box score, if available

Internet.

Wireless Internet access must be available at all championship rounds for media use. The host institution may NOT assess an additional “hookup fee” to any media agency. Any wireless charges should be charged to the host or reflected in the proposed budget.

Television.

If an NCAA championship is to be televised, the media coordinator will be notified by the NCAA championships liaison or NCAA media coordinator. This person will relay any needs specific to television, such as power, press row space, etc., to the host media coordinator. Information about NCAA broadcasts can be found online at <http://www.ncaa.com/media>.

Webcasting.

For final sites of all non-televised championships, NCAA.com will provide live streaming of the contest. For all other non-televised rounds, the NCAA encourages all hosting institutions to provide a live webcast.

(Note: The NCAA strongly encourages hosts that webcast during the regular season to webcast all rounds hosted at the site.).

Apply for NCAA Internet streaming rights online at <http://www.ncaa.com/rights-request>. Questions about Internet streaming can be directed to Nate Flannery (phone 317-917-6523; nflannery@ncaa.org).

Live Scoring.

Refer to the NCAA Broadcast Manual.

News Conferences.

The media coordinator shall have the authority to designate and require any student-athlete to attend a post-match news conference and/or those scheduled before any round of competition in the national championship. Each participating institution shall make wrestlers available at all scheduled news conferences.

Parking.

Media parking is desired, but the host must make this decision. If media parking is limited, “carpools” should be encouraged to permit the greatest use of the parking area. It is the responsibility of the media coordinator to design and print parking passes, if necessary.

Postmatch Interviews.

All coaches and student-athletes must be made available for post-competition interviews following a 10-minute “cooling off” period.

Press conferences are scheduled for the convenience of the media representatives, the coaches and the student-athletes representing the participating institutions throughout the championships. They are designed to provide the media with championships information

required for thorough coverage and to limit the time demands placed upon the coaches and student-athletes.

The coach and designated student-athletes shall join the media in the interview room, on request, should the student-athlete's performance merit.

Security.

Security personnel should be instructed to protect the press conferences and working press areas, especially before and after each match, and to limit access in all restricted areas to individuals wearing credentials. It is incumbent on the media coordinator to emphasize the necessity to protect the mat side media areas from the fans, and to encourage the security supervisor to designate additional personnel to staff this area before and after each match.

Strobe Lights.

Hand-carried strobes are not permitted in the facility.

Microphones/Cameras.

The placement of microphones or cameras on or near a coach or in the team huddles or bench areas for television, radio or motion pictures is prohibited in all NCAA championships.

Internet Policy.

The guidelines for championship websites created by host institutions and/or sponsoring agencies must be designed to ensure compliance with the Association's advertising and local corporate involvement policies and all contractual obligations to the Association's official championship Website, www.ncaa.com/media.

Video (Mat-Side) Camera Operation Tips

Quality mat-side video camera operation is essential. This is the official tournament video. It is also recommended that the camera operators are dressed appropriately (collared shirt and khaki pants).

- Be sure the video is inserted, and the camera lens is off.
- Be sure the video is turned on.
- Be sure to take footage of the scoreboard prior to the start of the match to include bout number. (unless computer system is integrated in video)
- Keep the zoom on the camera adjusted in order to be able to comfortably keep all wrestling action in view and the bodies of both wrestlers in the frame. If the wrestling action is near the cameras and moving across the mat the zoom should be pulled back to a wider view. If the action is more stationary the zoom should be pushed in closer to frame the wrestlers as close as possible, but all the wrestlers' bodies should still be able to be seen in the frame.
- It is critical that the camera moves right and left as wrestling moves right and left. The camera operator cannot lose concentration and fail to move the camera to keep all wrestling action properly framed at all times.
- In between periods and during some other breaks in action the camera should pan to the scoreboard to record a short amount of footage of the score and time. At no time should this interfere with the recording of the actual live wrestling action. The video camera

operator should also record some short footage of the scoreboard after the match prior to the wrestlers being cleared from the mat and prior to the scoreboard being cleared. This footage would also include the bout number.

- Start the videotape recording well prior to the start of the first whistle. Do not turn the camera off except during long timeouts. If the camera is turned off during a timeout in a match, the camera operator must remember to turn the camera recording on well prior to the official blowing the whistle to restart the match. This assures that the beginning of any starts is part of the recording.
- When turning the video recording off during long time outs or at the conclusion of the match, be sure to continue to record for approximately five seconds after the last segment you wish to record. At the conclusion of the match be sure and record the wrestlers shaking hands and record the referee raising the hand of the winning wrestler. Continue to record at least five seconds after that time. This assures that the important segments and memories are not recorded over in subsequent video recordings. During the later rounds (semifinals and finals) the camera operator may even consider keeping the recording live after the match in order to capture some of the celebration with the wrestler and coach. Again, the video operator should also be sure to record some footage of the scoreboard at the conclusion of the match to reflect the final score.
- Stay alert.
- The scoreboard operators need to be sure to not clear the scoreboard too soon after the match so that video footage can be taken of the scoreboard after the match. Someone from the table can communicate directly with the camera operator to “clear” the scoreboard.
- The assistant referee must remember to keep from blocking the line of sight of the camera if at all possible. Marking an “X” on the mat near the boundary line may help this.

Working Press Room.

The media coordinator is responsible for the working pressroom at the arena.

Equipment. It is desirable to have wireless and hard wired internet capabilities at all workspaces for media (press row and work room).

Individual Telephones. Individual media representatives may order telephones at the media outlet’s expense. Media coordinators shall coordinate these orders according to host institution/conference or facility policy.

SID Needs. The media coordinator shall contact each SID representing a participating team at the site and request a shipment of media guides, statistics and other updated information to place in the pressroom prior to the team’s arrival.

Copier. One photocopy machine with capabilities for reproducing statistics and other material on bond paper with a minimum per copy speed of 75 per minute. The facility will be responsible for the installation, service costs and paper for these machines for the tournament. Each machine will also include a collator and automatic stapler, with an additional collator available capable of handling 12 separate sheets of paper. There will also be provided equipment operators and technicians to be available Friday and Saturday as scheduled by the NCAA.

Telephones. At each site, telephones may be installed in the designated working pressroom at the arena as a championship expense. These phones, with direct-dial access, should be limited to credit card, toll-free or incoming calls. The media coordinator shall determine the number of telephones required by evaluating the number of press credentials. To avoid conflicts with television and radio stations that have purchased rights to broadcast, only print media may have phones installed on press row. This specifically excludes radio or television stations wishing to provide updates from the site at mat side.

Computer Ethernet. At each site there should be a minimum of 2 ethernet connections. Wireless access is also preferred along with hard wired.

Printers. At least one high-speed printer with collating and stapling capabilities shall be available in the media area.

Press Interviews/Sports Information.

1. Arrange for press interviews with participating coaches and wrestlers after the 10-minute cooling off period.
2. Set-up tables for working press. If possible, provide for strict security at press tables to permit only representatives of the news media in their area. The media workroom should be equipped with an adequate number of telephones, electrical outlets and other necessary supplies. NCAA logos should be displayed appropriately.
3. Provide a score sheet, news release and complete statistics for the media, participating institutions, conference and other officials at the conclusion of each day's competition.
4. Permission to televise any competition must be obtained in writing from the NCAA national office.
5. Place the NCAA press conference backdrop directly behind the interview table.
6. The wrestling committee shall have access to the interview area.
7. Championship websites will no longer be linked from the host's main athletic site. Each championship website will be now hosted on ncaa.com. Please send a copy of the information to be posted on the site to Matt Holmes (mholmes@ncaa.org) and (ncaa-content@turner.com). The site should be up and running by September 1. Information to be included on the website is the following:
 - Hotel accommodations
 - Directions from airports, hotels to the facility, local maps
 - Championship key contact Information
 - Ticket information
 - Participant manual
 - Results (live updates if applicable)
 - Championship bracket

- Local information – restaurants, shopping
8. The following information/results must be sent to rtressel@ncaa.org and ncaa-content@turner.com at the appropriate times throughout the championship:
 - Team scores
 - Individual results
 - Recap story (after each round)
 - Action photos
 - Individual champions
 9. Other Considerations:
 - Arrange for a press hospitality room, if feasible, with admittance only by appropriately identified personnel. The host will control the distribution of credentials to all hospitality rooms. Only NCAA, Powerade and/or generic drinking cups (devoid of commercial identification) should be used in the refreshment area.
 - Copies of the bracket shall be provided following each round to the scorers' table personnel and committee members.
 - The host facility should have the ability to provide up to five phone lines for the use of radio and internet broadcasts for the media of the participating teams.
 10. Any pre-competition press releases must be approved by the NCAA prior to posting or mailing.
 11. Press photographers and individuals who are videotaping the competition must remain in the designated photography areas.

SECTION 13– Medical Procedures

Institutions and athletics health care providers should adhere to federal, state and local regulations; NCAA bylaws and sport playing rules; and the NCAA Sports Medicine Handbook. Athletics health care providers for the student-athlete should be appointed by and should report to institution administrators who are independent from coaches (e.g., health center, campus hospital/medical center, student affairs).

Medical/Skin Check.

All student-athletes shall be examined by physicians (one of which shall be a dermatologist) for communicable diseases on each day of competition. Only official institutional representatives and participants will be admitted to the medical check area. The same dermatologist and certified athletic trainers also must be available prior to weigh-ins on Friday and Saturday morning.

Failure to receive a medical examination during the designated time will result in disqualification. The tournament physician, as designated by the host institution and the NCAA, shall examine the skin of all participants during the medical examinations. The tournament physician shall report the results of the examination to the chair of the governing sports committee or a designated

representative, who shall then be responsible for the administrative enforcement of the medical recommendation if it involves disqualification from the tournament.

Infectious skin conditions are considered cause for medical disqualification. Please see the championships handbook for specific conditions.

No student-athlete will be permitted to weigh-in until he has the medical exam.

Medical Care

Each scheduled session, practice or contest of an NCAA championship should require (1) the presence of a person qualified and delegated to render emergency care to a stricken student-athlete, preferably a team physician by phone or nearby trainer; (2) planned access to a physician, preferably a team physician by phone or nearby presence for prompt medical evaluation of the situation, if warranted; (3) planned access to a medical facility, including a plan for communication and transportation between the athletic site and the medical facility for prompt medical services, if warranted; and (4) a thorough understanding by all affected parties including the leadership of the participating teams of the personnel and the procedures involved.

Please note that for the NCAA Division II Wrestling Championships, a tournament physician and an ambulance must be on site for all scheduled competition.

The student-athlete's team physician shall examine each student-athlete injured during NCAA competition and make a recommendation to the student-athlete, the coach and the chair of the governing sports committee, or a designated representative, as to the advisability of continued participation or disqualification of the student-athlete. In the absence of said team physician, the NCAA tournament physician, as designated by the host institution, shall examine the injured student-athlete and make a recommendation as noted above. The chair of the governing sports committee, or a designated representative, shall be responsible for enforcement of the medical recommendation if it involves disqualification.

Medical Facilities.

Ambulance Service

At the NCAA's expense, an ambulance shall be provided for event participants on game days. The ambulance should be equipped with advanced life-support equipment (e.g., AED with EKG capabilities, cardio-conversion drugs, and emergency respiratory equipment).

Biohazard Cleanup

The athletic training staff shall prepare a biohazard kit to clean and manage all blood situations. Assemble and maintain supplies for cleaning and disinfection of hard surfaces contaminated by blood or OPIM. Items include personal protective equipment (PPE) (gloves, goggles, mask, fluid resistant gown if chance of splash or splatter); supply of absorbent paper towels or disposable cloths; red plastic bag with the biohazard symbol on it or other waste receptacle according to facility protocol; and properly diluted tuberculocidal disinfectant or freshly prepared bleach solution diluted (1:100 bleach/water ratio). These kits should be placed on each team's cooler cart positioned at the end of the team benches.

General Public

The facility, at its expense, must provide certified medical personnel (independent of the competition medical staff) and a first-aid room for spectators on game days.

Hospital

The host athletic trainer shall identify a hospital, in close proximity, that will be available to participating teams and shall ensure that championship participants will be provided priority care and assistance.

Participants

Athletic training facilities should adhere to local, state and federal regulations pertaining to health care facilities. An athletic training room shall be open and a certified athletic trainer (the host institution's athletic trainer) must be present for all practices and games at the facility. The training room must open a minimum of two hours before all practices and games and remain open one hour after the conclusion of all practices and games. Two physicians (general practitioner and orthopedic surgeon) must be accessible by cell phone or pager during all practices and must be on-site during all games.

Supplies

All necessary emergency equipment should be at the site or quickly accessible. Equipment should be in good operating condition, and personnel must be trained in advance to use it properly. This equipment should include, but is not limited to:

- Automated external defibrillator (AED),
- A bag-valve mask, advanced airway tools
- A spine board and other stabilization supplies for the head and neck
- Splints
 - o Immobilization splints
 - o Immobilizer/knee stabilizer
 - o Crutches
- Bleeding control materials, such as a tourniquet and large sterile dressings.
- Ice
- Blood-borne pathogen kit
- Moist hot packs
- Muscle stimulator
- Sharps kit/biohazard trash can
- Ultrasound unit
- Gurney
- First-aid equipment/athletic training supplies
- Suture materials
- Emergency eye care and dental equipment

Sports medicine providers should be trained to use emergency supplies.

Locker Rooms

The team locker rooms shall be equipped with hot hydrocollators, biohazard trash cans and sharps containers. The sports medicine staff should be prepared to assist teams with cold baths, whirlpool tubs and exercise bikes. Each locker room or team bench should be equipped with similar equipment (if applicable).

Communication

The athletic trainer and physicians should be equipped with a means of radio communication.

Teams' Physicians

Participating institutions may include team physicians on their gate list. If the physicians are not seated on the bench, the host athletic trainer should ascertain their seat locations, in case of emergency, and be prepared to escort the physician to the team locker room, if necessary. If the team physician has not been provided a credential from the team allotment, they will be provided a credential and escorted to the team locker room or athletic training room. (Refer to Section No. 15-3)

X-Ray Technicians

X-Ray equipment and technicians shall be on-site during the championship. Should the institution have equipment in close proximity to the facility (e.g., building next door), this equipment may be used with NCAA approval.

Concussions

The NCAA has adopted legislation that requires each active member institution to have a concussion management plan for its student-athletes. Participating institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions. A student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

Medical Staffing

Host Medical Staff. It is the responsibility of the host institution/conference to provide medical coverage and care for participating student-athletes. In limited-access venues, the host medical staff will assess and remove from play student-athletes with injuries. Once removed, traveling medical staffs will have access to their student-athletes.

Travel Party. Medical personnel receive credentials for the championship as part of the normal institutional travel party. It is the responsibility of the participating institution to include medical personnel in their normal credential numbers. However, institutions may elect to pay for medical staff to travel in addition to the travel party limits through institutional funds. Competition site access can be secured by acquiring session tickets through purchase or an institutional pass list.

Access. Medical staff traveling with teams will have access to their team participants through the host medical staff, should an injury occur.

Communication. Contacting the host medical staff before arriving to the championship site is recommended. On arriving, understanding competition site access during the event will help coordinate access to injured student-athletes. Typically, an access point from the stands supervised by security will allow access to student-athletes.

SECTION 14– Championship Merchandise/Licensing

Administration.

The NCAA licensing department has oversight for the event merchandising program at all rounds and sites of NCAA championships. All licensing and merchandising questions should be directed to David Clendenin (317-917-6496; dclendenin@ncaa.org).

Availability.

An online ordering system will be available to participating institutions interested in ordering Event 1, Inc., merchandise in advance of the championship. Orders will be shipped by Event 1 directly to the participating institution's campus.

General Policies.

The NCAA retains the exclusive right to sell souvenir products at all rounds and sites of the 90 National Collegiate Championships; host institutions/conferences and sponsoring agencies for all NCAA championships are required to sell items provided by the official NCAA event souvenir merchandiser. The official NCAA event souvenir merchandiser is Event 1.

Event 1, Inc. will enter into an agreement with the official vendor of the host institution/conference or sponsoring agency and will supply merchandise and inventory reconciliation forms to the official vendor. The official vendor of the host institution/conference or sponsoring agency at the site of the championship(s) is responsible for complete retail vending accountability, including full responsibility for inventory. When the requirements listed below are met, the host institution/conference will receive a 20% commission fee for providing these services. The 20% commission fee will be from net sales, which is defined as gross sales minus taxes and credit card fees. The following is a list of the requirements that must be met to qualify for the 20% commission fee:

- a. Receive and count in all merchandise upon arrival from Event 1, Inc., as well as receiving all reorders required to meet customers demand. Reorders could arrive any day of the week and could be as early as 8AM on Saturday or Sunday.
- b. Locked and supervised storage adequate to accommodate all championship merchandise
- c. Immediate notification (within 24 hours of receipt) to Event 1, Inc. of any discrepancies in initial inventory counts. Non-notification will represent host or vendor acceptance of initial inventory provided by Event 1, Inc.

- d. Total management, control, and accountability of the merchandise. If goods are lost, stolen or damaged, those goods are the responsibility of the host institution/conference or vendor.
- e. At the conclusion of the event, everything sent must be returned to Event 1 within two days of the conclusion of the event.
- f. An appropriate number of selling locations and sellers throughout the facility in order to meet the demands of the projected crowds.
- g. Selling locations that are well displayed and fully stocked prior to the public's access to them.
- h. Strict adherence to the merchandising and display standards as outlined below:
 - Merchandise made available for sale at all times during the event.
 - Each item neatly displayed with correct prices clearly marked.
 - Merchandise should be neatly folded at all times.
 - Neatly dressed personnel that are customer-oriented.
 - Skirted tables for display and checkout.
 - Display boards and grids to properly display product at all selling locations
 - Selling locations located in high traffic and easily located locations.
 - Vendor shall be responsible for hanging any display or signage material provided by concessionaire.
 - Keeping selling areas clean and neat at all times.
 - Re-stocking of back-up inventory in a fast and efficient manner.
 - Transferring merchandise between the slower and higher volume stands to meet the demands of the consumers.
 - Providing electricity and either hard internet lines or dedicated secured Wi-Fi network connection to support the merchandise sales effort at no cost.
 - Calling Event 1, Inc. to request re-orders should sales warrant.
- i. A complete inventory accounting of all merchandise sold with a final inventory count and merchandising report supplied to Event 1, Inc., no later than 24 hours after the conclusion of the event.
- j. Total gross sales revenues and a final copy of the inventory report must be sent to Event 1, Inc., within 2 business days of the conclusion of the event.
- k. The remaining inventory forwarded to Event 1, Inc., or the next event site as determined by Event 1, Inc., within two days of the conclusion.
- l. Having met each of the above requirements, Event 1, Inc. will pay to the host institution/conference, sponsoring agency or its assigned vendor, a commission equal to 20% of sales net of taxes and credit card service fees. The host institutions will keep commissions earned and the remaining money owed to Event 1 must be sent within 7 days of the conclusion of the event.

The host institution/conference may not sell or allow for sale any merchandise that infringes upon the exclusive rights of Event 1, Inc.

Institutional Merchandise.

A buy-out option can be made with Event 1/NCAA when the host institution/conference wants to sell merchandise that features the host mark or logo at the NCAA competition. This can only be done when the host institution/conference agrees to purchase the entire product that Event 1 provides. The host institution/conference will receive a 20% commission fee of net sales, gross

sales minus credit card fees and taxes, on product supplied by Event 1. The host institution or official vendor will provide the NCAA 15% of sales (net of taxes and credit card service fees) of all non-NCAA championship merchandise. The quantity of NCAA merchandise available for sale shall not be less than a comparable shipment to a comparable site of the previous year's championship.

Reordering Process.

The host institution/conference may contact Event 1 to place an order for additional merchandise during the event. The concessionaire must contact Event 1 no later than the conclusion of each day to evaluate inventory levels. The more time Event 1 has to react to the request, the better the chance a reorder can be processed and shipped in a timely manner. Event 1 cannot guarantee that additional merchandise will be available.

Event 1 will provide an event manual, which will include the contact information for the event coordinator assigned to the event as well as additional merchandising guidelines.

SECTION 17– Promotions and Marketing

Banners.

All commercial identification within the competition area must be covered. Any signage promoting alcohol, tobacco or gambling must also be covered.

Materials Sent to High Schools.

Per Bylaw 13.4.4.3, an institution hosting an NCAA or conference championship may provide a poster promoting the championship and send it to a high school coach and/or his or her educational institution. It is not permissible to send such a poster to a prospective student-athlete.

Contacts.

The host institution should designate a marketing contact or marketing team for the championship. This person should be familiar with marketing strategies that have worked in the community where the championship will be held to sell tickets and drive attendance. It is the primary responsibility of the marketing contact to work closely with the NCAA Championships Marketing contact to create and implement the championship marketing plan. While many host institutions may have a marketing contact in the athletics department, this individual may also be from the local organizing committee, convention and visitor's bureau, sports commission or a combination thereof. Contact information for the designated marketing contact(s) should be submitted through the Key Contact portion of the Host Reporting System.

Expectations.

- Know the marketing budget. The NCAA championship tournament manager on your campus or the NCAA Tournament Operations point person can communicate your marketing budget.
- Develop marketing goals. The primary focus should be driving ticket sales and attendance at the championship.
- Map out the timeframe to market the championship.
- Determine how to best use the marketing materials provided by the NCAA.
- Establish grassroots initiatives to implement in your local and regional communities.
- Explore opportunities with traditional media (print, radio and television) in your area.

Marketing Plan.

Host institutions/conferences shall establish a marketing plan in coordination with the NCAA Championships Marketing contact. All marketing plans, marketing budgets and collateral must be approved by the NCAA Championships Marketing contact prior to implementation.

Marketing Collateral.

If the championship does not have an official NCAA social media page, a host is NOT permitted to create a social media page. The responsibility for crowd control rests with the tournament manager and director of athletics. The directors of athletics of competing institutions are expected to communicate with their students and interested fans prior to the competition to encourage enthusiastic support within the confines of good sportsmanship. The directors of athletics or a designated representative (other than coaches) must be available at the site of the competition to assist with crowd control. The crowd control statement printed under the public-address announcer section is to be read prior to each session.

The tournament manager is responsible for reviewing all credentials with security personnel.

Emergency Plans. Facility management must have specific written policies and procedures outlining the facility's emergency/evacuation plans and plans for assignment of security officers in and around the competition site. The NCAA representative and tournament manager should meet with security personnel to discuss existing security procedures and review potential security threats; review the facility to determine potential security problems and discuss the emergency/evacuation plan.

SECTION 21– Tickets/Seating

No complimentary tickets shall be permitted, and all tickets shall be accounted for at face value and shall become a part of gross receipts. The only exception is that children two and under may be admitted free with a valid paid ticket holder (provided they sit on the lap of the paid ticket holder).

All printed materials must receive national office approval; therefore, a rough draft of such

information must be sent to the NCAA in advance of your printing schedule.

Ticket Backs.

Commercial identification on ticket backs to offset printing costs is permitted; however, the NCAA staff must approve all designs. Identification is limited to one logo or the name of the commercial entity.

Computerized Tickets. Host institutions using a computerized ticket system should advise the NCAA of the fact before tickets are printed.

Coupons. Under no circumstances may a “coupon promotion” be included as part of the ticket or ticket-back advertising (e.g., advertising a discount on goods or services by presenting the ticket stub).

Ticket Back Disclaimer Language. See Appendix I for language that must be on the ticket back.

Ticket Sales.

Minimum ticket prices are \$5 for reserved seating and \$3 for general admission.

SECTION 22 – Transportation

Local Transportation for Teams.

The host institution is urged to assist each team in arranging for local transportation (i.e., reserve team buses in advance or provide names and telephone numbers of companies that could be contacted).

SECTION 23 – Volunteers

Goal and Recruitment.

A volunteer program for the championship should be implemented to accomplish the following goals:

- Provide an enthusiastic and warm welcome to participants and guests;

volunteer presentation to student-athletes of the host institution/conference. Student-athletes and prospect-aged individuals may apply to volunteer in the same manner as individuals from the general public. Student-athletes and prospect-aged individuals must be selected by the same criteria as the general public applicants.

The NCAA may request additional volunteers from the LOC as necessary.

Waivers.

Each volunteer must sign a waiver of liability before the start of the championship (Appendix). ALL-AMERICAN PROCEDURES FOR PARADE OF ALL-AMERICANS (GRAND MARCH) CHAMPIONSHIP MATCHES AND AWARDS PRESENTATION

NCAA NATIONAL CHAMPIONSHIPS OPENING CEREMONY (Prior to Session Two)

1. Parade of All-Americans (Grand March).

- a. Grand march will be led by the grand marshal and then by the escorts for each weight class. Awards presenters will enter the arena before current wrestlers.
- b. All place-winners report in full official team uniform (warm-up attire). **NO HATS, NO JEWELRY, NO COMMERCIAL CLOTHING, NO SIGNS.**
- c. Each of the All-American place-winning wrestlers (1-8) will line up for the Olympic-style procession into the arena.
- d. All-American wrestlers (1-8) will enter the arena single file, by weight class led by escort(s).
- e. Grand March staging organizers should assign the finalists with their colors during staging and encourage them to report to the respective staging tunnel well ahead of time prior to their match (see below). Stagers will need a copy of the finalists color assignments along with a list of the names and schools of the eight All-Americans. Remind all All-Americans about cooperating with staging for the awards ceremonies. This same information should be provided to the coaches in the coaches meeting and also to the wrestlers at weigh-in staging on Saturday morning.
- f. The officials will follow the heavyweight class in the Grand March. They are escorted by the National Coordinator of Officials or Head Official. They do not follow the contestants/All-Americans up on the elevated stage. They move into the reserved floor seating area designated for them and remain standing throughout the Grand March Ceremony until its conclusion. The officials should remain in uniform and in their designated area until the conclusion of the heavyweight championship match.
- g. After all wrestlers are in the arena, prepare for the national anthem.
- h. After the national anthem, all participants retire to the respective seating areas.
- i. A meeting/social is to be held prior to the Grand March with the dignitaries (a.k.a., awards presenters) that are escorts for the Grand March and who are providing individual and team awards. The Grand March and individual award presentation duties should be outlined to them at that time by the NCAA Wrestling Committee Member in charge of the Grand March, Finalist Introductions and the Awards Ceremony and assisted by the individual from the LOC in charge of these areas. Some of the areas that need to be outlined are the Grand March staging area, route, cues, exits, and also awards ceremony staging, mechanics, cues, photographs, public address announcement scripts, exits, etc. A diagram of these functions available is recommended. The final weight class assignments are determined for the escorts ***at this time.***
- j. Be sure that the announcer has a copy of the final weight class assignments for the escorts and a bio for the escorts. The bio for the escorts should be made available to the announcer at the mandatory meeting regarding the Grand March, Finalist Introductions and Awards Ceremony Friday afternoon, the day prior to the finals.
- k. Be sure the stagers for the Grand March, stagers for the Finalist Introductions, stagers for the Awards Ceremony, Head Table Cue, Announcer and the Television crew all have a copy of the escort assignment by weight class, All-Americans by weight class and the color assignment for the finalists for introductions.
- l. The LOC needs to inform all escorts/presenters, volunteers and officials the location of their reserved floor seating for the championships finals.

2. Finalists Introduction Information

- It is important that finalists *report to their respective tunnel early for staging.*
- 125 lb. finalists report to the tunnel area immediately following the grand march.
- All other finalists report to the tunnel area one match prior to your bout.
- The wrestler in the red corner will be introduced first. Proceed to the center of the mat and then to your corner.
- The LOC should have a red and green (respective) carpet laid out from the tunnel to the steps to enter the elevated stage area. There should also be one corner with red carpet and one corner with green carpet designated on the mat.
- The green corner finalist should not be allowed to leave the tunnel area until the red corner finalist has been completely introduced and the announcer begins to announce the green corner finalist
- The finalist introduction stagers in the tunnel, the head table cue, announcer and television crew all need to have the color assignments sheet for the finalists and a television time-out protocol.
- Security and Traffic Flow needs for the tunnel and aisle to the stage need to be addressed.
- Each tunnel (Red and Green) need a stager with a head set that communicates directly with the head table cue. The head table cue needs to keep the stager, announcer and television all in sync with one another. The tunnel stager can communicate and confirm whether a finalist is properly staged, and the announcer and television can then cue accordingly (or visa-versa if necessary). The tunnel stagers and head table cue need to test the communication sets prior to the Grand March
- The finalists are assigned a color by the Head Officials Coordinator after the semi-finals round in an effort to match color assignments with school colors and singlet colors as close as possible. Conducted properly, this is intended to prevent a potential color assignment that may confuse the official or fans or may prevent the official from changing the colors at mat-side and confusing fans. In order to achieve this, it is recommended that the Head Official's Coordinator keep in mind that the singlet a finalist may wear in the championship finals may be different than that worn previously in the tournament. Obtaining confirmation on the finalist's singlet color is desirable for maximum efficiency in this process.
- ***There should be two sets of red ankle bands and two sets of green ankle bands for the championship finals and introduction of the championship finals. Each finalist should put both respective colored ankle bands on in the tunnel prior to being introduced. The next set of finalists can then also be staging and put both sets of the respective colored ankle bands on prior to being introduced and while the previous finalists are wrestling. When a championship final match ends the ankle bands should be gathered by the wrestling official and brought to the mat-side table. The LOC should have someone to shuttle these ankle bands to the respective tunnels while the awards ceremonies are taking place and/or the next finalists are being introduced for the next finalists yet to be staged. The finalists being staged should have no more than an "appropriate" top on (in addition to their wrestling singlet) that can be removed easily once they are on stage. These procedures will minimize delay for television while the wrestlers are being introduced and coming up on the mat and then centering the mat and being introduced. This eliminates taking time to pull off a large number of over-garments and putting on ankle bands mat-side. The tunnel stagers need to be alert for "inappropriate" tops that a finalist may be wearing. This can also be addressed and defined at the coaches meeting, the Saturday morning weight ins and the staging of the All-American March.***

- The LOC should have adequate reserved floor seating for staging the awards ceremony and for the escorts, presenters, volunteers, etc. for the championship finals.
- The LOC should have adequate seating at the head table for the NCAA Wrestling Committee members, NCAA Staff liaisons, and Officials Coordinator for the entire tournament and also for the championship finals.

3. **Awards Presentation. Option A (All Presentations at the Conclusion of the Heavyweight Championship Match.)**

- a. All place finishers report to the tunnel in team attire. The LOC shall rope off the seating area for weight class place finishers.
- b. All eight place-finishers will be escorted to the awards stand by the escorts. They are to remain in the awards stand area for pictures and be asked to turn around to face both sides of the arena, if appropriate, before they retire to the end of the arena and back around by the grandstand.
- c. The team awards will be presented immediately following the conclusion of the heavyweight championship match. The four teams receiving trophies need to be staged in the tunnel (one tunnel; red or green) as soon as possible and in order by finish (first, second, third, fourth). The NCAA Wrestling Committee person in charge of the Grand March, Finalist Introductions and Awards presentations with the assistance from another NCAA Wrestling Committee member will be staging these teams as the finalists matches are 50% complete. Communication with the official regarding team placing scenarios is necessary and then communicating directly with the head coach of each team on staging needs and awards protocols is necessary. This is especially necessary to stage the championships team so that the award can be cued, announced and presented immediately following the conclusion of the heavyweight championship match in order to meet the time-line window for television. The NCAA Wrestling Committee members will be responsible to make sure the teams are staged in proper attire and the communication with the head coach can cue this. This entire exercise requires individuals to chase and find head coaches that may need to be staged during the final matches of the championships finals. This exercise may also require some cues from the announcer. Teams will be escorted to the raised mat for trophy presentation by the escorts in order, first-place team to fourth-place team. The Chair of the NCAA Wrestling Committee will present the team trophies along with any other possible presenter(s) approved by the wrestling committee. The chair and other possible presenter(s) pose for photographs with the team, so they need to be staged with the awards on the elevated mat area immediately following the conclusion of the heavyweight championship match. All individual weight-class presentations will follow the presentation of team awards.

4. **Awards Plan. Option B (Division II uses this option)**

If individual awards are awarded in between the championships final matches instead of all of them at the conclusion of all wrestling, then please adhere to the following revised awards protocol:

- a. Individual Awards. Most all of the awards procedures for staging, etc. that are described in the NCAA Host Operations Manual under Appendix C continue to hold true in this section. The primary adaptation in this alternative is that the individual awards are awarded in between weight classes during the individual championship matches. The 125 pound weight class awards would be presented after the conclusion of the 133 pound weight class championship match. The 133 pound weight class awards would be presented after the 141 pound weight class championship match and so on. Each weight class would have one weight class championship match in between the conclusion of that particular championship match and the presentation of the awards for that weight class. This would continue up to the conclusion of the Heavyweight Championship match. At that time, the awards will be presented to the 197 pound weight class and then go immediately to the Heavyweight class. The buffer time of one weight class allows contestants time to cool off, be interviewed, gather themselves, put their proper attire on and then be staged. This also allows the award ceremony organizers time to stage and be organized. The ability to obtain organization and staging becomes a challenge after the heavyweight championship match. The 197 pound weight class should already be properly staged, but there is short window to stage the heavyweight class.

- (1) When using this type of individual awards ceremony, it is critical that the staggers of the individuals (contestants, presenters, etc.) and the Head Table Cue and the Announcer all work well in getting the contestants staged. Asking head coaches to help with this process may also help. It is also important that the mechanics of the awards presentations to the individual weight classes is extremely smooth. This is especially important if this process is being conducted in between championship weight classes during a television time-out. There is little margin for error. It may also be necessary to move quickly to stage a weight class for the awards ceremony in the case of a quick fall in a championship match.
- (2) If this awards presentation alternative is used, the awards stand will not be able to be put on the elevated stage with the championship mat. An area roped off and secured with staging, chairs, etc. would be necessary. This area should still be in clear view of the spectators.
- (3) The official photographer should be the only photographer that is allowed access to this area until the conclusion of the presentation of awards for that respective weight class and the conclusion of work for the official photographer. If desired, the LOC may have individuals operating the access to the awards stand in a manner that other photographers (including possible family member photographers) are then allowed in or near the area for more photographs. The LOC volunteers must be sure and keep the individual contestants on the awards stand for this process.
- (4) As the announcer finishes the awards presentation of a respective weight class and the official photographer concludes their work, it is recommended that the announcer turn the crowd's attention to introducing the next finalists for the next weight class and that wrestling begin for the next weight class in a timely fashion. This can take place while the additional photographers and family are allowed into the awards ceremony area and eventually ushered out of the area as the awards presenter volunteers prepare for staging the next weight class. This procedure allows for a smooth spectator and contestant friendly environment. ***The announcer should have a visual cue from the awards ceremony workers to indicate the timing of turning the place-winners to acknowledge the crowd behind them (if applicable) and that the attention can now be turned to the introduction of the next finalists.***

Note: It is common practice in NCAA Divisions II and III for the head coach of the individual champion to participate in the individual awards ceremony by presenting the champion with their official championship bracket. Therefore, it is also important for the name of the coach to be provided to the announcer.

b. **Team Awards Alternative.**

- (1) Most all of the awards procedures for staging, etc. that are described in the NCAA Host Operations Manual under Appendix C continue to hold true in this section. The primary differences are outlined below.
- (2) The team awards would be presented after the last (heavyweight) individual awards are presented. (The NCAA Division I Wrestling Championships may choose to stay with the order of first, second, third and fourth-place team in order to be able to present the championships team the trophy in a window of live broadcast) However, if television windows are not an issue, then in this alternative, the team awards are presented in this order of fourth, third, second and first-place team. The LOC may choose to use the same area to present the team awards as they used for the individual award presentations or they may choose to use the elevated mat stage. In NCAA Divisions II and III, the team awards are all presented by different committee members (usually by seniority), with the chair of the respective divisional committee presenting the championship trophy. ***If the committee chooses, they can introduce the teams in reverse order (4,3,2,1) if it is compatible with television coverage.***

[3] After each team is presented their trophy and photographs are complete it is recommended they be escorted off of the stage opposite the side that they came onto the stage.

5. Announcer Cues for Awards.

a. Friday Night

- (1) Finalist "bio" sheets.
- (2) Directions for the staging of All-Americans (Grand March) for Saturday.

b. Saturday

- Again—directions for staging of All-Americans (Grand March)

c. Saturday during Finals

- (2) Queue the Grand March participants to turn 90 degrees three times to be acknowledged by fans.
- (3) Staging of Award winning teams
- (4) Staging of the Awards Presenters
- (5) Staging of the All-Americans for the individual awards presentations
- (6) The awards recipients may need to be queued to turn 180 degrees to be acknowledged by fans.
- (7) If the individual awards are presented in between weight classes, then the announcer needs to queue the All-Americans and awards presenters to the stage themselves. If the committee member indicates an absent individual, that may require additional cues
- (8) Reminders for coaches to turn in voting ballots, etc.
- (9) Reminder for individual champions to remain in uniform for a photo opportunity (give time, place).
- (10) Reminder to encourage fans to remain in their seats until the conclusion of the awards ceremony.

6. Miscellaneous tips to remember and address.

- a. Pre-approval needed for all television/media questionnaires for student-athletes
- b. Address potential drug testing conflicts with the awards ceremony and photography opportunities
- c. Be sure someone is in charge of clearing the awards presentation area after each award all evening long.
- d. If there is to be any television coverage of the championships finals, it must be communicated to them that they must have a representative attend the Friday afternoon mandatory meeting covering the Grand March, Finalist Introduction and Awards Presentation ceremonies regardless of whether it is an NCAA Division I, II or III championship.

WORKER AND ESCORT INFORMATION FOR PARADE OF ALL AMERICANS, CHAMPIONSHIPS INTRODUCTIONS AND AWARDS PRESENTATION

1. Outline for Parade of All Americans Ceremonies.

- a. Line up tunnel - all-Americans (top eight)
- b. Grand marshal, awards presenters, and officials will enter first. Olympic-style processional music is played. Hosts must obtain this music.

- g. After the national anthem, wrestlers will move to participants seating area. Please exit the elevated stage in order as cued.

2. Cues for Opening Ceremony.

National Anthem

3. Procedure in Holding Area for Championship Matches.

- a. Hold finalist in tunnel. Be sure you locate him in the area during the match prior to his match.
- b. Red to be introduced first followed by green.
- c. Protocol coordinator will report to the head table cue when the respective finalists are properly staged (*including anklets and attire*). Hold each finalist until cue from table. Be sure to instruct finalist and coach about the procedure. He is to report to the center of the mat until the announcer completes the introduction. He may then go to his respective corner.
 - All cues will come from the head table.
 - Do not let green report until red introduction is complete.

4. Procedure for Individual Awards Presentation.

- a. Have medals and awards readily available and inventoried for each presentation. The odd numbered awards should be staged on a table on one end of the awards stand and the even numbered awards should be staged on a table on the other end of the awards stand. The championships bracket should also be inventoried.
- b. All place-finishers must report to the awards staging area for their respective awards ceremony.
- c. Each wrestler will be escorted to his place on the awards stand.
- d. March fanfare will be played while the wrestlers are taking their places on the awards stand.
- e. Awards presenters will report at the same time the wrestlers report. Presenters will be introduced.
- f. Volunteers will hand the award(s) to the presenter. It is recommended this happen from each end of the awards stand. The odd number of awards are fed from one end and the even number of awards are fed from the other end. One presenter presents the odd numbered awards and the other presenter presents the even numbered awards. The last award presented is the championship bracket to the champion.
- g. The awards presenters should then position themselves at each end of the awards stand for a photograph.
- h. Student-athletes and award presenters will stay in position for photographs until cued otherwise. At some point they will be cued to turn to the crowd and will be escorted from the awards stand and area. The LOC members will hand the student-athlete the box for their award as they are escorted from the awards stand. This box will also contain a copy of an order form for photographs.

- i. The playing of the institutional fight song for the winner is the sign to leave stand (hosts must request and obtain this music from all participating schools).
- j. The LOC member and the NCAA Wrestling Committee member in charge of the awards ceremony should check for proper dress, order and to cue announcer confirming proper staging or asking for additional cues from the announcer for a missing person/team to report.
- k. If individual awards ceremonies are after the heavyweight championship match and the LOC plans on staging these awards on the elevated mat then the LOC should have a quick and efficient means of assembling the awards stand and area immediately following the conclusion of the heavyweight match and the television presentation of the championship team trophy.
- l. Site lines, traffic flow, staging, and security considerations need to be covered with a diagram provided by the LOC.
- m. The staging area should include a row of seats that are numbered in order for staging so that eight place winners are able to enter the awards stand in one line of flow. If the individual awards are presented after the conclusion of all finalists wrestling, then there should be several rows of chairs for staging that are similarly numbered.
- n. The LOC and NCAA Wrestling Committee member in charge of the awards ceremony should provide extra coaching and direction to the first escorts, presenters and student-athletes and encourage the remaining escorts, presenters and student-athletes to follow their cue. The escort with the most experience should be the first escort.
- o. It is important that the escorts and awards presenters stay in cue with the announcer as they present each student-athlete their respective awards.
- p. While one (odd or even numbered) presenter is presenting an award in cue with the announcer, the other presenter (odd or even numbered) can be fed an award by the LOC volunteer escorts from the side in order to keep the presentations flowing nicely. ***The odd number presenter can present the champion with the medal award and the even numbered presenter can present the champion with the bracket.***
- q. The LOC member and the NCAA Wrestling Committee member in charge of the awards ceremony should be sure to enforce the attire requirements for the student-athletes and all LOC volunteer escorts and the escorts/award presenters should be in business attire. The length of heels may be a consideration for females that may be part of the awards ceremony if they are required to walk on the mat area.
- r. After the conclusion of the last individual awards for the heavyweight class, the announcer will cue all individual champions to remain in uniform and now assemble for a photograph of the individual champions (the assembly and photo may actually happen after the NWCA awards). NCAA Drug testing considerations must be addressed for possible conflicts.
- s. The LOC should make sure that there is adequate reserved floor seating for the escorts and presenters and any individuals they feel necessary to conduct the Grand March, Finalist Introductions and Awards Ceremonies.

He may then go to his respective corner.

No hats, no jewelry, no signs. They are to be reminded to stay on the stand for pictures and are asked to turn around for the crowd.

Please note that due to possible changes in the format of the championships finals, the awards presentation may be modified.

POWERADE**Equipment Information**

The NCAA will provide certain championships relevant equipment (sidelines hydration, competition playing equipment, etc.) on a sport-by-sport basis that must be used in all championship activity. The purpose of the equipment is to hydrate student-athletes for competition. Each championship will receive information from the NCAA pertaining to any equipment that will be provided. Following the championships, each host site will be required to provide the NCAA with a completed inventory sheet (template provided by the NCAA) and pictures for proof of performance.

Cups, Coolers and Water Bottles

Drinking cups, water coolers, ice chests, cooler carts and water bottles should be provided for each scheduled practice or competition of any round of an NCAA championship. Participating teams shall place any premix fluid replacement in the NCAA-issued coolers and water bottles when applicable. Only cups, cans, coolers or water bottles may be used during championships that are provided by the NCAA. If applicable, the host may retain the coolers, cooler carts and ice chests after the competition. Reoccurring host sites are strongly encouraged to use the same equipment the following year unless otherwise notified by the NCAA. Participating teams may retain the water bottles and bottle carriers after the competition.

Hydration Program

Coca-Cola will provide a bottled water product (e.g., Dasani), POWERADE powder, and when applicable, POWERADE in bottles. Participating teams and student-athletes in NCAA championships continue to be free to use/consume permissible hydration beverage(s) of their own choice in the NCAA-provided equipment. Equipment carrying any branding other than POWERADE, however, will not be permitted on the sidelines during NCAA championships.

If a championship also receives POWERADE-branded squeeze bottles, they should be provided to student-athletes. Non-POWERADE-branded squeeze bottles brought by teams/student-athletes will not be allowed.

If the host has to provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite, hospitality areas, media areas, etc.), the host must purchase and provide only Coca-Cola products (e.g., Dasani, POWERADE, Coca-Cola, Sprite).

Competitors of NCAA Corporate Champion Coca-Cola may not provide product (beverages, water, isotonic) for any NCAA championship, even if the competition offers product for free or at a reduced cost. The championship budget will cover the purchase of Coca-Cola beverage products.

Use of NCAA-Provided Coolers from Previous Years

The host may use previously supplied equipment from the NCAA, specifically POWERADE equipment with approval from the NCAA; however, unless approved by the NCAA (which is often

possible), they must be used in areas not within television or photographer view [they may not be used on the sidelines or within the competition area(s)].

**ADDENDUM TO DIVISION II WRESTLING HOST OPERATIONS MANUAL
(FOR REGIONAL QUALIFYING TOURNAMENTS)**

The following information is related to the differences in the operations of the NCAA Division II wrestling championships finals and the NCAA Division II wrestling championships regional qualifying tournaments. There are some major and minor differences that must be noted:

- There are no awards to be provided at NCAA-sponsored regionals and there also shall not be any awards ceremony at NCAA-sponsored regionals.
- The schedule of events at the NCAA Division II wrestling championships finals is clearly detailed and must be followed. However, the schedule of events at the NCAA Division II wrestling championships regionals is left up to the discretion of each regional host. Any major changes must be discussed with the committee chair and NCAA Championships manager. Various meetings must be planned, and the coach's association also may hold functions in conjunction with the NCAA regionals.
- For the NCAA Division II wrestling championships regionals, mats and underlayment will be provided by the host institution. Mats and underlayment are provided by Resilite for the NCAA Division II wrestling championships finals.
- All officials for super regionals (along with finals) will be selected by the coordinator of officials (with consultation and final approval from the Division II Wrestling committee). It is recommended that each super regional's officials be within driving distance. The number of referees is determined by the application of the formula of 1-1/2 referees per mat. If an uneven number of mats are being used, the number of referees shall be rounded up to the next whole number. Typically, at the NCAA Division II wrestling championships finals, eight out of the fourteen referees are from within driving distance and six are approved to fly.
- The information pertaining to the banquet/food card in the NCAA Division II wrestling championships manual for finals does not apply in the NCAA regional qualifying tournament.
