  **Presidents Council.** The Presidents Council reviewed the most up to date financial information. Staff noted that due to final negotiations with CBS/Turner from last year’s canceled Division I men’s basketball championship resulted in an additional $3.4 million revenue loss. However, with the receipt of the division’s catastrophic insurance payout of $5 million, the division ended the year with a $7.1 million overage. Staff noted that funds from the mandated reserve covered the loss.

  **Presidents Council.** No action was necessary.

(2) **Playing and Practice Seasons Subcommittee.**

- **Review of legislative relief waivers.**

  **Management Council.** The Council noted the subcommittee’s review of legislative relief waivers for the alternative playing and practice seasons model. The subcommittee noted decisions regarding the alternative playing and practice seasons model should align with the current legislation as much as possible.

  **Presidents Council.** No action was necessary.

(d) Bracket/field sizes for winter and spring sport championships.

Management Council. Due to COVID-19 testing, the need for predetermined sites and the added administrative costs, the committee capped the brackets and field sizes for all 2021 winter and spring sport championships (individual and team) at 75 percent, understanding that additional limited adjustments may be necessary based on the number of eligible institutions as the championship approaches.

(b) **Suspension of American Collegiate Athletic Association from active conference membership during the 2020-21 academic year.**

Management Council. The Council approved a recommendation to suspend active conference membership for the American Collegiate Athletic Association for the 2020-21 academic year. The conference has no current members, and it will fail to meet several annual obligations of Division III conference membership. b. **Sport Science Institute (SSI) updates.**

Management Council. Chief Medical Officer Dr. Hainline provided an update on the recent release of the Resocialization of Collegiate Basketball guidelines and corresponding FAQ. The FAQ includes a focus on the recommendations, such as the impact of the guidelines on Division III, guidance for student-athletes returning from winter breaks, and protocols for back-to-back games in one week-end, among other topics. It also provides updated guidance for testing, differentiating high transmission risk sports that are played indoors versus outdoors. It also was noted that commissioners recently received a memo from the NCAA that provided COVID-19 testing company contact information. The companies are able to provide testing kits and resources to institutions at a reduced rate. Regarding game officials, the COVID-19 Advisory Group is recommending that testing always take place on Monday, Wednesday and Friday, and occur at the institution where the official is assigned to work. The host institution would be responsible for administering and paying for the tests.

The Council also received an update on the recent Transgender Student-Athlete Summit co-hosted by SSI and the Office of Inclusion in early October. The summit, which included medical experts and divisional representation, looked at healthcare (physical/mental) for student-athletes who are gender transitioning, competitive equity, and inclusion. The summit didn’t recommend a new testing paradigm (e.g., establishment of testosterone levels), but instead the NCAA will develop core principles to share with the Board of Governors.

The results are available on the Research page of ncaa.org.

The study collected data from more than 15,000 key stakeholders via surveys, focus groups and videoconferences. Overall, the comprehensive review has framed a strategic plan for the D3CA to implement over the coming months to address the most critical officiating issues facing Division III.

- Kate Conway-Turner, Buffalo State, State University of New York.

### 8. ADDITIONAL BUSINESS.

- **Countable Season of Participation and Use of Semester/Quarter Requirements.**

Management Council. The Council forwarded a blanket waiver recommendation to the Presidents Council to allow all NCAA Division III student-athletes to compete up to the established dates of competition/contests maximums without being charged a season of inter-collegiate participation during this academic year (2020-21). In addition, student-athletes would not be charged a term of attendance for any term (semester/quarter) during the 2020-21 academic year in which they were eligible for competition.

The COVID-19 pandemic will continue to dramatically affect higher education at least through the end of this academic year and likely beyond, and student-athletes are feeling the impact from both an academic and athletics perspective. The uncertainty regarding the extent of their athletics participation and the related eligibility repercussions contribute to a growing list of concerns impacting current student-athletes.

This proposal was recommended by over thirty conferences and endorsed by several governance committees, including national SAAC. It provides limited relief and clarity for student-athletes making necessary academic and athletics decisions this year.

The Council also recognized the future implications of this waiver. Specifically, this recommendation does not serve as rationale for future reduced enrollment by student-athletes. Rather, the Council reaffirmed its commitment that intercollegiate athletics involves students competing against students. Consequently, student-athletes benefiting from this waiver will still be expected to adhere to the full-time enrollment requirements during the current and future academic years, consistent with the Division III Philosophy.

Presidents Council. The Council approved the blanket waiver request and mirrored the Management Council’s stance that this recommendation does not serve as rationale for future reduced enrollment by student-athletes.
9. **ADJOURNMENT.**

Management Council. The Council meeting adjourned at 3:37 p.m. Monday, October 19, and 12:29 p.m. Tuesday, October 20.

Presidents Council. The Presidents Council meeting adjourned at 2:52 p.m. Wednesday, October 28.
