By signing this form, you affirm that you are aware of the NCAA drug-testing program, which provides:

2. A student-athlete who tests positive for a banned drug other than cannabinoids and narcotics shall be ineligible for competition in all sports until he or she has been withheld from the equivalent of one season of regular season competition. If the student-athlete tested positive during a year in which he or she did not use a season of competition, he or she shall be charged with the loss of one season of competition in all sports. If the student-athlete tested positive during a year in which he or she used a season of competition he or she shall be charged with the loss of one season of competition in all sports unless he or she uses a season of competition in the academic year immediately after the positive test. 3. A student-athlete who tests positive a second time for the use of any drug other than cannabinoids or narcotics shall lose all remaining regular season and postseason eligibility in all sports. A student-athlete who previously tested positive for the use of any drug other than cannabinoids or narcotics or tests positive for use of a substance in the banned drug class cannabinoids and narcotics shall be withheld from competition for 50 percent of a season in all sports (i.e., first 50 percent of all regular season contests or dates of competition in the season following the positive test). The student-athlete will remain ineligible until the prescribed penalty is fulfilled and he or she tests negative pursuant to the policies and procedures of the NCAA Drug-Testing Program.
4. A student-athlete who tests positive for the use of a substance in the banned drug classes cannabinoids or narcotics shall be ineligible for competition during 50 percent of a season of competition in all sports (i.e., 50 percent of all contests or dates of competition in the season following the positive test) and remain ineligible until the prescribed penalty is fulfilled and he or she tests negative pursuant to the policies and procedures of the NCAA Drug-Testing Program.

A student-athlete involved in tampering during a year in which he or she used a season of competition, shall be charged with the loss of two additional seasons of competition in all sports, in addition to the season used, unless he or she uses a season of competition in one of the next two academic years. If he or she used a season of competition in one of the next two academic years, he or she will only be charged one additional season of competition in all sports, in addition to the season used. The student-athlete shall be ineligible for intercollegiate competition for 730 consecutive days after the student-athlete was involved in tampering and until he or she tests negative pursuant to the policies and procedures of the NCAA Drug-Testing Program.
7. If a student-athlete transfers to a non-NCAA institution while ineligible because of a positive NCAA drug test and competes in collegiate competition within the prescribed penalty at a non-NCAA institution, the student-athlete will be ineligible for all NCAA regular season and postseason competitions until the student-athlete does not compete in collegiate competition for the entirety of the prescribed penalty while enrolled and otherwise eligible for competition at an NCAA institution.
