

Application of Playing and Practice Seasons in Division II Championship Sports for the 2020-21 Academic Year

Please note, the following chart is applicable to the 2020-21 academic year as a result of COVID-19 and the relief provided by the Division II Administrative Committee for Division II championship sports. All daily and weekly hour limitations remain the same (see NCAA Bylaws 17.1.6.1 and 17.1.6.2). Institutions that declare a different championship segment for their sports are still eligible to participate in the Division II championship, as long as all other selection criteria and sports sponsorship requirements are met.

For information on the playing and practice season legislation for National Collegiate Championship sports, emerging sports for women and Division II men's ice hockey, reference the sport-specific legislation in Bylaw 17 and Figure 17-2 (playing and practice seasons).

| Sport | First Practice Date in the Championship Segment | First Contest Date or Date of Competition in the Championship Segment | Number of Days in the Championship Segment | End of Regular Playing Season | First Practice Date in the Nonchampionship Segment (or Spring Practice in Football) |
|---------------|--|---|---|--|---|
| Baseball | Practice may begin September 7 or the fourth day of classes, whichever is earlier. | Institutions (or conferences) may declare a championship segment at any point during the 2020-21 academic year equal to the number of days in the regular season. | 131 days ^{1,3} | Monday, May 31, 2021, unless the institution is participating in the NCAA championship. ⁵ | At any point during the 2020-21 academic year (other than during institutional final exams and the legislated winter break), based on the institution's adjusted championship segment. ^{7,8} Practice may begin September 7 or the fourth day of classes, whichever is earlier. |
| Basketball | Preseason Conditioning and/or On-Court Practice: September 7 or the fourth day of classes, whichever is earlier. | Institutions (or conferences) may declare a championship segment at any point during the 2020-21 academic year equal to the number of days in the regular season. | 142 days ^{1,3} | Monday, May 31, 2021. ⁵ | |
| Cross Country | Practice may begin August 17 or five days before the | Institutions (or conferences) may declare a championship segment at any point during | 84 days ^{1,3} | Monday, May 31, 2021. ⁶ | At any point during the 2020-21 academic year (other than during institutional final exams and the |

| Wrestling, Men's | Practice may begin September 7 or the fourth day of classes, whichever is earlier. | Institutions (or conferences) may declare a championship segment at any point during the 2020-21 academic year equal to the number of days in the regular season. | 144 days ^{2,3} | Monday, May 31, 2021. ⁵ | |
|------------------|--|---|-------------------------|------------------------------------|--|

¹ Institutions may divide the championship segment into two segments of consecutive days. Days off, including those required per Bylaw 17.1.6.5 (required day off – playing season) and for official vacation, holiday and final-examination period days during which no practice or competition occur, must be included in the calculation. Institutions may continue practice and competition after the applicable Division II Championship, as long as days remain in the institution's season.

² Which may consist of two segments (each consisting of consecutive days) and exclude only required days off and official vacation, holiday and final-examination period during which no practice or competition shall occur.

³ Practice and competition remains impermissible during the legislated seven-day winter break (December 21-27, 2020); however, institutions are permitted to provide expenses (e.g., housing, meals) to student-athletes who are unable to return home during the break. Use of institutional facilities remains limited to facilities open to the general student body.

⁴ Institutions are permitted to extend the fall championship segment and/or spring nonchampionship segment by the number of days the institution delayed the start of the fall 2020 championship segment. For example, if a tennis team is not able to begin practice until August 27, which is a 10-day delay, the institution may continue participating until November 25, start the nonchampionship segment on February 5 or use a combination of the 10 lost days over both segments.

⁵ Student-athletes must be given a 14-consecutive calendar day period break at the conclusion of the championship segment in accordance with Bylaw 17.1.6.3.1-(e) (sports other than football).

⁶ Student-athletes must be given a 14-consecutive calendar day period break at the conclusion of the championship segment in accordance with Bylaws 17.1.6.3.1-(e) (sports other than football) and 17.1.6.3.2-(c) (football), including workouts designed and conducted by a strength and conditioning coach. It would remain permissible for a strength and conditioning coach to monitor a voluntary workout for safety purposes during the 14-day break, provided the activity meets the definition of a voluntary activity per Bylaw 17.02.17 (voluntary athletically related activities). [Note: Outside of the academic year, it is not permissible for a strength and conditioning coach to design or conduct a workout during the summer for student-athletes in fall championship sports (See Bylaw 17.1.6.3.5.1 – exception – fall championship sports).]

⁷ If the nonchampionship segment (or in football, spring practice) precedes the championship segment, student-athletes must be given a 14-consecutive calendar-day period break between segments.

⁸ Must conclude not later than seven days prior to the final examination period.
