

## NCAA Division I COVID-19 Actions for Consideration – 2020-21 Academic Year

Originally Released: August 14, 2020

**FINAL UPDATE: May 26, 2021**

1. Multiple [resources](#) on the resocialization of collegiate sport.
2. Comprehensive chart tracking actions taken on Division I regulations and policies: [Division I COVID-19 Action Chart](#).
3. Interpretative guidance on existing Division I legislation and action taken based on the impact of the COVID-19 pandemic: [Division I COVID-19 Question and Answer Guide](#).

Potential Actions Identified for NCAA Division I Council Review (Please note, once an item is acted upon, it will be moved to the <a href="#">Division I COVID-19 Action Chart</a> .)	
Comprehensive Review Requests for 2021-22 Academic Year and Beyond	
Nature of Review	Summary/Next Steps
<b>Presidential Forum Sustainability Review</b>  <i>*Note: a comprehensive review of the recruiting legislation is one of the more complex referrals identified as part of the PF Sustainability Review.</i>	<ul style="list-style-type: none"><li>• The Presidential Forum is engaging in a review of sustainability that includes both long-term and short-term issues. During its January 27, 2021, meeting, the NCAA Division I Council Coordination Committee reviewed the Presidential Forum's list of potential short-term issues and referred review of those issues to various committees within the governance structure.</li><li>• During its April 14-15 meeting, the Council reviewed recommendations from the NCAA Division I Legislative Committee related to short-term issues that were informed by feedback from the committees to which the issues were referred.</li><li>• The Council took action to extend several blanket waivers and identified additional topics that warrant further review by committees in the governance structure.</li><li>• Issues identified as requiring longer-term review, including concepts related to the comprehensive review of recruiting, will be reviewed and referred to the applicable committees for further discussion in the coming months.</li></ul>
<b>Legislative Committee's Rules Modernization Subcommittee</b>	<ul style="list-style-type: none"><li>• The Legislative Committee's rules modernization efforts began prior to COVID-19 and will likely continue after the conclusion of the pandemic.</li><li>• During its February meeting, the Legislative Committee (as part of its rules modernization efforts) will review the COVID-19 action chart (link at the top of this document) to determine where relief provided during COVID-19 should be extended or made permanent.</li><li>• While there is some overlap between the Presidential Forum Sustainability Review and the Legislative Committee's Rules Modernization efforts, they are not the same. There will be some items considered by the Legislative Committee that were not included in the Presidential Forum's list of potential short-term issues.</li></ul>
