

Division I Women's Basketball

Information regarding 2023 NCAA Division I Women's Basketball coaches' attendance at elite and junior level international events and national team events.

To assist the membership, the NCAA academic and membership affairs staff has collaborated with USA Basketball to provide a list of events women's basketball coaches may or may not attend in the upcoming months. It is important to note that the list is not exhaustive, and even though NCAA bylaws may permit coaches to attend an event, the governing body may limit coaches' attendance due to the importance of proper national team preparations and gym space limitations.

As a reminder, women's basketball staff members shall not exceed 65 recruiting-person days each year (measured Aug. 1 through July 31). A coach's involvement in off-campus recruiting activities during the April, May, June and July evaluation periods does not count toward the limitation.

Please note, attendance is subject to federal, state and local health and safety protocols.
