2. **Discussion on NCAA Division II Executive Board Referral for Proposal No. 2026-6.** During the Executive Board's January 14 meeting, the board recommended asking the Division II membership during the January 16 Division II business session to send the seasons-of-competition proposal back to the governance structure for further review and potential sponsorship for the 2028 Convention. The SAAC convened January 14 to discuss its position on the referral and whether it would speak on the referral during the Division II business session.

The committee voted to support the referral and decided to speak in favor of it during the business session. The committee expressed concern that, based on the legislative grids, some student-athletes were not fully aware of the potential implications of the proposal. The committee feels the division needs to see how its new redshirt rule that became effective Aug. 1, 2025, continues to benefit student-athletes before making significant changes. The new redshirt rule permits student-athletes representing a Division II school in their initial year of collegiate enrollment to participate in up to 30% of the maximum permissible number of contests or dates of competition without using a season of

competition, regardless of sport. The committee also believes Division II should continue to monitor the eligibility landscape across the Association to determine if five seasons of competition are right for the division.

3. **Referral for Feedback from NCAA Division II Legislation Committee.** The committee provided feedback to the Legislation Committee on NCAA Division II Bylaw 17 (playing and practice seasons).
  - a. **Bylaw 17.1.6.3.1 (Sports Other than Football).** Outside of the playing season, in sports other than football, student-athletes are limited to eight hours of countable athletically related activities per week, of which not more than four hours may be spent on team activities. The committee was not supportive of removing the limit of four hours and felt it was still appropriate. The committee noted that the limit was important to maintain the division's Life in the Balance philosophy. The committee also noted student-athletes could do extra skill instruction on their own and felt that having the choice to participate in additional skill instruction rather than being required was important.
  - b. **Bylaw 17.33.1.7 (Maximum Number of Contests/Competition Dates).** The limit on permissible contests/dates of competition during a foreign tour are three football games, 10 basketball games and 10 contests/dates of competition for all other sports. The committee discussed whether the current limits on permissible contests/dates of competition during a foreign tour are still appropriate. Two committee members have experience with a foreign tour and felt the limits were adequate but also noted 10 contests is a lot and would be supportive of lowering the limit.
  - c. **Bylaw 17 (Involvement of Coaching Staff).** In team sports, no member of the coaching staff of a member institution may be involved in any capacity (e.g., coach, official, player or league/team administrator) at any time (i.e., during the academic year, vacation periods and summer) with an outside team that involves any student-athlete with eligibility remaining from the institution's team. The committee discussed whether a member of the institution's coaching staff in team sports should be permitted to be involved with an outside team that involves a student-athlete on the institution's team during the summer. The committee was not in favor of allowing coaches to be involved with outside teams that involve their current student-athletes and felt that it is important to maintain that separation.
4. **Election of 2026 SAAC Executive Team.** The committee elected Rachel McCool, Ashland University, Great Midwest Athletic Conference, as chair of SAAC for 2026; Connor Fournier, Minnesota State University, Mankato, Northern Sun Intercollegiate Conference, as vice chair; Zeke Jarzyniecki, Belmont Abbey College, Conference Carolinas, as external communications coordinator; and Lily Ventresca, Slippery Rock University of Pennsylvania, Pennsylvania State Athletic Conference, as internal operations coordinator.

9. **Discussion with NCAA President Charlie Baker.** SAAC members introduced themselves to President Baker and engaged with him on sports wagering, the ongoing discussions around student-athlete employment and potential impacts on Division II, how SAAC can enhance the student-athlete voice and areas he would recommend the committee to dedicate time toward.

14. **Discussion on Festival Budget Allocation.** The committee continued its November 2025 discussion on how to enhance the student-athlete experience at Division II championships using the budget dollars allocated to the Division II National Championships Festivals following the last festival in fall 2026. The committee recapped its initial ideas from last November, including enhanced web streaming production, postgame interviews, nutrition stations and awarding trophies in a celebratory moment, such as at regional championships. The committee also recommended additional signage, maintaining quality participant gifts and increasing officials' pay due to their direct impact on competition.

15. **Discussion on SAAC's Eighth Super Region Convention.** The committee discussed the eighth SAAC Super Region Convention for schools in the South Central and West regions at the Grand Hyatt in Denver, held November 21-23, 2025. The committee provided feedback on how the convention was run, the speakers and discussed ideas for future super region conventions.
16. **Updates on 2025-26 SAAC Goals.** SAAC finalized its 2025-26 goals in July 2025 and reconfirmed its goals for the spring of 2026 during its January meeting. This academic year, two activation ideas are being implemented.

- a. Maintaining consistent communication with campus and conference SAACs to keep student-athletes informed on Division II events and issues.
- b. Encouraging and spotlighting community engagement efforts in Division II conferences and schools.

The community engagement task force noted they will be sending an email to their SAAC Network in February and April, asking for any community engagement, Make-A-Wish, and/or Team IMPACT efforts to highlight on Division II SAAC's social media. The communications task force discussed an internal spreadsheet that has been created to provide the committee with a checks and balances system for when they are asked to send communication to their SAAC Network.

17. **Dr. Dave Pariser Faculty Mentor Award.** The Dr. Dave Pariser Faculty Mentor Award recognizes faculty members at Division II schools for their dedication to supporting and mentoring student-athletes, as well as their commitment to Division II student-athletes' lifelong learning, competition and well-being. The committee recognized Eric Gaynor of Bentley University as the 2025 Faculty Mentor Award winner as selected by SAAC's Honors, Awards and Recognition Subcommittee.
18. **2026 Award of Excellence.** The committee reviewed the finalists for the 2026 Division II Award of Excellence as selected by SAAC's Honors, Awards and Recognition Subcommittee. Walsh University was named the 2026 Award of Excellence winner for its efforts honoring veterans, active-duty service members and local first responders in celebration of America's 250th birthday. Johnson C. Smith University received the runner-up prize for engaging kindergarten through eighth grade students through campus-based programs like AVID Day, Literacy Boot Camp and the Scholastic Book Fair. The University of South Carolina Aiken garnered third place for its inclusive community engagement event "A Night in Wonderland."
19. **Executive Board, Management Council, SAAC Joint Meeting.** The committee reviewed the agenda and discussed the information that would be covered during the Executive Board, Management Council and SAAC joint meeting. Committee members had roundtable discussions and engaged in professional development.

20. **Joint SAAC Lunch.** The committee reviewed the agenda and discussed the joint SAAC lunch that was attended by the national SAACs from all three divisions. The three SAACs had the opportunity to speak with President Baker and NCAA Board of Governors Chair Jim Phillips.

The opportunities include the NCAA Career in Sports Forum, NCAA Emerging Leaders Seminar, NCAA Postgraduate Internship Program and NCAA Student-Athlete Leadership Forum.
22. **Make-A-Wish®.** The committee received an update from Nicole Colley on the 2026 Week of Wishes occurring February 14-21. During the week, institutions are encouraged to consider hosting a fundraising event for Make-A-Wish, such as Make-A-Wish games, and promote the division's partnership. All donations should be submitted through each school's Make-A-Wish page at [ncaadii.wish.org](http://ncaadii.wish.org).
23. **Team IMPACT®.** The committee received an update from Erin Loughlin and Amy VanRyn on Division II's continued partnership with Team IMPACT. Division II currently has 194 matches involving 100 campuses and all 23 Division II conferences. Since the partnership began, Division II has had 815 matches involving over 20,000 student-athletes on 217 campuses and all 23 conferences. The committee learned the 2026-27 Team IMPACT Fellowship application is now open.
24. **Make It Yours Paid Media Update.** Division II staff provided an update on its partnership with Paciolan and the continued activation of the Make It Yours brand. Last fall, Division II launched a targeted paid media strategy with Paciolan among prospective student-athletes and parents that is aimed at strengthening the perception and understanding of Division II nationally by increasing awareness that Division II is the balance between athletics, academics and community engagement. Division II is increasing brand awareness and perception by promoting the division through paid media on Facebook, Instagram and TikTok; paid search leading up to the Division I transfer window; utilizing video on YouTube and over-the-top streaming services; and creating geofences around select high school showcases to promote the division to prospective student-athletes and their parents.
25. **Division II Committee Reports.** SAAC members serving on Division II committees provided updates on their respective committees. The Division II committees represented were the Administrative Committee, Championships Committee, Executive Board, Legislation Committee, Management Council, Strategic Planning and Finance Committee and Student-Athlete Reinstatement Committee.

The Association-wide committees represented were the Board of Governors, Committee on Access, Opportunity and Impact, and Committee on Competitive Safeguards and Medical Aspects of Sports.
- 27. Cross Divisional Student-Athlete Group Update and Discussion.** The committee received an update on the most recent meeting involving the Cross Divisional Student-Athlete Group and a discussion the attendees had about Division I SAAC considering a recommendation to change Student-Athlete Advisory Committee to Student-Athlete Advocacy Committee. The committee learned Division I SAAC is considering a name change to clarify the committee's primary responsibility to advocate for student-athlete welfare, policy input and representation in governance decisions; enhance visibility through the use of the word "Advocacy" to signify active engagement in protecting and advancing student-athlete interests; reinforce authority that student-athlete voices are central in Division I decision-making; and to align with ongoing efforts to ensure student-athlete representation is not only advisory but influential and meaningful in Division I governance processes.

Division II SAAC discussed Division I SAAC's potential name change and feels it is important to have a unified name among the three divisions; however, they expressed support for Division I making the change given the committee's rationale. The committee did not feel the change was necessary in Division II. The committee believes that they are advocating by advising and there are bigger issues for Division II SAAC to tackle. The committee feels that now is not the right time to consider this change in Division II, considering there are conferences and campuses trying to establish themselves.
