

REPORT OF THE NCAA DIVISION I
MEN'S BASKETBALL OVERSIGHT COMMITTEE
NOVEMBER 21, 2025, VIDEOCONFERENCE

ACTION ITEMS.

- **Legislative item.**
 - **Men's Basketball – Notification of Transfer – Undergraduate Student-Athletes.**
 - (1) Recommendation. The NCAA Division I Men's Basketball Oversight Committee introduced legislation to modify the notification of transfer window in men's basketball to initiate the notification of transfer process during a 15-consecutive-day period beginning the day after the NCAA Division I men's basketball championship game. Further, to amend the head coach departure exception to specify the following:

Fifteen-consecutive-day window if one of the following occurs between the opening of the notification transfer window (e.g., April 7) and January 1:

 - School hires or publicly announces hire of new head coach, the 15-consecutive-day period begins five calendar days after the hire or public announcement (whichever occurs first); or
 - If school does not hire a new head coach within 30 days of departure or announcement of departure, the 15-consecutive-day period begins on the 31st day.

The head coach exception may not occur prior to opening of the notification of transfer window (e.g., April 7, 2026), and the 15-consecutive-day window may not extend beyond January 1.

The oversight committee requests the Division I Cabinet adopt the proposed changes as expedited legislation at its January 14, 2026, meeting.
 - (2) Effective Date. Immediate.
 - (3) Rationale. The oversight committee recognized the NCAA Division I men's basketball championship as the pinnacle for the sport and delaying the start date of the notification of transfer period until after the conclusion of the championship ensures continued growth and celebration of the sport. Additionally, the proposal allows coaches and student-athletes to continue their focus on postseason competition. The oversight committee noted transfer student-athletes would still have sufficient time to complete academic requirements to fully participate in summer athletic activities at their new institution as the notification of transfer window would conclude at the same time as the previous window.

- (4) Estimated budget impact. Varies by institution based on time recruiting off campus.
- (5) Student-athlete impact. The proposal provides student-athletes with time at the conclusion of their season to consider transferring while not impacting the postseason experience.
