**Division:** III

**Date Issued:** August 26, 2022

**Date Published:** September 12, 2022

**Item Ref No:** 1

**Text:**

The previously approved waiver process was approved by the NCAA Division III Management Council Subcommittee for Legislative Relief with an August 1, 2008, effective date. The intent behind this process is to reduce bureaucracy and permit the membership and NCAA staff to work more efficiently in limited circumstances.

Similar to previously approved incidental expense waivers in NCAA Division III Bylaw 16.12.1.1, institutions may self-apply on campus any previously approved waiver specifically listed below without filing a formal legislative relief waiver request to the NCAA national office. An institution is only permitted to self-apply relief (approve a waiver request) if the institution's circumstances appear on the list of designated previously approved waivers and the circumstances satisfy the specified criteria established for the particular previously approved waiver. If an institution's circumstances do not appear on the list of previously approved waivers or if the circumstances do not satisfy all of the established criteria for a particular previously approved waiver, the institution must submit a formal legislative relief waiver application to the national office for consideration.

An institution that grants relief of NCAA legislation based on the specific previously approved waiver circumstances listed below must submit a report to its conference office on a quarterly basis each year. The list of previously approved waivers will be updated on an annual basis by NCAA staff.
