Vision Statement: Division III will be a dynamic and engaging group of colleges, universities and conferences of varying sizes and missions committed to an environment that encourages and supports health and safety, diversity, values, fairness, and equity, and places the highest priority on the overall educational experience of its student-athletes in the conduct of intercollegiate athletics.
INTRODUCTION

The Division III Strategic Plan serves many purposes. It begins with the Division III Philosophy Statement to establish the framework from which the division’s programs, resource allocations, and regulatory decisions are made. It highlights the Division III Strategic Positioning Platform to clarify the practical impact of the Division III philosophy and summarizes the division’s strategic priorities by outlining what must be accomplished in the current budget cycle for the division to be successful.

The plan also serves to highlight the programs and services offered for the division’s membership. This list of offerings is arranged in a way that demonstrates the connection of each Division III program to the NCAA Strategic Plan and explains when a program or initiative is funded from Division III dollars or a different Association budget. To bring further transparency to the division’s operations, the plan justifies every line of the Division III budget against the philosophy statement or NCAA Constitution. Finally, the plan includes division’s budget policies and a note on its history, which tracks the evolution of the division’s entire strategic initiatives program.

DIVISION III PHILOSOPHY STATEMENT

Colleges and universities in Division III place the highest priority on the overall quality of the educational experience and on the successful completion of all students’ academic programs. They seek to establish and maintain an environment in which student-athlete’s athletics activities are conducted as an integral part of the student-athlete’s educational experience, and an environment that values cultural diversity and gender equity among their student-athletes and athletics staff. To achieve this end, Division III institutions:

(a) Expect that institutional presidents and chancellors have the ultimate responsibility and final authority for the conduct of the intercollegiate athletics program at the institutional, conference and national governance levels;

(b) Place special importance on the impact of athletics on the participants rather than on the spectators and place greater emphasis on the internal constituency (e.g., students, alumni, institutional personnel) than on the general public and its entertainment needs;

(c) Shall not award financial aid to any student on the basis of athletics leadership, ability, participation, or performance;

(d) Primarily focus on intercollegiate athletics as a four-year, undergraduate experience;

(e) Encourage the development of sportsmanship and positive societal attitudes in all constituents, including student-athletes, coaches, administrative personnel and spectators;

(f) Encourage participation by maximizing the number and variety of sport offerings for their students through broad-based athletics programs;

(g) Assure that the actions of coaches and administrators exhibit fairness, openness, and honesty in their relationships with student-athletes;

(h) Assure that athletics participants are not treated differently from other members of the student body;

(i) Assure that student-athletes are supported in their efforts to meaningfully participate in nonathletic pursuits to enhance their overall educational experience;

(j) Assure that athletics programs support the institution’s educational mission by financing, staffing, and controlling the programs through the same general procedures as other departments of the institution. Further, the administration of an institution’s athletics program (e.g., hiring, compensation, professional development, certification of coaches) should be integrated into the campus culture and educational mission;

(k) Assure that athletics recruitment complies with established institutional policies and procedures applicable to the admission process;

(l) Exercise institutional and/or conference autonomy in the establishment of initial and continuing eligibility standards for student-athletes;

(m) Assure that academic performance of student-athletes is, at a minimum, consistent with that of the general student body;

(n) Assure that admission policies for student-athletes comply with policies and procedures applicable to the general student body.

(o) Provide equitable athletics opportunities for males and females and give equal emphasis to men’s and women’s sports;

(p) Support ethnic and gender diversity for all constituents;

(q) Give primary emphasis to regional in-season competition and conference championships; and

(r) Support student-athletes in their efforts to reach high levels of athletics performance, which may include opportunities for participation in national championships, by providing all teams with adequate facilities, competent coaching, and appropriate competitive opportunities.

The purpose of the NCAA is to assist its members in developing the basis for consistent, equitable competition while minimizing infringement on the freedom of individual institutions to determine their own special objectives and programs. The above statement articulates principles that represent a commitment to Division III membership and shall serve as a guide for the preparation of legislation by the division and for planning and implementation of programs by institutions and conferences.
Division III Positioning Statement

Follow your passions and discover your potential. The college experience is a time of learning and growth. For Division III student-athletes, this happens most importantly in the classroom and through earning an academic degree. The Division III experience provides for participation in a competitive athletics environment. Student-athletes push themselves to achieve excellence and build upon their academic success with new challenges and life skills within an environment that fosters health and wellness. Student-athletes are encouraged to pursue the full spectrum of opportunities available during their time in college. In this way, Division III provides an equitable and inclusive environment for student-athletes to take responsibility for their own paths, follow their passions and discover their potential through a comprehensive educational experience.

Division III Attributes

Proportion: appropriate balance of academics, athletics, and additional collegiate opportunities.
Comprehensive Learning: opportunity for broad-based education and success.
Passion: playing for the love of the game, competition, enjoyment, self-improvement, and our teammates and communities.
Responsibility: development of accountability through personal commitment and choice.
Sportsmanship: fair and respectful conduct toward all participants and supporters.
Citizenship: dedication to developing responsible leaders and global citizens.

Reasons to Believe

Comprehensive educational experience. Division III institutions develop student-athlete potential through a holistic educational approach that includes rigorous academics, competitive athletics, and opportunities to pursue other interests and passions.
Competitive athletic programs. Student-athletes participate in an intense, competitive athletics environment. Student-athletes do not receive any monetary incentive (athletics scholarship) to play sports in college and play for a love of the game.
Integrated campus environment. A quarter of all Division III students participate in athletics. These student-athletes are integrated into the campus culture and educational missions of their institutions:
Commitment to inclusive environments. Division III prides itself on creating inclusive, diverse, and equitable environments for its student-athletes.
Academic focus. Student-athletes most often attend a Division III institution because of the excellent academic programs.
Available financial aid. 80% of all student-athletes in Division III receive some form of grant or non-athletics scholarship. Student-athletes have equal opportunity and access to financial aid as the general student body — but are not awarded aid based on athletics leadership, ability, performance, or participation. Without the obligation of an athletics scholarship, student-athletes can emphasize academics, athletics, and other opportunities of college life appropriate to the necessary commitment and their own passions.
Commitment to athletics participation. Division III institutions are committed to a broad-based program of athletics because of the educational value of participation for the student-athlete. The division averages 17 sports per institution; more than any other division. It also emphasizes integrating competitive men’s and women’s sports into higher education so that the educational experience of the student-athlete is paramount.
National championship opportunities. Division III has over 195,000 student-athletes competing annually in 37 different national championships. These competitions provide an opportunity for student-athletes to compete at the highest level and fulfill their athletics potential.
NOTE: Strategic initiatives are divided between championships and Enrichment Fund initiatives and programs. Most strategic initiatives support the Division III student-athlete experience. The strategic priorities are not listed in priority order; all are of equal value. Text in red highlights a new initiative during the 2021-24 triennium. Blue indicates progress/completion of the new initiative.

DIVISION III STRATEGIC PRIORITIES FOR 2021-24 BUDGET TRIENNIAL [YEAR 2: 2022-23]

Maintain Fiscal Integrity. All programs and budget priorities shall be managed in a manner that ensures they are fiscally responsible, sustainable and reflect the division’s priorities. Further:

- Maintain and annually evaluate the divisional operating budget for the next budget cycle (2021-2023).
- Continue to monitor the division’s current mandated reserve policy and adjust accordingly, including preparation for revenue generated by the Association’s 2024-2032 broadcast agreement extension.

1. **Provide Quality Division III Championships. FY23 budget equals $29.9 million.** The Division III experience provides for participation in a competitive athletics environment, and Division III is committed to conducting quality championships with fair selection processes and appropriate access. Strategic priorities support student-athletes in their efforts to reach high levels of athletics performance, which may include opportunities for participation in national championships, by supporting institutions as they provide all teams with adequate facilities, competent coaching and appropriate competitive opportunities. (Division III Philosophy Statement – section r). The Division III Championships Committee is responsible for continual assessment of policies and NCAA legislation related to the championships program including the appropriateness of bracket sizes, regional alignment and select criteria processes. Championship funding enhancements will start at the sport committee level with recommendations to the Championships Committee, endorsement to the Strategic Planning and Finance Committee and ultimate approval by the Management and Presidents Councils.

2. **Provide Division III Conference Office Support. FY23 budget equals $4.3 million.** These funds support the Strategic Initiatives Conference Grant Program and annual commissioner meetings with NCAA staff.

- The Strategic Initiatives Conference Grant Program is divided into four tiers.
  - Tier One: Professional Development and Student-Athlete Advisory Committee support. All institutions may annually access conference grant dollars to support campus and conference SAAC meetings, programs and initiatives as well as professional opportunities for key constituent groups (e.g., senior woman administrators, BIPOC staff and administrators, sports information directors, athletic trainers). Funding also is available to offset conference office travel. All conferences will optimally use the full allocation of funds each year.
  - Tier Two: Student-Athlete Well Being Initiatives. Funds are available for a wide-variety of student-athlete well-being initiatives with an emphasis on programming related to diversity, gender equity and sportsmanship initiatives.
o Tier Three: Technology and Officiating Improvement. Funding is available for conference offices to improve technology and support of officiating improvements.

o Tier Four: Funding is available to support the division's strategic priority of diversity, equity and inclusion at the conference and/or institutional level.

o Tier Five: Third-Party Review. Provide assistance for conference offices to provide documentation of a third-party external review of grant fund usage to the national office annually.

- Continue to monitor divisional challenges with officiating, including the quality and pipeline of officials. Maintain funding, via the conference grant program, to enhance officiating. ON-GOING. Quarterly, the DIICA provides an update on its strategic priorities to address current officiating issues (e.g., lack of pipeline, aging officials).

- All conferences will be represented annually; commissioners will be provided with the opportunity to discuss governance issues and Division III hot topics. Additional funding is provided through Tier One of the Strategic Initiatives Conference Grant Program to supplement a portion the conference’s travel costs.

3. Effectively Manage Diversity, Equity and Inclusion Issues. FY23 budget equals $2.4 million.

- Create partnerships and review the objectives and establish meaningful goals for the division's programs supporting equity and inclusion. Partner with Division III conferences and institutions to support innovative programs that promote inclusion.
  o Continue professional development and networking opportunities for women and Black, Indigenous, People of Color (BIPOC) (e.g., SWA Program, Institute for Administrative Advancement, Student Immersion Program).
  o Continue to fund the Division III diversity grants – ethnic minority and women, strategic alliance matching and coaching enhancement.
  o Support the office of inclusion in promoting resources for the newly established athletics diversity and inclusion designee. ACCOMPLISHED. The new resources have been provided to the membership as well as included in Division III specific programming.
  o Support the LGBTQ Working Group by maintaining the LGBTQ OneTeam program that provides education to the membership on ways to create a safe and inclusive environment for LGBTQ individuals and allies. Maintain the annual LGBTQ of the Year awards. Continue to promote the LGBTQ non-discrimination policy guide and OneTeam identity kit.

- Establish strategies to increase and diversify the pool of candidates for Division III committee service and membership job searches.
  o Maintain the division's database of all women and BIPOC that have participated in an NCAA program. Continue to distribute and promote “The Diverse Workforce”, a resource to assist institutions and conference offices to diversify its athletics searches. Continue to send out a quarterly Diversity and Inclusion newsletter. Promote the NCAA
Leadership Collective - an online platform housing customizable and informative profiles of senior-level minority administrators & coaches, searchable by decision-makers throughout the membership.

- Maintain the Diversity and Inclusion Working Group to evaluate the current diversity and inclusion landscape within Division III.
- Monitor and promote institutional/conference commitment to the NCAA Presidential Pledge to support diversity and inclusion.
- Research strategies to further promote committee service for women and BIPOC within the division. ON-GOING. The membership adopted Proposal 2023-2, Committee Composition, that now requires two members that identify as BIPOC and a minimum of three that identify as female. The Nominating Committee continues to develop processes to encourage nominations.

- Monitor NCAA emerging sports (e.g., women's wrestling, esports, Stunt, acrobatics and tumbling).
  - Collaborate with the office of inclusion with the introduction of new emerging sports for women and specifically, vote on Stunt at the 2023 Convention. ON-GOING. The Committee on Athletics requested the proposal to add Stunt be referred back to CWA to evaluate new information. It will now be voted on at the 2024 NCAA Convention.

- Review the recommendations from the NCAA’s gender equity report and continue to ensure a gender equitable experience for all student-athletes. ON-GOING. Division III approved several gender equity recommendations (i.e., officiating fees, women’s basketball championship broadcast, increased women’s lacrosse squad, travel, and sizes. The division continues to participate in Phase II analysis and evaluate proposed recommendations.

4. Ensure Student-Athlete Support. FY23 budget equals $699K.

- Continue to partner with the Sport Science Institute regarding priority health and safety issues, including the COVID-19 pandemic and mental health. Provide Division III representatives for on-going summits. Provide timely and consistent communication to the membership regarding new SSI interassociation guidelines and best practices. Maintain the promotion and use of the Injury Surveillance Program, SSI’s data collection system, by the Division III membership.

- Continue to sponsor a regular and representative academic reporting program to compare the academic success of student-athletes and the general student body. Continue to emphasize the academic success of Division III student-athletes as compared to other students. Focus on graduation rates of teams and demographic groups that are lower than their counterparts who do not participate in intercollegiate athletics. Maintain the annual student-athlete graduation rate submission. Focus on solutions and best practices to address graduation rates of teams and demographic groups that are lower than their student body counterparts, via Diversity and Inclusion Working Group. ON-GOING. Division III has researched the issue, and graduation rates remained steady. To date, the division has not created a best practice resource.
• Maintain and enhance the partnership with the College Sports Communicators (CSC) by providing professional development funding and opportunities (e.g., Division III Day at the CSC Unite and CSC Student Program), overseeing a recognition system awarded three times per year, and providing funds to support the Division III-specific Academic All-America program.

• Amplify the student-athlete voice. Collaborate with Division III SAAC to provide opportunities for effective student-athlete engagement and leadership including promotion of the annual SAAC mental health social media campaign. **ON-GOING.** The membership adopted Proposal 2023-1 that provides SAAC with a vote at the NCAA Convention, DIII Business Session. SAAC provides mental health posts throughout the year.

• Student-athlete leadership forums and campus-based leadership programming. Fund student-athletes to attend the annual NCAA Student-Athlete Leadership Forum. The Forum is an opportunity for college athletes, coaches and administrators to collectively learn about themselves and grow as the next generation of leaders. Fund DISC assessments that are an important resource that institutions and conference offices use to help student-athletes, coaches and administrators learn more about their behavioral styles and how their individual styles come together in a team environment.

• Continue discussions with the Sport Science Institute regarding the potential transition of 360 Proof, a web-based, evidence-informed, and free alcohol and other drug resource to SSI. 360 Proof is currently for Division III and NASPA small college institutions, and SSI oversight would allow Association-wide access. **NOT ACCOMPLISHED.** Due to continuing staff transitions, this initiative has not been accomplished.

• Support Gameday the DIII Way, the Division III sportsmanship and game environment initiative. Promote existing tools and resources (e.g., facilitator training and on-line educational modules). Host one ambassador training in the West. Ensure championship handbooks include Gameday language. **ON-GOING.** Hosted the last ambassador training in December 2022. Need to strategize to enhance and add to the sportsmanship engagement.

• Monitor and promote institutional commitment to BOG pledge on sexual assault violence prevention education and annual requirements. **ON-GOING.** The BOG voted to move the submission deadline from May 2023 to Nov. 2023.

• Provide funding for national Student-Athlete Advisory Committee associate members to attend an in-person national SAAC meeting at the NCAA Convention and during the summer.

• Continue to create specific programming for student-athletes attending the annual Convention to help better engage and educate on the Division III philosophy.

5. **Maintain the Value of Division III Athletics.** FY23 budget equals **$375K.** The division continues to serve as a conscious alternative to the sport-specialization youth culture, and as an accessible and fulfilling educational and athletics destination. It also emphasizes a fuller, more integrated academic experience in all divisional endeavors. This includes communicating the Division III philosophy,
attributes, and strategic positioning platform to high school prospective student-athletes, parents and high school admissions counselors, and collaborating with the NCAA Eligibility Center.

- Emphasize and promote the Division III brand, identity and unique philosophy as articulated in the division’s Strategic Positioning Platform. Support conferences and institutions to better tell the Division III story to a variety of target audiences with the following identity activation initiatives: Division III week, national and customizable videos. Maintain a recognition award for athletics communication directors to recognize outstanding work that tells the Division III story.

- Communicate the distinct Division III philosophy as articulated in the Strategic Positioning Platform. **ON-GOING.** Created a Philosophy Statement Working Group that sought membership feedback. Anticipate the councils proposing a 2024 legislative proposal to update the division’s Philosophy Statement.

- Support integration activities that bring together key institutional and/or conference partners to discuss ways each institution (and the conference as a group) might best support the integration of athletics within the campus environment, consistent with the division's unique philosophy, identity and strategic positioning platform.

- Emphasize the values of Division III to effectively manage its membership growth. Partner with Divisions I and II to accomplish membership growth management on behalf of the entire Association. **ACCOMPLISHED.** Maintain a cross-divisional governance staff and Membership Committee liaison group to monitor divisional membership issues.

- Build external partnerships. Send NCAA representatives to existing higher education meetings for presidents.

- Continue the strategic partnership with Special Olympics. Maintain the activity reporting program to better tell the partnership’s story from a division-wide perspective. Maintain the Monthly Spotlight Poll that recognizes Special Olympic events.

- Continue to create specific programming for delegates attending the annual Convention (e.g., educational sessions, Issues Forum, and technology to support all sessions) to help better engage and educate the membership.

6. **Provide Professional Development for Division III Constituents. FY23 budget equals $316K.**

- In partnership with the NCAA Executive Staff and divisional Association-wide governance staffs, enhance Division III specific presidential programming at the NCAA Convention and promote the Chancellors and Presidents Outreach Program to educate and engage all Division III chancellors and presidents. Continue to selectively forward issues of presidential importance to the division’s presidents.
• Maintain in-person, full-day orientation programs for new athletics directors and commissioners to assist these individuals in understanding and promoting the division.

• Strengthen the advocacy of Division III faculty for the values of the athletics experience by offering annual professional development training and networking opportunities to FARs. Maintain the Faculty Advisory Group to provide quarterly updates to the Division III Management Council.

Appendix B

History of the Division III Strategic Plan and Budget Policies
History

The original Division III strategic plan was unveiled in 1998 as the division embarked on its new federated structure. The Division III Management Council Strategic Planning Subcommittee developed the framework for the plan with broad participation of the Presidents Council, Division III and Association-wide committee structure, and the Division III membership. The 2004 version of the Division III Strategic Plan was developed by a joint subcommittee of the Management and Presidents Councils consistent with the Association-wide Strategic Plan adopted by the NCAA Executive Committee in April 2004. The 2004 plan contained many of the existing initiatives and priorities to ensure that the programs and results remain consistent with Division III objectives. However, significant changes occurred as the 2005 and 2006 plans linked the relationship to the Division III philosophy with each Association-wide goal and outlined a series of outcome measures for each goal. Another significant change occurred in 2006-07 as the Division III Strategic Initiatives Grant Program resources were funneled directly to Division III Conferences and the Association of Independents. With this change, many strategic initiatives previously administered at the NCAA national office moved to the local control of conferences and institutions. The localized program encourages collaboration and involvement of all Division III constituent group representatives in the planning, decision-making and accountability of programming and funding to achieve the goals established in the Division's Strategic Plan. Presidential oversight and accountability with the process and budget allocations, consistent with the legislated leadership role of presidents within conference governance, is paramount.

In 2008-09, the strategic plan underwent a format change to create a forward-looking document that highlights the goals and expectations of a budget biennium. Much of the reporting done in previous plans was moved into a Division III Annual Report, and standard committee operations are now reflected in each committee's policy and procedure guide (available on each committee's home page on ncaa.org). The plan clearly articulates the division's funding priorities, and explains when an initiative is funded by Division III, and when it is funded by a broader Association-wide budget. The plan also includes an appendix to show the philosophical or constitutional justification for all programs funded with Division III dollars.

In 2009-10, the plan was updated to highlight the division's near-term strategic priorities. Most 2009-10 priorities resulted from a series of presidentially authored white papers on membership growth published in September 2008. For 2010-12, the plan was updated based on the Division’s release of a Strategic Positioning Platform, and clearly defined the near- and medium-term goals the division needed to accomplish to be successful in embodying the platform.

For 2012-15, the plan was updated to reflect the Association's move to a three-year budget cycle.

After the 2012-15 budget cycle, the plan returned to a two-year budget cycle and emphasizes budget accountability and management.
With the start of the budget cycle in 2021, the Councils approved a one-time, three-year budget cycle (2021-24) to align with the current CBS/Turner broadcast agreement that ends in 2023-24. In FY25, the division will return to its two-year budget cycle as well as adjust its mandated reserve policy from 50% of the annual revenue to a flat 15 million annually in addition to a five million event cancellation insurance policy.

In 2022, the Strategic Planning and Finance Committee recommended a new format for the strategic plan that better reflects the division’s commitment to the student-athlete experience.

**Division III Budget Policies**
The Division will maintain the following budget policies. SPFC must recommend, with final approval from the Management and Presidents Councils, to change the policies.

- The division will have a two-year budget cycle unless a specific request by SPFC to alter.
