

**REPORT OF THE
NCAA HIGH SCHOOL REVIEW COMMITTEE
JANUARY 26, 2023, VIDEOCONFERENCE**

ACTION ITEMS.

- None.

INFORMATIONAL ITEMS.

- 1. Discussion regarding fourth year math courses.** The committee reviewed three case studies of Eligibility Center course submissions and discussed whether the current review policy on bridge or transitional math courses is still appropriate. The committee determined adjustments to the current policy are warranted but further discussion is needed to determine the specific changes. The high school review staff will prepare policy considerations for committee review.
- 2. Review of modernized legislation draft.** The committee reviewed an updated draft of consolidated core-course and nontraditional-course legislation as part of its ongoing discussion on modernizing the legislation given the changing landscape of secondary education. Feedback will be gathered from the Division I Committee on Academics Subcommittee on Student-Athlete Academics and the Division II Academic Requirements Committee.

Committee Chair: Mary Anne Butler, Stonington Public Schools
Staff Liaison(s): Sarah Overpeck, Eligibility Center
