

NCAA Division II Membership Guiding Principles

Below is a list of guiding principles as it relates to strategic membership growth, the role of the NCAA Division II Membership Committee and the purpose of the membership process:

1. Division II is committed to strategic manageable growth.
2. The division will continue to be selective in its decisions related to membership.
3. Division II should aim to be seen as a destination division.
4. The membership process will account for membership growth (both new institutions and new conferences), while also aiming to maintain active member benefits, including: the NCAA Division II revenue distribution (formerly known as the NCAA Division II enhancement fund); the NCAA Division II conference strategic priorities fund (formerly known as the conference grant program); and championships access ratios.
5. The Membership Committee is the gatekeeper for the division as it relates to membership and strategic growth.
6. The requirements associated with the membership process and the expectations of institutions applying for membership will support the philosophy of the division.
7. The Membership Committee will only accept institutions and conferences into the membership process that are ready to begin the process and use the process to guide them to be ready for active Division II membership.
8. To ensure success as an active Division II member, institutions in the membership process will have requirements that may not be an active member requirement to ensure that the quality of the division is maintained and to encourage institutions going through the membership process to raise the level in the division.
9. The conference offices shall be involved and engaged with institutions that are in the membership process. This involvement should be focused on assisting, mentoring, and educating the institution that the conference is sponsoring.
