October 2018

NCAA, NCAA logo, National Collegiate Athletic Association and Elite 90 are registered marks of the Association and use in any manner is prohibited unless prior approval is obtained from the Association.

Section 1 • Introduction

During the 2018-19 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women, and three for both men and women. Of the men's championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Of the women's championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men's and women's championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific.

Section 1•1 Definitions

Pre-championship Manual. Resource for institutions to prepare for the championship.

Administrative Meeting. Pre-championship meeting for coaches and/or administrators.

Appendixes. Any supplemental documents to be provided and distributed through the various resources.

Championship Manager. The NCAA staff member(s) responsible for the operational oversight of the championship.

Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA national committee.

NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.

Non-predetermined Sites. Those sites that are selected to host at the time of the participant/team selections announcement.

Playing Rules. The rules under which the competition will be conducted.

Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.

Preliminary Rounds. The rounds of the championship before the final or championship round.

Regional Alignment. The geographic location of institutions or regional advisory committees.

Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).

Selection Criteria. Policies and procedures in place to guide the team selection process.

Site Selection Criteria. Policies and procedures in place to guide the site selection process.

Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.

Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes' optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders — student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.

Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details, please refer to the [NCAA Sports Sport Science Institute website](#) for additional guidance.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution's withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of

GENERAL ADMINISTRATIVE GUIDELINES

the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 4•2 Drug Testing

[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Divisions I and II Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division III Manual.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 (Divisions I and II), 18.4.1.5 (Division III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 4•3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 4•4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, which discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. [Click here](#) to see the full misconduct/failure to adhere to policies and procedures outline.

Section 4•5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The current NCAA legislation against sports wagering prohibits NCAA student-athletes, member institutions' athletics staff and non-athletics staff with athletics responsibilities, and conference office staff from participating in sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics practice or competition in a sport in which the NCAA conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.

STUDENT-ATHLETES

A student-athlete found in violation of the prohibition against knowingly participating in any sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activity that involves intercollegiate, amateur or professional athletics competition shall be ineligible for further intercollegiate competition, subject to appeal to the Committee on Student-Athlete Reinstatement for restoration of eligibility.

POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions when there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests when there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES

On May 16, 2018, the Board of Governors voted to suspend the NCAA championships policy related to sports wagering and to allow for championships to be hosted in locations regardless of whether a state is considering, or has legalized, sports wagering. The board's decision provides championship location continuity as states contemplate whether to allow legalized sports betting.

Section 4•6 Student-Athlete Experience Survey

After each championship, institutional administrators, coaches and student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to ensure participation from all student-athletes.

Section 5 • Elite 90™ Award

The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to ncaa.org.

Section 6 • Fan Travel

NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to NCAA.com/travel to search and book online hotel, car and air travel, all in one easy transaction.

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

GENERAL ADMINISTRATIVE GUIDELINES

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and
2. The student-athlete's institution's official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2-1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, "research" is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary rounds and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA

from people for other purposes; any systematic collect data from the membership or other entities; etc.

Section 9 • Division III

Section 9•1 Division III Philosophy

The Division III championships philosophy is to field the most competitive teams possible while minimizing missed class time; to emphasize regional competition in regular-season scheduling; and to provide representation in NCAA championship competition by allocating berths to eligible conferences, independent institutions and a limited number of at-large teams, realizing that this may be done at the expense of leaving out some championship-caliber teams.

Section 9•2 Commencement Conflicts

If an institution's commencement conflicts with participation in the championship, it shall inform the NCAA championship manager in writing one week before the selection date for the governing sport committee to consider an accommodation and a change to the championship schedule.

The following guidelines apply to commencement requests:

- Applies to team sports only.
- The governing sport committee, in consultation with participating institutions, may reschedule the game on the nearest possible date.
- Does not apply to predetermined finals sites.
- The governing sport committee shall make a good-faith effort to accommodate participating institutions in non-predetermined preliminary-round contests with multiple teams participating at the same site..

Section 9•3 Religious Conflicts

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office before May 1 of the preceding academic year to be excused from competing on that day. The notification shall be valid for a period of two years. The championship schedule shall be adjusted to accommodate that institution, and such adjustment shall not require its team or an individual competitor to compete before the time originally scheduled.

Individual Championships. In individual championships, a student-athlete must compete according to the institution's policy regarding Sunday competition (i.e., if the institution has no policy against Sunday competition, the student-athlete shall compete on Sunday if required by the schedule).

Section 1•4 Rules

Per NCAA Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For those sports in which the Association follows rules that are developed by other governing bodies and modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes that are not played in accordance with NCAA rules, or those rules adopted by an outside organization. The 2018-19 NCAA Wrestling Rules and Interpretations will be followed. Questions regarding rules interpretations should be directed to Chuck Barbee, secretary-rules editor; Phone: 480-772-2472; Email: ncaaruleseditor@gmail.com.

Section 1•5 Uniforms

[Reference: Bylaw 12.5.3 in the NCAA Division III Manual.]

The uniform shall conform to the standards set forth in Rules 1-12 through 15 (pages WR-12-14) of the 2018-19 NCAA Wrestling Rules and Interpretations. In addition, the following rules will be applicable for contestants' and coaches' attire:

Contestants' Attire. All contestants shall be uniformly attired in their school's official warm-up and match uniform. No hats, stocking caps or other inappropriate apparel are permitted. Violations of this rule shall result in the head coach being penalized under the control of mat area (see rule 3.13.4).

Coaches' Attire. The wearing of jeans, T-shirts, sweatsuits and warm-up suits (top and/or bottom), headwear and similar apparel is not suitable attire for coaches during dual and tournament competition and, therefore, is prohibited. Each coach in violation of this rule shall be penalized under control of mat area (see rule 3.13.4). Further, the coach(es) in violation shall not sit in the designated reserved zone for coaching if the prohibited apparel is not replaced with suitable attire.

Section 2•3 Selections Information

QUALIFYING PROCEDURES

[Reference: Bylaws 31.01.2, 31.01.3 and 31.3 in the NCAA Division III Manual.]

To be eligible to participate in the 2019 NCAA Division III Wrestling Championships, all participants must qualify through their respective NCAA regional competition. The top three wrestlers (first, second, third) from each weight class at the respective regional will advance to the national championships.

With the exception of bye points and pairings, NCAA Wrestling Rules and Interpretations shall be followed.

QUALIFYING POSITIONS

For 2019, the Division III Championships Committee has allocated 180 positions for the championships. Each qualifying tournament will qualify its champion, second-place finisher and third-place finisher from each weight class. There will be **NO** at-large qualifiers. However, all regional tournaments should use true wrestle-backs to determine third place and fifth place in the case alternates from the regional tournament are needed.

SUBMITTING QUALIFIERS TO CHAMPIONSHIPS

TrackWrestling will directly enter the list of qualifiers following qualifying tournaments.

Registration. Each head coach, or the appointed institutional representative, must verify the entry of the student-athlete(s) at the site of the national championships before the competition. In case of emergency, verification may be accomplished by telephone. The registration deadline is 2 p.m. Eastern time, Thursday, March 7. The emergency contact is Gary Holden, tournament director, and he can be reached at 540-420-2022. Failure to meet the entry and registration deadlines will eliminate a contestant from the championships. Only extenuating circumstances will be considered by the Division III Wrestling Committee or an appointed subcommittee.

Replacement Policy. Qualifying-tournament personnel must submit the names of the individuals who have qualified for the championships before the established deadlines. Only those individuals listed on the qualifiers list for the national championships will be allowed to compete. Replacements on the list are permitted until the established deadline. Replacements must be the next-best wrestler from the qualifying tournament in the same weight class of the wrestler being replaced. There will be no replacements after the following deadline — noon Eastern time, Tuesday, March 5.

Contact both J.P. Williams, NCAA Assistant Director of Championships (317-966-6354), or Gary Holden, tournament director (540-420-2022).

Late Entry. If an institution fails to enter its individuals for the qualifying tournament before the established deadlines, a late-entry fine of \$50 per individual, not to exceed \$200 per institution, may be assessed. Any late-entry fines are to be made payable to the NCAA and must be submitted to the NCAA. The funds received will be distributed to support NCAA student-athlete initiatives.

QUALIFIERS LISTS ON NCAA WEBSITE

When available, qualifiers will be posted on the NCAA’s official championships website (www.ncaa.com).

TRAVEL INFORMATION

For the Division III Wrestling Championships, please refer to the NCAA Travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online at <http://www.ncaa.org/championships/travel/championships-travel-information>.

Section 2•4 Championships Information

PAIRINGS

[Reference: Bylaw 31.1.3.2 in the NCAA Division III Manual.]

For the championships, the draw will be conducted after the seeds have been determined and placed in the bracket. The committee will separate student-athletes from the same conference and/or region during the first round of competition. The brackets tentatively will be released on the NCAA website (www.ncaa.com) Monday, March 4 after 6 p.m. Eastern time.

AWARDS

[Reference: Awards in the Division III General Section and Bylaw 31.1.9 in the NCAA Division III Manual.]

Official NCAA awards will be presented to the top eight place finishers in each of the 10 weight classes. Trophies will be awarded to the top four teams. In addition, individual awards shall be presented to student-athletes who competed in the wrestling championships and represented an institution that placed first, second, third or fourth. When student-athletes are presented their awards, they shall wear their school’s official warm-up. No additional apparel or equipment (e.g., hats, jewelry, signs, etc.) may be worn or carried during the awards ceremony.

No awards will be provided at any NCAA-sponsored Division III wrestling regional.

BRACKET SHEETS

Bracket sheets will be distributed as soon as possible after each session of the championships to participating institutions, based on the following formula developed by the Division III Wrestling Committee:

Qualifiers	Bracket Sheet(s)
1 to 5	1
6 to 10	2

BYE POINTS

A bye point will be awarded to wrestlers who win their next match after the bye.

CHEERLEADERS AND MASCOTS

Cheerleaders and mascots are required to buy a ticket and are not permitted on the floor.

CREDENTIALS (OTHER THAN MEDIA)

[Reference: Admission and Tickets in the Division III General Section and Bylaw 31.1.10 in the NCAA Division III Manual.]

Working credentials may be provided to bona fide working personnel. Participation credentials will be provided to student-athletes competing in the championships. Coaches, managers and other members of the participating institution’s official party, as defined by the Association, will be provided credentials as follows:

DIVISION III WRESTLING

Qualifiers	Number of Credentials
1 to 3	3
4 to 7	4
8 to 10	5

In addition to the above, one credential per institution will be available to the institution's authorized athletic trainer and/or physician accompanying the team. These credentials will only be provided to the appropriate medical personnel at registration. Trainers requesting credentials for the championships must submit a copy of their certified athletic trainer card. Any student trainer must have his or her athletic trainer submit on institutional letterhead in advance a request for a credential for a student trainer.

The fee for replacement of credentials is \$100.

DRUG TESTING

[Reference: Drug Testing in the Division III General Section and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division III Manual.]

Student-athletes who compete in these championships may be subjected to drug tests in accordance with Bylaws 18.4.1.5 and 31.2.3 and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

HOUSING

Hotel reservations for the finals will be made by the host institution only for the referees and Division III Wrestling Committee representatives. Each participating institution in the championships will be required to secure its own housing arrangements. The host institution will provide each institution sponsoring wrestling with a list of hotels, phone numbers, room costs and cutoff dates for reserving rooms in the pretournament coaches information packet that will be distributed before the championships.

MAT-AREA CONTROL

In addition to the participating wrestler, three representatives per institution will be allowed in the corner of the mat; however, one of those persons must be the institution's physician or authorized institutional athletic trainer. The description of and penalty for violation of this rule are listed in Rule 3.13 in the 2018-19 NCAA Wrestling Rules and Interpretations.

MEDIA INFORMATION

Media and sports information directors desiring credentials should call the host sports information director of the championships not later than Monday, March 4 to make arrangements. Call Gary Holden, sports information director, Ferrum College, at 540-365-4306.

MEDICAL ARRANGEMENTS

Procedure to Medically Disqualify a Student-Athlete During an NCAA Championship. As the event sponsor, the NCAA has valid authority to ensure that all student-athletes are physically fit to participate in its championships and that a student-athlete's participation will not expose other participants to a significantly enhanced risk of harm. The student-athlete's team physician can determine whether an individual with an injury, an illness or other medical condition (e.g., skin infection, pregnancy) should continue to participate or be disqualified. In the absence of a team physician, the NCAA tournament physician, as designated by the host school, has the unchallenged authority to examine the student-athlete and make a decision of continued participation or medical disqualification. If, in the opinion of the tournament physician, continued participation by the injured student-athlete may expose others to a significantly enhanced risk of harm, the tournament physician has the final decision regarding participation by the student-athlete. The chair of the governing sports committee (or a designated representative) would be responsible for administrative enforcement of the medical judgment, if it involves disqualification.

Each scheduled practice or contest of any round of an NCAA championship should include the following:

- The on-site presence of a person qualified and delegated to render emergency care to a stricken participant;
- The presence or planned access to a physician for prompt medical evaluation of the situation, when warranted;
- Planned access to a medical facility, including a plan for communication and transportation between the athletics site and the medical facility for prompt medical services, when warranted. Access to a working telephone or other telecommunications device, whether fixed or mobile, should be assured;

- All necessary emergency equipment should be at the site or quickly accessible. Equipment should be in good operating condition, and personnel must be trained in advance to use it properly. Additionally, emergency information about the student-athlete should be available both at home and on the road for use by medical personnel;
- A thorough understanding by all parties, including the leadership of visiting teams, of the personnel and procedures associated with the medical plan;
- An inclement weather policy that includes provisions for decision-making and evacuation plans; and
- Certification in cardiopulmonary resuscitation (CPR) techniques, first aid, and prevention of disease transmission (as outlined by OSHA guidelines) should be required for all athletics personnel associated with practices and contests. New staff engaged in these activities should comply with these rules within six months of employment.

MEDICAL EXAMINATIONS/SKIN CHECKS, WEIGH-INS

All student-athletes shall be examined by qualified physicians (at the national tournament, one of them shall be a dermatologist) and/or certified athletic trainers for communicable diseases before the competition.

Written Documentation. If a student-athlete has been diagnosed as having a skin condition, and is currently being treated by a physician (ideally, a dermatologist) who has determined that it is safe for that individual to compete without jeopardizing the health of the opponent, the student-athlete may compete. However, the student-athlete or his or her coach or athletic trainer shall provide current written documentation from the treating physician to the medical professional at the medical examination with the approved NCAA Skin Evaluation and Participation Status Form describing: (1) the diagnosed skin disease or condition; (2) the prescribed treatment and the time necessary for it to take effect; and (3) that the skin disease or condition would not be communicable or harmful to the opponent at the time of competition. Such documentation shall be furnished at the medical examination.

The skin examination and weigh-in area shall be a private, secure area. Only participants will be admitted to the medical check and weigh-in area. All participants must report to all weigh-ins clean shaven, with nails trimmed and hair at proper length. Student-athletes who fail to make weight and/or pass the skin examination will not have their transportation and per diem paid by the NCAA. The established medical-check time is 8:45 a.m. Eastern time, Friday, March 8, and Saturday, March 9. The established weigh-in time is 9 a.m. Eastern time, Friday, March 8, and Saturday, March 9. Medical checks and weigh-ins, respectively, end precisely after the last student-athlete has been checked.

Failure to receive a medical examination or weigh-in during the designated time will result in disqualification. Only extenuating circumstances will be considered by the Wrestling Committee or an appointed subcommittee. The tournament physician, as designated by the host institution and the NCAA, shall examine the skin of all participants during the medical examinations. The tournament physician/dermatologist shall report the results of the examination to the chair of the Wrestling Committee or a designated representative, who shall then be responsible for the administrative enforcement of the medical recommendation if it involves disqualification from the tournament.

No media shall be permitted at the weigh-ins or medical examinations.

Please refer to Appendix A of the 2018-19 Wrestling Rules and Interpretations book for specifics regarding skin infections in wrestling.

MEETINGS

[Reference: Misconduct in the Division III General Section and Bylaws 31.02.3 and 31.1.8 in the NCAA Division III Manual.]

A mandatory prechampionships meeting of coaches of participating teams, officials and games-committee members will be conducted at 2 p.m., Thursday, March 7.

At the prechampionships meeting, administrative matters and the conduct of the championships will be reviewed, including conditions under which a student-athlete or representative of an institution may be disqualified from further participation in the championships for reasons of misconduct [See Bylaw 31.1.8]. It is mandatory that a representative from each participating institution attend the meeting. Failure to attend may result in penalties as prescribed in Bylaw 31.1.8.3.

PROGRAMS – DIGITAL

[Reference: Bylaw 31.6.3 in the NCAA Division III Manual.]

Many NCAA championships, including Division III wrestling, have adopted digital game programs that can be viewed online or downloaded to a consumer's mobile device. IMG College will be responsible for all digital program production including layout and design, advertising and digital distribution channels before and during the championships.

Digital programs will be available for download prior to the championships at www.ncaa.com/gameprograms.

Please contact Michelle Forkner (mforkner@ncaa.org), at 317-917-6775 with any questions.

VIDEO REPLAY

Video replay will be used at the Division III Wrestling Championships. The rules below from the NCAA Wrestling Rules Book shall apply for use during competition.

Rule 3.21.2 The Review. The two ways a match may be stopped for a video review are by the action of the referee or by the action of the coach.

The referee may stop a match when there is no significant action when the referee believes: 1) there is reasonable doubt that an error was made regarding timing, scoring or the proper positioning of the wrestler; 2) the situation is reviewable; or 3) the outcome of a review may have an impact on the result of the match. The referee should review all unsportsmanlike conduct and flagrant misconduct calls.

Each team is allowed one challenge per dual meet, including team advancement tournaments, to be used at the coach's discretion. Each team in an individual advancement tournament, excluding open tournaments, is allowed one challenge for one to three participants, two challenges for four to six participants, and three challenges for seven to 10 participants, to be used at the coach's discretion. If a coach's challenge is supported after the review, the team retains that challenge. If a coach believes an error was made, the coach shall immediately approach the mat-side table and raise a flag matching the color assigned to his corner (red or green), thereby indicating to the mat-side table scorer the request for a video challenge. This signifies the coach believes an error was made, and the referee will stop the match when there is no significant action taking place to conduct the video review. Once the coach raises the flag, the challenge cannot be retracted. If a coach challenges a previously made ruling on a challenge or if a coach challenges a ruling when the team's allotment of challenges have already been used, the actions are considered intentional delay of the match and the coach is penalized for failure to comply. In addition, if a coach challenges a fall, which is not reviewable, it shall count as a failed challenge.

Rule 3.21.2 The Outcome. Only the referees (no other personnel) shall be immediately present at the mat-side table for the review of the video replay screen. A reversal of a call or non-call shall be based only on indisputable video evidence. After the review process is complete, the head referee makes one of the following announcements:

- a. If the video evidence confirms the on-the-mat ruling, "After further review, the ruling on the mat is confirmed."
- b. If there is no indisputable and conclusive evidence to reverse the original ruling, "After further review, the ruling on the mat stands."
- c. If the on-the-mat ruling is reversed, "After further review, the ruling is reversed. Therefore, [followed by a brief description of the impact of the ruling]."
- d. If there is no video evidence due to a system failure or operator error, the coach will retain his challenge. Any obstruction of the view on the video screen caused by participants, coaches, referee(s) or tournament personnel on the mat that does not allow for a confirmed ruling by the referee shall result in a charged video challenge.

If a ruling is reversed, the official scorer shall supply the referee with the following information in order for wrestling to resume under accurate match conditions: the period, the position of the wrestlers and the status of the match/riding time clock.

PROTEST PROCEDURE

Protests may be lodged only for errors in the recording of points or match results, and for nonjudgment errors in the application of rules. The coach must inform the official scorer and the referee of the intent to protest the bout before the bout sheet is removed from the scorer's table. The referee will note this intent to protest the bout on the bout sheet and will notify the opposing wrestler not to leave the area until the matter is settled. Scorer's table personnel or the referee shall inform the head table that a protest has been made.

SEEDING

When compiling a student-athlete's won-lost record for seeding purposes, all matches against student-athletes who compete on intercollegiate teams at four-year, degree-granting institutions in which NCAA rules are followed shall be counted, including open or unattached competition.

Regionals and Championships. Regional and Championships pre-seed committees have been established for seeding student-athletes. Regional pre-seed results are reviewed by coaches at their respective regional prior to the beginning of competition. Student-athletes within 10 votes of each other can be discussed during this meeting for possible adjustments. The season record form for each participant is used in the determination of the seeding. Seeding procedures can be found in [Appendix D](#).

The seeding meeting (pre-seed committee) for the championships will be conducted via conference call at 3 p.m. Eastern time, Sunday, March 3. Final seedings and pairings are then made by the Division III Wrestling Committee. Pairing sheets will be distributed via an announcement on ncaa.com after 6 p.m. Eastern time, Monday, March 4. These pairings are not to be released to any other media outlet before the official NCAA announcement.

TEAM BANNERS

Each team, subject to the approval of the games committee, may display one team banner void of commercial advertising.

VIDEO, FILMS AND STILL PHOTOGRAPHS

Institutions are permitted to video championships competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may video only that portion of the competition in which it participates. The video may not be used for any commercial purposes.

For additional information, refer to the NCAA Broadcast Manual policies and guidelines found at www.ncaa.com/broadcast.

The Association reserves all rights to the use of still photographs and films of its championships. All rights to photograph and film NCAA championships may be assigned to media representatives for news purposes but otherwise are to be controlled exclusively by NCAA Productions, a unit of the NCAA. NCAA Productions shall film certain NCAA championships, as recommended by the governing sports committees and approved by the Championships Committee. Its cost in filming an NCAA championship and producing prints or sharing for the NCAA library of films shall be entered as an item of game expenses for that championship. The filming of NCAA championships by parties other than NCAA Productions (i.e., participating institutions or commercial film production companies) for any purpose other than news purposes may be permitted only with the advance written consent of the NCAA president.

Mat-side filming will not be permitted.

WEIGH-INS

It is mandatory that all participants in each weight class weigh in. The weigh-ins will be supervised by the Division III Wrestling Committee. Digital scales are used at all weigh-ins.

The weigh-in and skin examination area shall be in a private and secure area only. Only participants and properly credentialed tournament officials will be admitted to the weigh-in area.

Student-athletes must complete a skin check and receive medical clearance on site each day just prior to weigh-ins. The weigh-ins will be conducted at the following times (Eastern time):

9 a.m. — Friday, March 8

9 a.m. — Saturday, March 9

Times are subject to change if the session times change.

Appendix E • Seeding Procedures

NCAA DIII 2019 WRESTLING SEEDING PROCEDURES

The NCAA Division III Wrestling Committee has comprised the following procedure for use in seeding each regional tournament. The below system provides coaches with the tools and timeframe to research and vote for the best possible seeds at each weight class in their respective region. This is the same process for seeding wrestlers that the national seeding committee uses, which will provide for a consistent and efficient application throughout the championships.

Entries:

1. All entries for seeding are due by **2 p.m. Eastern time on Monday, Feb. 18**. By 5 p.m. Eastern time, all head wrestling coaches will be provided record sheets as well as links to the wrestling comparison and voting websites from the National Wrestling Coaches Association (NWCA).
2. Additional adjustments or replacements to lineups are permitted; however, those individuals will not be seeded. Those changes must be communicated through the host regional tournament director. **The deadline for all unseeded adjustments or replacements to lineups is immediately prior to each regional's respective seeding meeting.**

Regional Seeding:

1. Coaches will seed 8 wrestlers per regional. After the top 8 seeds wrestlers will be randomly drawn into the bracket.
2. Rankings will be completed electronically and must be done by **10 a.m. Eastern time, Wednesday, Feb. 20**. Instructions on how to access and complete the pre-seed selection process will be sent to each head coach by the NWCA. This list will be automatically tabulated and emailed to each head coach. Coaches and regional hosts will receive the seeding results by 2 p.m. Eastern time on Wednesday, Feb. 20.
3. Seeding protocol per NCAA Wrestling Rule 3.19 Seeding: Consideration for determining seeded wrestlers, but not necessarily in this order, is given to: (a) a contestant's won-loss record; (b) head-to-head competition; (c) common opponents; and (d) returning All-Americans.
4. All voting will be monitored, and results will be made public. The NCAA national committee, NCAA site representative, tournament director or NCAA championships staff will review, based on the applicable administrative policies, an incident that constitutes failure to adhere to policies and procedures or misconduct. Any situation that is deemed unethical will be reviewed by the committee and is subject to reprimand and/or fine.
5. The NWCA website assigns a point value that correlates to the wrestlers rank and calculates a total. (The highest and lowest rankings are thrown out for this calculation.) The program will then automatically calculate the seeds. These seeds will then be used by the coaches in the regional seeding meeting to determine final seeds.
6. The regional host institution will select a moderator to run the seeding meeting. This moderator's main duty is to facilitate the meeting in an orderly fashion and to make sure the rules that the NCAA committee has established for the seeding are followed.

NCAA DIII 2019 WRESTLING SEEDING PROCEDURES

October 18, 2018

Page No. 2

7. The seeding meeting will start with the 125-pound weight class and end with the heavyweight class. Only ONE coach per institution can talk and vote in the seeding meeting and it must be the same coach throughout the entire meeting. There will be discussion on seeds that are within 10 points of each other. Each coach has two minutes to state their case for their respected wrestler followed by 30 seconds for a rebuttal for that wrestler. Only wrestlers within 10 points can be discussed, and there must be compelling reasons to make a seeding change for a vote to be taken.
8. Any voting at the seeding meetings will be done by hand count.
