- None.

INFORMATIONAL ITEMS.

1. **Temporary COVID-19 recruiting dead period/recruiting calendars.** The NCAA Division I Student-Athlete Experience Committee received an update regarding the NCAA Division I Council action extending the temporary COVID-19 recruiting dead period to May 31 and discussed potential options for permissible recruiting activities following the expiration of the temporary COVID-19 recruiting dead period. The Student-Athlete Experience Committee intends to seek feedback on its recommended models from the oversight committees and Council in March.
2. **NCAA Division I Presidential Forum Sustainability Review.**
 - a. **Comprehensive recruiting review.** The Student-Athlete Experience Committee reviewed its recommendations for continued flexibility during the 2021-22 academic year to allow any institutional staff member and student-athletes to initiate recruiting calls and to permit any number of uncommitted prospective student-athletes to participate on a recruiting call with an institution. The committee recommended a permanent legislative change to permit an institution's coach to prerecord a video message for a meeting or banquet attended by prospective student-athletes. These recommendations will be included in the committee's full report to the Council on April 2.
 - b. **Student-athlete eligibility.** The Student-Athlete Experience Committee reviewed the concept regarding full-time enrollment requirements for student-athletes who have received a baccalaureate degree. The Student-Athlete Experience Committee was supportive of extending the 2020-21 academic year flexibility to the 2021-22 academic year and encourages the NCAA Division I Committee on Academics to continue to consider alternative ways for post-baccalaureate student-athletes to satisfy full-time enrollment requirements outside of traditional enrollment.
