

Division III Strategic Plan

2017-19 Budget Biennium **[Year 2: 2018-19 – Final Analysis]**

Vision Statement: Division III will be a dynamic and engaging group of colleges, universities and conferences of varying sizes and missions committed to an environment that encourages and supports health and safety, diversity, values, fairness, and equity, and places the highest priority on the overall educational experience of its student-athletes in the conduct of intercollegiate athletics.

INTRODUCTION

The Division III strategic plan serves many purposes. It begins with the Division III Philosophy Statement to establish the framework from which the division's programs, resource allocations, and regulatory decisions are made. It highlights the Division III Strategic Positioning Platform to clarify the practical impact of the Division III philosophy and summarizes the division's strategic priorities by outlining what must be accomplished in the current budget biennium for the division to be successful.

The plan also serves to highlight the programs and services offered for the division's membership. This list of offerings is arranged in a way that demonstrates the connection of each Division III program to the NCAA Strategic Plan, and explains when a program or initiative is funded from Division III dollars or a different Association budget. To bring further transparency to the division's operations, the plan justifies every line of the Division III budget against the philosophy statement or NCAA Constitution. Finally, the plan includes a note on its history, which tracks the evolution of the division's entire strategic initiatives program.

DIVISION III PHILOSOPHY STATEMENT

Colleges and universities in Division III place the highest priority on the overall quality of the educational experience and on the successful completion of all students' academic programs. They seek to establish and maintain an environment in which student-athlete's athletics activities are conducted as an integral part of the student-athlete's educational experience, and an environment that values cultural diversity and gender equity among their student-athletes and athletics staff. To achieve this end, Division III institutions:

- (a) Expect that institutional presidents and chancellors have the ultimate responsibility and final authority for the conduct of the intercollegiate athletics program at the institutional, conference and national governance levels;
- (b) Place special importance on the impact of athletics on the participants rather than on the spectators and place greater emphasis on the internal constituency (e.g., students, alumni, institutional personnel) than on the general public and its entertainment needs;
- (c) Shall not award financial aid to any student on the basis of athletics leadership, ability, participation or performance;
- (d) Primarily focus on intercollegiate athletics as a four-year, undergraduate experience;
- (e) Encourage the development of sportsmanship and positive societal attitudes in all constituents, including student-athletes, coaches, administrative personnel and spectators;

- (f) Encourage participation by maximizing the number and variety of sport offerings for their students through broad-based athletics programs;
- (g) Assure that the actions of coaches and administrators exhibit fairness, openness and honesty in their relationships with student-athletes;
- (h) Assure that athletics participants are not treated differently from other members of the student body;
- (i) Assure that student-athletes are supported in their efforts to meaningfully participate in nonathletic pursuits to enhance their overall educational experience;
- (j) Assure that athletics programs support the institution's educational mission by financing, staffing and controlling the programs through the same general procedures as other departments of the institution. Further, the administration of an institution's athletics program (e.g., hiring, compensation, professional development, certification of coaches) should be integrated into the campus culture and educational mission;
- (k) Assure that athletics recruitment complies with established institutional policies and procedures applicable to the admission process;
- (l) Exercise institutional and/or conference autonomy in the establishment of initial and continuing eligibility standards for student-athletes;

- (m) Assure that academic performance of student-athletes is, at a minimum, consistent with that of the general student body;
- (n) Assure that admission policies for student-athletes comply with policies and procedures applicable to the general student body.
- (o) Provide equitable athletics opportunities for males and females and give equal emphasis to men's and women's sports;
- (p) Support ethnic and gender diversity for all constituents;
- (q) Give primary emphasis to regional in-season competition and conference championships; and
- (r) Support student-athletes in their efforts to reach high levels of athletics performance, which may include opportunities for participation in national championships, by providing all teams with adequate facilities, competent coaching and appropriate competitive opportunities.

The purpose of the NCAA is to assist its members in developing the basis for consistent, equitable competition while minimizing infringement on the freedom of individual institutions to determine their own special objectives and programs. The above statement articulates principles that represent a commitment to Division III membership and shall serve as a guide for the preparation of legislation by the division and for planning and implementation of programs by institutions and conferences.

Division III Positioning Statement

Follow your passions and discover your potential. The college experience is a time of learning and growth – a chance to follow passions and develop potential. For student-athletes in Division III, all of this happens most importantly in the classroom and through earning an academic degree. The Division III experience provides for passionate participation in a competitive athletic environment, where student-athletes push themselves to excellence and build upon their academic success with new challenges and life skills. And student-athletes are encouraged to pursue the full spectrum of opportunities available during their time in college. In this way, Division III provides an integrated environment for student-athletes to take responsibility for their own paths, follow their passions and find their potential through a comprehensive educational experience.

Division III Attributes

Proportion: Appropriate relation of academics with opportunities to pursue athletics & other passions.

Comprehensive Learning: Opportunity for broad-based education and success.

Passion: Playing for the love of the game, competition, fun and self-improvement.

Responsibility: Development of accountability through personal commitment and choices.

Sportsmanship: Fair and respectful conduct toward all participants and supporters.

Citizenship: Dedication to developing responsible leaders and citizens in our communities.

Reasons to Believe

1. **Comprehensive educational experience.** Division III institutions develop student-athlete potential through a holistic educational approach that includes rigorous academics, competitive athletics and opportunity to pursue other interests and passions.
2. **Integrated campus environment.** Approximately twenty percent of all students at Division III institutions participate in athletics. Those participating in athletics are integrated into the campus culture and educational missions of their colleges or universities.
3. **Academic focus.** Student-athletes most often attend a college or university in Division III because of the excellent academic programs, creating a primary focus on learning and achievement of their degree.
4. **Available financial aid.** Three-quarters of all student-athletes in Division III receive some form of grant or non-athletic scholarship. Student-athletes have equal opportunity and access to financial aid as the general student body – but are not awarded aid based on athletics leadership, ability, performance or participation.
5. **Competitive athletic programs.** Student-athletes do not receive any monetary incentive (athletics scholarship) to play sports in college. They play for the love and passion of the game and to push themselves to be their best, creating an intense, competitive athletics environment for all who participate.
6. **National championship opportunities.** Division III has over 185,000 student-athletes competing annually in 28 Division III and nine national collegiate championships. These competitions provide an opportunity for student-athletes to compete at the highest level and fulfill their athletic potential.
7. **Commitment to athletics participation.** Division III institutions are committed to a broad-based program of athletics because of the educational value of participation for the student-athlete. The division has a higher number and wider variety of athletic opportunities on average than any other division in the NCAA, emphasizing both competitive men's and women's sports.

DIVISION III STRATEGIC PRIORITIES FOR 2017-19 BUDGET BIENNIUM [YEAR 2: 2018-19 – Final Analysis]

1. **Clarify the Values of Division III athletics.** The division continues to serve as a conscious alternative to the sport-specialization youth culture, and as an accessible and fulfilling educational and athletics destination. It also emphasizes a fuller, more integrated academic experience in all divisional endeavors. This included communicating the Division III philosophy, attributes, and strategic plan to high school prospective student-athletes, parents and high school admissions counselors, collaborating with the NCAA Eligibility Center, supporting membership activation of the Division III Identity Initiatives and other Division III social media platforms.
 - Communicate the distinct Division III philosophy as articulated in the Strategic Positioning Platform.
 - Engage in a one-year pilot that has the Eligibility Center conduct a participation history review of Division III new international ice hockey players. At the conclusion of the pilot, will assess if it reduced the compliance burden. **ACCOMPLISHED.** Had 100% participation. The EC conducted 203 reviews. After the pilot, surveyed the participating institutions and conferences. Eighty (80) percent supported a second year of the pilot.
 - Maintain initiatives to educate the membership regarding the Eligibility Center’s free registration process for Division III prospective student-athletes and its correlation to using the NCAA free on-line compliance form.
 - Continue to grow the strategic partnership with Special Olympics and in particular, celebrate its 50th Anniversary with year-long promotions and activities. Improve the activity reporting program to better tell the partnership’s story from a division-wide perspective. Maintain the Monthly Spotlight Poll that recognizes Special Olympic events on member campuses and conference offices. **ACCOMPLISHED.** Fifty-two (52) institutions participated in the 50 for 50th Challenge. DeSales University was voted the champion. Staff also produced and promoted 50 Special Olympics stories on the Division III social media platforms throughout the year.
 - Elevate the current part-time assistant director to full-time to more effectively oversee and enhance the division’s communication efforts, including social media platforms and website management. **TBD.** Part of FY20 budget requests. Supported by SPFC and Councils.
 - Reclassify the associate director to director to most effectively serve the membership and oversee new initiatives and programs and manage the Conference Strategic Grant Program – the division’s highest funded nonchampionship program. **WITHDRAWN.** With the departure of the current associate director, it was not included in the FY20 budget requests.
 - Support integration activities that bring together key institutional and/or conference partners to discuss ways each institution (and the conference as a group) might best support the integration of athletics within the campus environment, consistent with the division’s unique philosophy, identity and strategic positioning platform.
 - Maintain and enhance the partnership with the College Sports Information Directors Association (CoSIDA) by providing professional development funding and opportunities (e.g. Division III Day at the CoSIDA Convention and CoSIDA Student Program), overseeing a recognition system awarded three times per year, and providing funds to support the Division III-specific Academic All-America program.
 - Update the Sports Information Director resource and best practices guide for all Division III institutions and conferences. **ACCOMPLISHED.** Created a Strategic Communications Working Group. Surveyed the membership, collected data and updated the 2012 resource with new data, best practices and resources. Delivered to the membership at the 2019 CoSIDA and ECAC-SIDA Conventions.

- Strengthen the advocacy of Division III faculty for the values of the athletics experience. The division continues to enhance the Faculty Athletic Representative (FAR) Fellows Institute by offering professional development training and networking opportunities to FARs.
 - Identify strategies to re-engage FARs via an established FAR working group. Host the inaugural FAR Orientation at the annual FARA Symposium for new FARs, produce and distribute best practices, and explore legislation to codify FAR expectations. **ACCOMPLISHED.** The inaugural New FAR Orientation was held in October. Thirty FARs attended and feedback was positive. The FAR Working Group developed three resources that were distributed to the membership in December (electronically) as well as at the 2019 NCAA Convention (hard copies).
 - Emphasize the values of Division III to effectively manage its membership growth. Partnering with Divisions I and II to accomplish membership growth management on behalf of the entire Association. **ON-GOING.** Association-wide joint meetings with staff to support Division I and II membership.
 - Maintain in-person, full-day orientation programs for new athletics directors and commissioners to assist these individuals in understanding and promoting the division.
- 2. Appropriately Leverage Presidential and Athletics Direct Reports Leadership in the Division III Governance Structure.** Continue to selectively forward issues of presidential importance to the division's presidents. Improve and pursue full conference participation in the Presidents Advisory Group and significant NCAA Convention attendance. Enhance communication between the NCAA and Athletics Direct Reports on campus to effectively engage and educate as well as leverage these individuals serving in the governance structure (e.g. ADR Institute).
- In partnership with the NCAA Executive Staff and divisional Association-wide governance staffs, enhance Division III specific presidential programming at the NCAA Convention and promote the Chancellors and Presidents Outreach Program to educate and engage all Division III chancellors and presidents. **ON-GOING.** The past several years, President Emmert's office has provided a president-specific education session at the NCAA Convention. Further, the Chancellors and Presidents Outreach Program will continue in 2019-20.
 - Build external partnerships. Do not rely solely on presidents attending the NCAA Convention; send NCAA representatives to existing higher education meetings for presidents.
- 3. Ensure the Division is Effectively Managing Diversity and Inclusion Issues.**
- Partner with the Office of Inclusion, Student-Athlete Leadership staff and the Minority Opportunities Athletic Association (MOAA) to review the objectives and establish meaningful goals for the division's programs supporting equity and inclusion. Partner with Division III conferences and institutions to support innovative programs that promote inclusion (e.g. Monthly Diversity Spotlight_).
 - Continue professional development and networking opportunities for women and ethnic minorities (e.g. SWA Program, the Institute for Administrative Advancement, Student Immersion Program and Career Next Steps).
 - Support an LGBTQ working group that will collaborate with the Office of Inclusion to develop programming and resources at the campus, conference and national levels, and specifically policy template language for handbooks, creation of a LGBTQ-inclusion identity promotional kit, programming and an annual recognition event. **ACCOMPLISHED.** In Sept., the working group sent an identity kit,

including a banner, posters and stickers, to every campus and conference office. The working group also created an LGBTQ nondiscrimination policy guide and distributed it to the membership. In May thirty-one (31) individuals attended the inaugural LGBTQ OneTeam Facilitator Training program. Another facilitator training will occur in December 2019.

 - Continue to promote committee service to women and ethnic minorities within the division.
 - **Monitor and promote institutional/conference commitment to the NCAA Presidential Pledge to support diversity and inclusion. ON-GOING.** The Division III Diversity and Inclusion Working Group is collaborating with the NCAA Office of Inclusion to move the pledge into action.
- **Maintain an existing working group to evaluate the current diversity and inclusion landscape within Division III. Focus on graduation rates of teams and demographic groups that are lower than their counterparts who do not participate in intercollegiate athletics. Develop best practices. ACCOMPLISHED/ON-GOING.** At the 2019 NCAA Convention, the membership approved legislation to make student-athlete graduation rate reporting mandatory effective June 2020. The working group continues to monitor diversity and inclusion issues in the division.

4. Enhance the Well-Being of Prospects, Student-Athletes and Staff.

- Maintain and enhance 360 Proof, a web-based, evidence-informed and free alcohol and other drug resource, for Division III and NASPA small college institutions.

Hosting Gameday the DIII Way Ambassador Trainings twice a year in various geographic locations to provide additional facilitator trainings.
- Engage the newly created student-athlete associate members per 2018 NCAA Convention legislation that established a formal student-athlete partner conference engagement process. **ACCOMPLISHED.** The Associate members attended the 2019 NCAA Convention and will attend the July SAAC meeting.
- Create an Institute for Coaching Advancement to provide professional development for women and ethnic minority assistant coaches seeking to become head coaches. **CHANGED DIRECTION.** Due to a shortage of staff oversight, instead of developing an Institute for Coaching Advancement, SPFC and the Councils approved the creation of a coaching enhancement grant. In April, staff awarded 11 two-year matching grants of \$7,500. Thirty-six (36) institutions applied for the inaugural grant given for female and/or ethnic minority assistant coach positions.
- Continue to create educational programs and distribute via the NCAA's Learning Management System. (e.g. committee training video, Gameday the DIII Way educational modules). **ACCOMPLISHED.** Developed and launched Division III University that includes the following learning management modules: NCAA overview, student-athlete health and well-being, and compliance. In 2019-20, anticipate creating new modules pending approval of additional staff. Also developed a Gameday the DIII Way module.

Only three Division III institutions didn't attest to sexual assault violence prevention this year.

5. Promote the Division III Philosophical Principle that Student-Athletes' Academic Performance is consistent with that of the General Student Body.

- Continue to sponsor a regular and representative academic reporting program to compare the academic success of student-athletes and the general student body. Continue to emphasize the academic success of Division III student-athletes as compared to other students. **Focus on graduation rates of teams and demographic groups that are lower than their counterparts who do not participate in intercollegiate athletics. Develop best practices.** **ON-GOING.** With the 2019 Convention vote to require the annual submission of student-athlete graduation rates starting in June 2020, the working group will develop best practices, based on the collected data, in 2021-22.

- Address relevant issues identified through evaluation of committee structure.

7. **Maintain Fiscal Integrity.**

- Develop a divisional biennium operating budget for 2017-19 and beyond that presents policy goals and program preferences that are fiscally responsible and sustainable. **ACCOMPLISHED.** SPFC and the Councils approved the 2019-21 proposed budget. Will continue to monitor in future years.

History of the

Division III Strategic Plan

History

The original Division III strategic plan was unveiled in 1998 as the division embarked on its new federated structure. The Division III Management Council Strategic Planning Subcommittee developed the framework for the plan with broad participation of the Presidents Council, Division III and Association-wide committee structure, and the Division III membership. The 2004 version of the Division III Strategic Plan was developed by a joint subcommittee of the Management and Presidents Councils consistent with the Association-wide Strategic Plan adopted by the NCAA Executive Committee in April 2004. The 2004 plan contained many of the existing initiatives and priorities to ensure that the programs and results remain consistent with Division III objectives. However, significant changes occurred as the 2005 and 2006 plans linked the relationship to the Division III philosophy with each Association-wide goal and outlined a series of outcome measures for each goal. Another significant change occurred in 2006-07 as the Division III Strategic Initiatives Grant Program resources were funneled directly to Division III Conferences and the Association of Independents. With this change, many strategic initiatives previously administered at the NCAA national office moved to the local control of conferences and institutions. The localized program encourages collaboration and involvement of all Division III constituent group representatives in the planning, decision-making and accountability of programming and funding to achieve the goals established in the Division's Strategic Plan. Presidential oversight and accountability with the process and budget allocations, consistent with the legislated leadership role of presidents within conference governance, is paramount.

In 2008-09, the strategic plan underwent a format change to create a forward-looking document that highlights the goals and expectations of a budget biennium. Much of the reporting done in previous plans was moved into a Division III Annual Report, and standard committee operations are now reflected in each committee's policy and procedure guide (available on each committee's home page on ncaa.org). The plan clearly articulates the division's funding priorities, and explains when an initiative is funded by Division III, and when it is funded by a broader Association-wide budget. The plan also includes an appendix to show the philosophical or constitutional justification for all programs funded with Division III dollars.

In 2009-10, the plan was updated to highlight the division's near-term strategic priorities. Most 2009-10 priorities resulted from a series of presidentially authored white papers on membership growth published in September 2008. For 2010-12, the plan was updated based on the Division's release of a Strategic Positioning Platform, and clearly defined the near- and medium-term goals the division needed to accomplish to be successful in embodying the platform.

For 2012-15, the plan was updated to reflect the Association's move to a three-year budget cycle.

With the 2015-17 and 2017-19 budgets, the plan returns to a two-year budget cycle and emphasizes budget accountability and management to address recent championships budget overages.
