Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes' optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.

Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries).

Section 3 • Conduct

Section 3•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Bylaws 12, 13, 14, 15, 16, 20.2.4, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Bylaws 7.3.1.5 and 18.2.1 in the NCAA Division II Manual and Division II Championships Committee Policy and Bylaws 31.2.1.5, 31.2.1.5.2, and 31.2.2 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution's withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 3•2 Drug Testing

As part of preparation and planning to participate in championship events, member institutions are reminded and encouraged to review all applicable policy and legislative requirements pertaining to banned substances, drug testing and related eligibility requirements with their student-athletes. Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with legislation and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 3•3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that

intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 3•4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. [Click here](#) to see the full misconduct/failure to adhere to policies and procedures online.

Section 3•5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; mobile betting; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The current NCAA legislation against sports wagering prohibits NCAA student-athletes, member institutions' athletics staff and non-athletics staff with athletics responsibilities, and conference office staff from participating in sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics practice or competition in a sport in which the NCAA conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner) in exchange for the possibility of gaining another item of value.

STUDENT-ATHLETES

A student-athlete found in violation of the prohibition against knowingly participating in any sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activity that involves intercollegiate, amateur or professional athletics competition shall be ineligible for further intercollegiate competition, subject to appeal to the Committee on Student-Athlete Reinstatement for restoration of eligibility.

POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES

It is permissible for NCAA championships to be conducted at locations in states that permit sports wagering.

Section 3•6 Student-Athlete Experience Survey

During the NCAA championships, the student-athlete experience is paramount. NCAA staff and hosts dedicate themselves to planning the best experiences for all involved. As part of our commitment to getting better, following the championship, participants will receive a survey to provide feedback on their experience and input on how championships can be improved for future NCAA student-athletes. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to forward the survey to student-athletes. Additionally, this survey will be accessible via QR code found on the back of NCAA-issued championship credentials.

We also understand that sometimes certain circumstances or conditions occurring during the events may require real-time consideration. When this is the case, student-athletes may reach out to their site representative or NCAA national office staff on-site.

Section 4 • Elite 90™ Award

The Elite 90 award was created to recognize the true essence of student-athletes by honoring individuals who have reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes competing at the finals site. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. For more information or to access the online form and submit a nomination, [click here](#).

Section 5 • Fan Travel

Through support from Marriott International as the Official Hotel Partner of the NCAA, NCAA championships are pleased to provide easy and affordable accommodations for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through Marriott and NCAA Travel help support NCAA student-athletes. Please direct your fans to ncaa.com/travel to search and book online hotel reservations.

Section 6 • Health and Safety

As part of preparation and planning to host and/or participate in championship events, member institutions are reminded and encouraged to review all applicable health and safety policy and legislative requirements and guidance including, among others, those relating to concussion management, catastrophic injury prevention, inclement weather and independent medical care. These requirements and related information can be found in applicable division manuals, sports playing rules and the materials located on the [Health, Safety & Performance website](#). In addition, a summary of some of the key health and safety considerations related to traveling to championship events can be found in the [NCAA's Guidance for Medical Care and Coverage for Student-Athletes at Away Events](#).

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 17.1.10 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

GENERAL ADMINISTRATIVE GUIDELINES

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and
2. The student-athlete's institution's official uniform (including numbered racing bibs and warmups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2-1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

In order to avoid inappropriate and unnecessary participant distraction and disruption of championship events, it is expected any data collection or other research efforts conducted at or during championship events will be coordinated through the national office, with notice and a description of any research proposal to be submitted to the NCAA research staff at least six weeks before the championships event begins.

Section 9 • Travel Party

Please refer to the NCAA travel policies for all information regarding transportation and per diem expenses. NCAA Travel policies are updated annually and can be found online [here](#). Please reference Appendix A of the travel policies for reimbursable travel party numbers. The travel policies supersede all other documents.

Section 10 • Division III

Section 10•1 Division III Philosophy

The Division III championships philosophy is to field the most competitive teams within a regular-season philosophy that emphasizes regional competition and minimizes missed class time; and to provide representation in NCAA championship competition by allocating berths to eligible conferences and at-large teams.

Section 10•2 Commencement Conflicts

[Reference: Bylaw 31.1.4.5 in the NCAA Division III Manual.]

If an institution's commencement conflicts with participation in the championship, it shall inform the NCAA championship manager in writing one week before the selection date for the governing sport committee to consider an accommodation and a change to the championship schedule.

The following guidelines apply to commencement requests:

- Applies to team sports only.
- The governing sport committee, in consultation with participating institutions, may reschedule the game on the nearest possible date.

- Does not apply to predetermined finals sites.
- The governing sport committee shall make a good-faith effort to accommodate participating institutions in non-predetermined preliminary-round contests with multiple teams participating at the same site.

Section 10•3 Gameday the DIII Way

Division III promotes an atmosphere that is a respectful and engaging educational environment through athletics, for everyone through Gameday the DIII Way. Gameday the DIII Way establishes an expectation for championship hosts, coaches, student-athletes and spectators to focus on the common standards of safety, responsiveness, dignity and experience while participating or attending a championship event. We ask that each participant and attendee be personally accountable for their actions and do their part to ensure this event is a positive reflection of Gameday the DIII Way.

Section 10•4 Religious Conflicts

[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division III Manual.]

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office before May 1 of the preceding academic year to be excused from competing on that day. The notification shall be valid for a period of two years. The championship schedule shall be adjusted to accommodate that institution, and such adjustment shall not require its team or an individual competitor to compete before the time originally scheduled.

Individual Championships. In individual championships, a student-athlete must compete according to the institution's policy regarding Sunday competition (i.e., if the institution has no policy against Sunday competition, the student-athlete shall compete Sunday if required by the schedule).

Section 2•3 Selections Information

QUALIFYING PROCEDURES

[Reference: Bylaws 31.01.2, 31.01.3 and 31.3 in the NCAA Division III Manual.]

To be eligible to participate in the 2025 NCAA Division III Wrestling Championships, all participants must qualify through their respective NCAA regional competition. The top three wrestlers (first, second, third) from each weight class at the respective regional will advance to the national championships.

With the exception of bye points and pairings, NCAA Wrestling Rules and Interpretations shall be followed.

QUALIFYING POSITIONS

For 2025, the Division III Championships Committee has allocated 210 positions for the championships. Each qualifying tournament will qualify its champion, second-place finisher and third-place finisher from each weight class. There will be **NO** at-large qualifiers. However, all regional tournaments should use true wrestle-backs to determine third place and fifth place in the case alternates from the regional tournament are needed.

SUBMITTING QUALIFIERS TO CHAMPIONSHIPS

TrackWrestling will directly enter the list of qualifiers following qualifying tournaments.

Registration. Each head coach, or the appointed institutional representative, must verify the entry of the student-athlete(s) at the site of the national championships before the competition. In case of emergency, verification may be accomplished by telephone. The registration deadline is 2 p.m. Eastern time, Thursday, March 13. The emergency contact is TBD, tournament director, and he can be reached at 540-365-4306. Failure to meet the entry and registration deadlines will eliminate a contestant from the championships. Only extenuating circumstances will be considered by the Division III Wrestling Committee or an appointed subcommittee.

Replacement Policy. Qualifying-tournament personnel must submit the names of the individuals who have qualified for the championships before the established deadlines. Only those individuals listed on the qualifiers list for the national championships will be allowed to compete. Replacements on the list are permitted until the established deadline. There will be no replacements after the following deadline – noon Eastern time, Tuesday, March 11.

MAT-AREA CONTROL

In addition to the participating wrestler, three representatives per institution will be allowed in the corner of the mat; however, one of those persons must be the institution's physician or authorized institutional athletic trainer. The description of and penalty for violation of this rule are listed in Rule 3.13 in the 2024-25 and 2025-26 NCAA Wrestling Rules and Interpretations.

MEDIA INFORMATION

Media and sports information directors desiring credentials should call the host sports information director of the championships not later than Monday, March 11 to make arrangements. Call TBD, Tournament Director, University of Wisconsin-La Crosse, at 608-785-8493.

MEDICAL ARRANGEMENTS

Procedure to Medically Disqualify a Student-Athlete During an NCAA Championship. As the event sponsor, the NCAA has valid authority to ensure that all student-athletes are physically fit to participate in its championships and that a student-athlete's participation will not expose other participants to a significantly enhanced risk of harm. The student-athlete's team physician can determine whether an individual with an injury, an illness or other medical condition (e.g., skin infection, pregnancy) should continue to participate or be disqualified. In the absence of a team physician, the NCAA tournament physician, as designated by the host school, has the unchallenged authority to examine the student-

athlete and make a decision of continued participation or medical disqualification. If, in the opinion of the tournament physician, continued participation by the injured student-athlete may expose others to a significantly enhanced risk of harm, the tournament physician has the final decision regarding participation by the student-athlete. The chair of the governing sports committee (or a designated representative) would be responsible for administrative enforcement of the medical judgment, if it involves disqualification.

Each scheduled practice or contest of any round of an NCAA championship should include the following:

- The on-site presence of a person qualified and delegated to render emergency care to a stricken participant;
- The presence or planned access to a physician for prompt medical evaluation of the situation, when warranted;
- Planned access to a medical facility, including a plan for communication and transportation between the athletics site and the medical facility for prompt medical services, when warranted. Access to a working telephone or other telecommunications device, whether fixed or mobile, should be assured;
- All necessary emergency equipment should be at the site or quickly accessible. Equipment should be in good operating condition, and personnel must be trained in advance to use it properly. Additionally, emergency information about the student-athlete should be available both at home and on the road for use by medical personnel;
- A thorough understanding by all parties, including the leadership of visiting teams, of the personnel and procedures associated with the medical plan;
- An inclement weather policy that includes provisions for decision-making and evacuation plans; and
- Certification in cardiopulmonary resuscitation (CPR) techniques, first aid, and prevention of disease transmission (as outlined by OSHA guidelines) should be required for all athletics personnel associated with practices and contests. New staff engaged in these activities should comply with these rules within six months of employment.

MEDICAL EXAMINATIONS/SKIN CHECKS, WEIGH-INS

All student-athletes shall be examined by qualified physicians (at the national tournament, one of them shall be a dermatologist) and/or certified athletic trainers for communicable diseases before the competition.

Written Documentation. If a student-athlete has been diagnosed as having a skin condition, and is currently being treated by a physician (ideally, a dermatologist) who has determined that it is safe for that individual to compete without jeopardizing the health of the opponent, the student-athlete may compete. However, the student-athlete or his or her coach or athletic trainer shall provide current written documentation from the treating physician to the medical professional at the medical examination with the approved NCAA Skin Evaluation and Participation Status Form describing: (1) the diagnosed skin disease or condition; (2) the prescribed treatment and the time necessary for it to take effect; and (3) that the skin disease or condition would not be communicable or harmful to the opponent at the time of competition. Such documentation shall be furnished at the medical examination.

The skin examination and weigh-in area shall be a private, secure area. Only participants will be admitted to the medical check and weigh-in area. All participants must report to all weigh-ins clean shaven, with nails trimmed and hair at proper length. Student-athletes who fail to make weight and/or pass the skin examination will not have their transportation and per diem paid by the NCAA. The established medical-check time is 8:45 a.m. local time, Friday, March 14, and Saturday, March 15. The established weigh-in time is 9 a.m. local time, Friday, March 14, and Saturday, March 15. Medical checks and weigh-ins, respectively, end precisely after the last student-athlete has been checked.

Failure to receive a medical examination or weigh-in during the designated time will result in disqualification. Only extenuating circumstances will be considered by the Wrestling Committee or an appointed subcommittee. The tournament physician, as designated by the host institution and the NCAA, shall examine the skin of all participants during the medical examinations. The tournament physician/dermatologist shall report the results of the examination to the chair of the Wrestling Committee or a designated representative, who shall then be responsible for the administrative enforcement of the medical recommendation if it involves disqualification from the tournament.

No media shall be permitted at the weigh-ins or medical examinations.

Please refer to Appendix A of the 2024-25 and 2025-26 Wrestling Rules and Interpretations book for specifics regarding skin infections in wrestling.

MEETINGS

[Reference: Misconduct in the Division III General Section and Bylaws 31.02.3 and 31.1.8 in the NCAA Division III Manual.]

A mandatory prechampionships meeting of coaches of participating teams, officials and games committee members will be conducted at 2 p.m. local time, Thursday, March 13.

At the prechampionships meeting, administrative matters and the conduct of the championships will be reviewed, including conditions under which a student-athlete or representative of an institution may be disqualified from further participation in the championships for reasons of misconduct [See Bylaw 31.1.8]. It is mandatory that a representative from each participating institution attend the meeting. Failure to attend may result in penalties as prescribed in Bylaw 31.1.8.3.

PROGRAMS – DIGITAL

[Reference: Bylaw 31.6.3 in the NCAA Division III Manual.]

Many NCAA championships, including Division III wrestling, have adopted digital game programs that can be viewed online or downloaded to a consumer's mobile device. Learfield will be responsible for all digital program production including layout and design, advertising and digital distribution channels before and during the championships.

Digital programs will be available for download prior to the championships at [NCAA.com/gameprograms](https://www.ncaa.com/gameprograms).

Please contact Michelle Watsky (mwatsky@ncaa.org), at 317-917-6775 with any questions.

VIDEO REPLAY

Video replay will be used at the Division III Wrestling Championships. The rules below from the NCAA Wrestling Rules Book shall apply for use during competition.

Rule 3.21.2 The Review. The two ways a match may be stopped for a video review are by the action of the referee or by the action of the coach.

The referee may stop a match when there is no significant action when the referee believes: 1) there is reasonable doubt that an error was made regarding timing, scoring or the proper positioning of the wrestler; 2) the situation is reviewable; or 3) the outcome of a review may have an impact on the result of the match. The referee should review all unsportsmanlike conduct and flagrant misconduct calls.

Each team is allowed one challenge per dual meet, including team advancement tournaments, to be used at the coach's discretion. Each team in an individual advancement tournament, excluding open tournaments, is allowed one challenge for one to three participants, two challenges for four to six participants, and three challenges for seven to 10 participants, to be used at the coach's discretion. If a coach's challenge is supported after the review, the team retains that challenge. If a coach believes an error was made, the coach shall immediately approach the mat-side table and raise a flag matching the color assigned to his corner (red or green), thereby indicating to the mat-side table scorer the request for a video challenge. This signifies the coach believes an error was made, and the referee will stop the match when there is no significant action taking place to conduct the video review. Once the coach raises the flag, the challenge cannot be retracted. If a coach challenges a previously made ruling on a challenge or if a coach challenges a ruling when the team's allotment of challenges have already been used, the actions are considered intentional delay of the match and the coach is penalized for failure to comply. In addition, if a coach challenges a fall, which is not reviewable, it shall count as a failed challenge.

Rule 3.21.2 The Outcome. Only the referees (no other personnel) shall be immediately present at the mat-side table for the review of the video replay screen. A reversal of a call or noncall shall be based only on indisputable video evidence. After the review process is complete, the head referee makes one of the following announcements:

- a. If the video evidence confirms the on-the-mat ruling, "After further review, the ruling on the mat is confirmed."
- b. If there is no indisputable and conclusive evidence to reverse the original ruling, "After further review, the ruling on the mat stands."
- c. If the on-the-mat ruling is reversed, "After further review, the ruling is reversed. Therefore, [followed by a brief description of the impact of the ruling]."

- d. If there is no video evidence due to a system failure or operator error, the coach will retain his challenge. Any obstruction of the view on the video screen caused by participants, coaches, referee(s) or tournament personnel on the mat that does not allow for a confirmed ruling by the referee shall result in a charged video challenge.

If a ruling is reversed, the official scorer shall supply the referee with the following information in order for wrestling to resume under accurate match conditions: the period, the position of the wrestlers and the status of the match/riding time clock.

PROTEST PROCEDURE

Protests may be lodged only for errors in the recording of points or match results, and for nonjudgment errors in the application of rules. The coach must inform the official scorer and the referee of the intent to protest the bout before the bout sheet is removed from the scorer's table. The referee will note this intent to protest the bout on the bout sheet and will notify the opposing wrestler not to leave the area until the matter is settled. Scorer's table personnel or the referee shall inform the head table that a protest has been made.

SEEDING

When compiling a student-athlete's won-lost record for seeding purposes, all matches against student-athletes who compete on intercollegiate teams at four-year, degree-granting institutions in which NCAA rules are followed shall be counted, including open or unattached competition.

Regionals and Championships. Regional and Championships preseed committees have been established for seeding student-athletes. Regional preseed results are reviewed by coaches at their respective regional prior to the beginning of competition. Student-athletes within 10 votes of each other can be discussed during this meeting for possible adjustments. The season record form for each participant is used in the determination of the seeding. Seeding procedures can be found in [Appendix E](#).

The seeding meeting (preseed committee) for the championships will be conducted via conference call at 3 p.m. Eastern time, Sunday, March 2. Final seedings and pairings are then made by the Division III Wrestling Committee. Pairing sheets will be distributed via an announcement on [NCAA.com](#) after 6 p.m. Eastern time, Monday, March 3. These pairings are not to be released to any other media outlet before the official NCAA announcement.

TEAM BANNERS

Each team, subject to the approval of the games committee, may display one team banner void of commercial advertising.

VIDEO, FILMS AND STILL PHOTOGRAPHS

Institutions are permitted to video championships competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may video only that portion of the competition in which it participates. The video may not be used for any commercial purposes.

For additional information, refer to the NCAA Broadcast Manual policies and guidelines found at [NCAA.com/broadcast](#).

The Association reserves all rights to the use of still photographs and films of its championships. All rights to photograph and film NCAA championships may be assigned to media representatives for news purposes but otherwise are to be controlled exclusively by NCAA Productions, a unit of the NCAA. NCAA Productions shall film certain NCAA championships, as recommended by the governing sports committees and approved by the Championships Committee. Its cost in filming an NCAA championship and producing prints or sharing for the NCAA library of films shall be entered as an item of game expenses for that championship. The filming of NCAA championships by parties other than NCAA Productions (i.e., participating institutions or commercial film production companies) for any purpose other than news purposes may be permitted only with the advance written consent of the NCAA president.

Mat-side filming will not be permitted.

WEIGH-INS

It is mandatory that all participants in each weight class weigh in. The weigh-ins will be supervised by the Division III Wrestling Committee. Digital scales are used at all weigh-ins.

The weigh-in and skin examination area shall be in a private and secure area only. Only participants and properly credentialed tournament officials will be admitted to the weigh-in area.

Student-athletes must complete a skin check and receive medical clearance on site each day just prior to weigh-ins. The weigh-ins will be conducted at the following times (local time):

9 a.m. – Friday, March 14

9 a.m. – Saturday, March 15

Times are subject to change if the session times change.

Appendix E • Seeding Procedures

2025 NCAA DIVISION III WRESTLING REGIONAL SEEDING PROCEDURES

The NCAA Division III Wrestling Committee has comprised the following procedure for use in seeding each regional tournament. The below system provides coaches with the tools and timeframe to research and vote for the best possible seeds at each weight class in their respective region. This process is also used to seeding wrestlers that the national seeding committee uses, which will provide for a consistent and efficient application throughout the championships.

Entries:

1. All entries for seeding are due by **2 p.m. Eastern time on Monday, Feb. 24**. By 5 p.m. Eastern time, all head wrestling coaches will be provided record sheets as well as links to the wrestling comparison and voting websites from the National Wrestling Coaches Association (NWCA).
2. Additional adjustments or replacements to lineups are permitted, starting after the 10 a.m. Eastern time, Wednesday, Feb. 26 ranking deadline; however, those individuals will not be seeded. Those changes must be communicated through the host regional tournament director. **The deadline for all unseeded adjustments or replacements to lineups is immediately prior to each regional's respective seeding meeting.**

Regional Seeding:

1. All coaches **MUST** seed each weight class, regardless of if that coach has a wrestler in each weight class. Coaches will seed 8 wrestlers per regional. After the top 8 seeds wrestlers will be randomly drawn into the bracket.
2. Rankings will be completed electronically and must be done by **10 a.m. Eastern time, Wednesday, Feb. 26**. Instructions on how to access and complete the pre-seed selection process will be sent to each head coach by the NWCA. This list will be automatically tabulated and emailed to each head coach. Coaches and regional hosts will receive the seeding results by 2 p.m. Eastern time on Wednesday, Feb. 26.
3. Seeding protocol per NCAA Wrestling Rule 3.19 Seeding: Consideration for determining seeded wrestlers, but not necessarily in this order, is given to: (a) head-to-head competition, (b) common opponents, (c) a contestant's won-loss record (defined as the wins and losses on an individual record form, not winning percentage – evaluation, and (d) returning NCAA Championship All-Americans.
4. All voting will be monitored, and results will be made public. The NCAA national committee, NCAA site representative, tournament director or NCAA championships staff will review, based on the applicable administrative policies, an incident that constitutes failure to adhere to policies and procedures or misconduct. Any situation that is deemed unethical will be reviewed by the committee and is subject to reprimand and/or fine.
5. The NWCA assigns a point value that correlates to the wrestlers rank and calculates a total. (The highest and lowest rankings are thrown out for this calculation.) The program will then automatically calculate the seeds. These seeds will then be used by the coaches in the regional seeding meeting to determine final seeds.

NCAA Division III 2025
WRESTLING SEEDING PROCEDURES
Page No. 2

6. The regional site representative, with the support of the host tournament director, will serve as moderator to run the seeding meeting. This moderator's main duty is to facilitate the meeting in an orderly fashion and to make sure the rules that the NCAA committee has established for the seeding are followed.
7. The seeding meeting will start with the 125-pound weight class and end with the heavyweight class. Only ONE coach per institution can talk and vote in the seeding meeting and it must be the same coach throughout the entire meeting. There will be discussion on seeds that are within 10 points of each other. Each coach has two minutes to state their case for their respected wrestler followed by 30 seconds for a rebuttal for that wrestler. Only wrestlers within 10 points can be discussed, and there must be compelling reasons to make a seeding change for a vote to be taken. If a vote is taken and results in a tie, a coin flip will be used to determine the higher seeded wrestler.
8. Any voting at the seeding meetings will be done by hand count.
