

2025 NCAA Convention Division III Business Session Mootnicity and Related Parliamentary Issues

NCAA Division III Presidents Council Grouping – Proposal Nos. 2025-1 through 3.

The NCAA Division III Presidents Council has identified three proposals of particular interest to Division III chancellors and presidents. These proposals are included in the Presidents Council grouping and will be considered by roll call vote. All motions and votes related to the proposals must be considered by roll call. Only the Presidents Council may waive this designation and all other motions to change the voting method would be out of order.

Proposal Number	Procedural Issues	Mootnicity Issues	Miscellaneous Notes
2025-1	Roll call vote.	None	
2025-2	Roll call vote.	None	
2025-3	Roll call vote.	None	<p>A motion to divide the proposal for a separate vote(s) would be in order, provided the proposed division(s) <u>each</u> can stand alone as a new complete amendment(s). [A motion to divide must clearly state how the division(s) is to be made. The motion to divide is undebatable and requires a simple majority for adoption.]</p> <p>Any delegate intending to make a motion to divide is encouraged to contact a member of the NCAA academic and membership affairs staff for assistance with drafting of the motion before the Division III business session.</p>

NCAA Division III General Grouping – Proposal Nos. 2025-4 through 6.

This grouping contains three proposals. Each proposal will be considered by roll call vote. All motions and votes related to these proposals must be considered by roll call. Only the Presidents Council may waive this designation and all other motions to change the voting method would be out of order.

Proposal Number	Procedural Issues	Mootnicity Issues	Miscellaneous Notes
2025-4	Roll call vote.	None	
2025-5	Roll call vote.	None	
2025-6	Roll call vote.	None	

Additional Notes.

- Effective date: A motion for an alternative effective date on the convention floor would violate the principle of "prior notice" and therefore would be out of order. Alternative effective dates must be noted with the submission of the proposal or offered as an amendment-to-amendment.
- Withdrawing proposals and proposals not moved: The NCAA practice permits sponsors of a proposal to announce their desire to withdraw their proposal from consideration; however, if a single voting delegate objects, the proposal will not be withdrawn. If a published proposal is not moved, the matter is simply passed. An eligible voting member, including the sponsor, may ask for permission later to introduce a proposal that has been passed.
