1. **Approval of the NCAA Division I Student-Athlete Advisory Committee January 12 and 15, 2021, meeting report.** The Division I Student-Athlete Advisory Committee reviewed and approved the report from its January 12 and 15 meeting.

3. **Review of Division I Committee on Infractions recommendation.** The Student-Athlete Advisory Committee discussed the potential recommendation to adjust the composition of the Division I Committee on Infractions to include a student-athlete representative from Division I SAAC. The committee discussed the overall details of the recommendation and will seek feedback from the appropriate standing committees and key stakeholders.
4. **Discuss temporary dead period/recruiting calendars.** The Student-Athlete Advisory Committee reviewed a request from the NCAA Division I Council Coordination Committee regarding the current temporary recruiting dead period. The committee indicated its preference to extend the current temporary COVID-19 recruiting dead period beyond April 15 and was supportive of the NCAA Division I Council acting on the extension of the dead period during the February 17, 2021, meeting. The committee noted the importance of providing prospective student-athletes with immediate guidance on the future of recruiting. The committee was not supportive of transitioning to a quiet period on April 16, noting the importance of maintaining the health and safety of current student-athletes that are in season. The committee emphasized the need to provide clarity on this issue but also noted the need to be mobile enough to pivot if more information regarding how COVID-19 is impacting the environment becomes available (e.g., positive case rates, vaccination rates, additional or expiring federal and local mandates). Finally, the committee would support a transition to a quiet period after the championship season ends for spring sports.
