JUNE 24-25, 2024, MEETING

**ACTION ITEMS.**

- None.

**INFORMATIONAL ITEMS.**

1. **Transfer window update and the Division I Progress-Toward-Degree Waiver Directive for 2024-25.** The NCAA Division I Men's Basketball Oversight Committee received an update specific to the upcoming NCAA Division I Council discussion on recommendations for a 30-day transfer window. The committee also received an update on NCAA Transfer Portal data from the 2023-24 window in men's basketball and an update from the NCAA Division I Committee on Academics on updates to the progress-toward-degree directive that will be used to evaluate waivers submitted for academic deficiencies impacting student-athlete eligibility during the 2024-25 academic year.
2. **Discuss NCAA Division I Legislative Committee review of the National Association of Basketball Coaches 4-4-4 transfer and financial aid recommendation.** The committee received an update on the Division I Legislative Committee's recommendation to issue two blanket waivers pertaining to specific financial aid provisions that apply to undergraduate four-year transfer student-athletes. The first blanket waiver would permit the future aid to be exempted after an undergraduate four-year transfer student-athlete re-enters the NCAA Transfer Portal, provided that if the student-athlete ultimately remains and does not transfer again, they are no longer participating on the team. The blanket waiver is effective for the 2024-25 and 2025-26 academic years and does not release an institution from its obligation to honor the student-athlete's athletics scholarship if the student-athlete remains enrolled, it simply permits the aid to be exempted from team limits.
