Institutions may self-apply on campus, any previously approved scenario specifically listed below without filing a formal request through NCAA Requests/Self-Reports Online (RSRO). An institution is only permitted to approve a request if the institution's circumstances appear on the list of designated previously approved requests and the circumstances satisfy the specified criteria established for the particular previously approved request. If an institution's circumstances do not appear on the list of previously approved requests or if the circumstances do not satisfy all of the established criteria for a particular previously approved request, the institution must submit a formal request to the NCAA national office through RSRO for consideration.

Institutions are encouraged to call the NCAA student-athlete reinstatement staff at 317-917-6102 with any questions related to the administration of the student-athlete reinstatement previously approved request list process. The list of previously approved requests will be reviewed and updated on a biannual basis by the NCAA Division I Committee on Student-Athlete Reinstatement.

PREVIOUSLY APPROVED WAIVER REQUESTS:

An institution that applies relief of NCAA legislation, based on the specific previously approved waiver circumstances, must inform its conference office of the self-applied relief.

NCAA Bylaw 12.8.1.7: Five-Year Rule Waiver – Two Approved Hardship Waivers.

If **all** of the following are satisfied, the institution may apply a one-academic year extension to the student-athlete's five-year period of eligibility:

1. The student-athlete was unable to participate in four seasons of competition in their sport within the student-athlete's five-year period of eligibility;
2. The student-athlete received two approved hardship waivers from the conference office(s) or the national office for each year in which the student-athlete was unable to complete the season; and
3. The certifying institution obtains copies of hardship waiver approval letters from conference office(s) or the national office and confirms the student-athlete engaged in intercollegiate competition that constituted use of a season of competition during the academic years for which the hardship waivers were approved.

Notes:

1. See NCAA Division I Committee on Student-Athlete Reinstatement RSRO Case No. 1017729.
2. The certifying institution must inform the conference office it applied an extension to the student-athlete's five-year period of eligibility, pursuant to conference office policies and procedures.

Bylaw 12.8.1.7: Five-Year Rule Waiver – Redshirt Year and Approved Hardship Waiver.

If **all** of the following are satisfied, the institution may apply a one-academic year extension to the student-athlete's five-year period of eligibility:

1. The student-athlete was unable to participate in four seasons of competition in their sport within the student-athlete's five-year period of eligibility;
2. The student-athlete attended an NCAA institution and did not compete during one of the student-athlete's years of collegiate enrollment;
3. The student-athlete received an approved hardship waiver from the conference office or the national office for another year during their five-year period of eligibility in which the student-athlete was unable to complete the season; and
4. The certifying institution obtains a copy of (1) the squad list from the student-athlete's year of collegiate enrollment occurring at an NCAA institution which clearly demonstrates the student-athlete was both academically and athletically eligible to compete during the asserted redshirt year; and (2) hardship waiver approval letter from conference office or the national office, and confirms the student-athlete engaged in intercollegiate competition that constituted use of a season of competition during the academic year for which the hardship waiver was approved.

Notes:

2. See the July 13, 2018, Educational Column in LSDBi for guidance on application of NCAA Division I Bylaw 12.8.1.7.1-(a) (redshirt provision).
3. If the student-athlete's redshirt year occurred at a previous NCAA institution, the student-athlete's previous NCAA institution may send a redacted squad list to the certifying institution.

4. If the redshirt year occurred at a non-NCAA institution, the certifying institution must file the five-year rule waiver request to the student-athlete reinstatement staff through RSRO.
5. NCAA legislation specific to the redshirt provision of a five-year rule waiver “is limited to one time in a student-athlete’s period of eligibility”; therefore, the certifying institution cannot use more than one redshirt year to extend a student-athlete’s period of eligibility.
6. The certifying institution must inform the conference office it applied an extension to the student-athlete's five-year period of eligibility, pursuant to conference office policies and procedures.

PREVIOUSLY APPROVED REINSTATEMENT REQUESTS:

For eligibility impacting violations, this list does not absolve the institution of the requirement that it must file the violation with the NCAA enforcement staff. Additionally, this list is not intended to suggest that a particular violation no longer impacts a student-athlete's eligibility. Rather, this list allows an institution, itself (or the NCAA Eligibility Center, in the conduct of the amateurism certification process), to reinstate a student-athlete based on the specific previously approved requests listed below. In its violation self-report (submitted through RSRO), the institution must indicate that the student-athlete has been reinstated pursuant to the circumstances outlined in this list.

Bylaw 12.2.5: Two-Way Player Contracts.

If all of the following are satisfied, the NCAA Eligibility Center may provide complete relief during the amateurism certification process:

1. Prior to registering with the NCAA Eligibility Center, prospective student-athlete entered into an agreement to compete on a professional team that permits the prospective student-athlete to play on a club's amateur or professional team.
2. Prospective student-athlete competed on a team that met NCAA definition of professional as a result of professional player "playing down" on an otherwise amateur team as determined by the NCAA Eligibility Center amateurism certification staff.
3. The agreement does not guarantee or promise payment (at any time) in excess of actual and necessary expenses to participate on the team.

Bylaw 12.2.5: Contracts Promising Above Actual and Necessary Expenses in Future Years.

If all of the following are satisfied, the NCAA Eligibility Center may provide complete relief during the amateurism certification process:

1. Prior to registering with the NCAA Eligibility Center, prospective student-athlete entered into an agreement to compete on a professional team that provides for future earnings above actual and necessary expenses.
2. Agreement was terminated prior to the prospective student-athlete receiving compensation above actual and necessary expenses.
3. See Division I Committee on Student-Athlete Reinstatement RSRO Case Nos. 1192957 and 1192928.

Bylaw 12.3.3: Athletics Scholarship Agent or Scouting Service.

If the following are satisfied, the NCAA Eligibility Center may provide complete relief during the amateurism certification process:

1. Prior to registering with the NCAA Eligibility Center, prospective student-athlete allowed an athletics scholarship agent, scouting service or agent to distribute personal information (e.g., high school academic and athletics records, physical statistics) to member institutions.

2. Athletics scholarship agent, scouting service or agent provided services free of charge, at a reduced cost or contingent upon placing the prospective student-athlete in a collegiate institution as a recipient of institutional financial aid, or offered a refund.

2. The recruiting aid or game-day simulation did not contain any personalized tangible benefit (e.g., personalized food items).

Notes:

1. See Division I Committee on Student-Athlete Reinstatement RSRO Case Nos. 1045203 and 1054545.
