

NCAA Transgender Student-Athlete Eligibility Reporting Form 2022 NCAA Winter and Spring Championships

In accordance with the [NCAA Board of Governors January 2022 update to the NCAA Transgender Student-Athlete Participation Policy](#), an institution, on behalf of any trans woman (MTF) student-athlete intending to compete in a 2022 NCAA winter or spring championship event, must establish eligibility of the student-athlete by completing and faxing this form along with [all required supporting documentation](#) identified below to the NCAA at 317-917-6989.

Note: This form is only valid for purposes of determining eligibility for participation in 2022 NCAA winter and spring championships. All required information must be received by the NCAA at least one week prior to the first championship selection date in the applicable sport. A schedule of NCAA championship selection dates can be found [here](#).

Note also: This form is distinct from and not a substitute for the [NCAA Medical Exception Documentation Reporting Form](#) which must be separately submitted by the institution and approved by the NCAA before any student-athlete using any anabolic agent, hormone and metabolic modulator, or peptide hormone, growth factor, related substances and mimetics is allowed to participate in competition.

To be completed by the Student-Athlete's School:

Student-Athlete Name: _____

Student-Athlete Date of Birth: _____

School Name: _____

School Contact for Eligibility Communication Purposes:*

Name: _____

Title: _____

Email: _____

Phone: _____

* All questions, communications and eligibility determinations pertaining to this form and the related eligibility of the student-athlete identified above will be directed to the identified school contact. In recognition of the sensitive nature of the content provided in and with this form, and the material variations in how member institutions may elect to manage and retain such information, we encourage you to consider the needs and expectations of the institution and the student-athlete when identifying an appropriate school contact.

In order to receive a timely eligibility determination, the following documentation must be submitted by the institution to the NCAA along with this form:

- **Medical Professional Hormone Suppression Confirmation Form (See attached).** Completed/signed by treating professional confirming completion of at least one calendar year of hormone suppression; and
- **Serum Testosterone Level.** A copy of lab results confirming that, as of a date that is no more than four weeks (28 days) prior to the [first championship selection date in the applicable sport](#), the student-athlete's total serum testosterone level was within the allowable level for the sport in which the student-athlete intends to compete as part of 2022 NCAA winter or spring championships. A summary of current sport-by-sport testosterone level requirements and a schedule of NCAA championship selection dates can be found [here](#).

NOTE: This form and the information provided herein is intended to be used by the NCAA solely for the purpose of evaluating and determining eligibility to participate in NCAA championship events. Some of the information required to be provided in or along with this form may constitute protected information as the same is described in applicable state, federal and international privacy regulations. We encourage you to consult with legal, risk management and other applicable campus personnel as necessary before submitting this information to evaluate and confirm, as necessary, the applicability of any such laws and related requirements.
