1. **NCAA Division I legislative discussion.** The NCAA Division I Men's Basketball Oversight Committee reviewed and engaged in an initial discussion on several potential concepts for future legislative changes. Specifically, the oversight committee discussed: (a) once-in-four-year foreign tour timing; (b) number of exempted preseason practice scrimmage and/or exhibition contests; (c) summer athletic hours and types of activities permitted; and (d) number of countable coaches and off-campus recruiters. The Division I Men's and Women's Basketball Oversight committees will continue to discuss these concepts at their next joint meeting. Additionally, the oversight committee discussed the timing of unofficial visits and recruiting legislation specific to international prospective student-athletes. The oversight committee will continue to discuss these two concepts at its next oversight meeting.

2. **Review of men's basketball legislative relief waiver appeals.** The oversight committee reviewed and issued decisions on legislative relief waiver appeals.

3. **Training expenses from an NCAA-certified agent blanket waiver.** The oversight committee reviewed and approved a blanket waiver request for NCAA-certified agents to provide training expenses to Division I men's basketball student-athletes during the 2026 NBA pre-draft process. This is the same blanket waiver request the committee has supported in previous years.

4. **Men's basketball content calendar.** The oversight committee received an informational update on the men's basketball annual content calendar. Specifically, the men's basketball staff will regularly share content relative to the men's basketball regular season and championships across various categories (e.g., social media metrics, attendance, marketing, television ratings). This effort aligns with the oversight committee's duties and responsibility to address future issues, challenges, opportunities and outcomes specific to men's basketball.

5. **Update from the NCAA Division Men's Basketball Committee.** The oversight committee received an update from the Men's Basketball Committee's October 13 videoconference and October 27-28 fall in-person meeting. The oversight committee **approved** the 31 eligible conferences for automatic qualification. Also, the Men's Basketball Committee will conduct a media mock selection February 19, 2026.

6. **NCAA playing rules and statistics update.** The oversight committee received an update on playing rules and statistics during the 2025-26 men's basketball regular season. Specifically, the oversight committee was informed games last two hours and one minute, on average, compared to two hours and four minutes last year, and coach's challenges are averaging two minutes and five seconds per review for week one of the season.

7. **NCAA Division I Men's Basketball Student Engagement Group update.** The oversight committee received an update from the Division I Men's Basketball Student-Athlete Engagement Group's (SAEG) October 26 and November 16 meetings.

8. **National Association of Basketball Coaches update.** Due to time constraints, the oversight committee will address this agenda item at a future meeting.

9. **Identification of discussion topics for the upcoming NCAA Division I Men's and Women's Basketball Oversight Committees' joint meeting.** The oversight committee identified topics to be discussed during its next joint meeting.
