

**NCAA Division I Proposal No. 2025-41 – Recruiting – Notification of Transfer -- Undergraduate Window and Head Coach Departure Exception – Basketball.**

NCAA Division I Proposal No. 2025-41 Recruiting -- Notification of Transfer -- Undergraduate Window and Head Coach Departure Exception -- Basketball modified the notification-of-transfer period and head coach departure exception for men's and women's basketball. The following question and answer document is designed to assist the NCAA membership in understanding the application of Proposal No. 2025-41.

**Question No. 1:** Does this proposal modify the postgraduate notification-of-transfer period legislation for men's and women's basketball?

**Answer:** No. The notification-of-transfer period for postgraduate student-athletes opens October 1 and close 15 days following the NCAA Division I Men's and Women's Final Four for postgraduate student-athletes.

**Question No. 2:** Does this proposal change the application of the Discontinued Sport or Athletic Aid Cancellation, Reduction or Nonrenewal transfer window exceptions?

**Answer:** No.

**Question No. 3:** How does Proposal No. 2025-41 modify the previous head coach departure exception?

**Answer:** Proposal No. 2025-41 modifies the head coach departure exception by permitting student-athletes to enter the NCAA Transfer Portal during a period up to 15 consecutive days that begins if one of the following occurs between the opening of the notification transfer window (e.g., the day after the NCAA Division I Men's and Women's championship games, respectively) and January 2.

- School hires or publicly announces the hire of a new head coach after the portal window opens and prior to December 28, the up to 15 consecutive-day period begins five calendar days after the hire or public announcement (whichever occurs first); or
- If school does not hire a new head coach within 30 calendar days of departure or announcement of departure, 15 consecutive-day period begins on the 31<sup>st</sup> day.

**The period of up to 15 consecutive days may not extend beyond January 2.**

**Question No. 4:** How is an announcement defined for purposes of triggering the head coaching change exception?

**Answer:** An announcement is defined as an official statement from the appropriate institutional authority. An announcement does not include social media posts from noninstitutional and unauthorized accounts or posts that do not include an official statement from the appropriate institutional authority.

**Question No. 5:** If an institution has not made a hiring announcement, are there other actions that trigger access to the head coaching change exception?

**Answer:** Yes. In the absence of an official announcement, the head coaching change exception may be triggered by the signing of an employment contract or the documented completion of institutional employment procedures.

**Question No. 6:** Does Proposal No. 2025-41 apply to head coach changes made before January 14, 2026?

**Answer:** No. Head coach changes made before January 14, 2026, are subject to the previous, 30-day head coach departure exception.

**Question No. 7:** Does Proposal No. 2025-41 apply to the announcement of interim head coaches?

**Answer:** No. However, if the institution later announces the hire of an interim head coach as the new head coach (i.e., removes the interim designation), then men’s and women’s basketball student-athletes would be permitted to enter the NCAA Transfer Portal during a period up to 15 consecutive days that begin five calendar days after the promotion or announcement of the promotion of the new head coach.

**Question No. 8:** May a basketball student-athlete enter the NCAA Transfer Portal if the hire of a new head coach is announced prior to the day after the NCAA Division I men’s and women’s basketball championship games, respectively (e.g. April 6, 2026, for women’s basketball, or April 7, 2026, for men’s basketball)?

**Answer:** No.

**Question No. 9:** Under Proposal No. 2025-41, if a student-athlete provides notification of transfer to their institution on January 2 (e.g., final day), when would an institution be required to enter the student-athlete’s name in the NCAA Transfer Portal?

**Answer:** An institution shall enter a student-athlete’s name in the NCAA Transfer Portal within two business days of the receipt of a written notification of transfer from the student-athlete.
