

ISP Data Requests Variable List

Date ranges available for this initial pilot cycle are 2009-10 through 2018-19.

Exposure Variables	Variable	Type	Notes
	Event_Type	Num	Variable indicating the exposure event (practice/competition)
	PRIMARY_DIV	Num	Variable indicating the primary division of institution contributing exposure event
	PRIMARY_SUBDIVISION	Char	Variable indicating the subdivision of institution (FB) contributing exposure event
	Record_UID_Exp	Char	Unique identifier code for event
	School_ID	Num	Unique identifier for institution contributing exposure event
	Season	Num	Variable indicating the season segment of event (preseason, regular season, postseason)
	Sport	Char	Variable indicating the sport
	Surface	Num	Variable indicating the surface type of exposure event
	Year	Char	Variable indicating the academic year
	Num_athletes	Num	Variable indicating the number of athletes participating in event

Injury Variables		
Variable	Type	Notes
Body_Structure_Code	Num	Variable indicating Body Structure of injury
Bodypart_or_System_Code	Num	Variable indicating Body Part or System of injury
Chronic_Injury	Num	Variable indicating Chronic, Lingering, Overuse, or Gradual Onset Injury
Class_Year	Char	Variable indicating Class Year of injured athlete
Emergency_Transport	Num	Variable indicating if emergency transport was used
Event_Type	Num	Variable indicating type of event the injury occurred in
Inj_Ill_Group_Code	Num	Variable indicating the diagnosis of injury
Injev_Activity	Num	Variable indicating the activity the athlete was engaged in at time of injury
Injev_Basic_Mechanism	Num	Variable indicating the basic mechanism of the injury event
Injev_Location	Num	Variable indicating the location on field at time of injury
Injev_Player_Position	Num	Variable indicating position played at time of injury event

Injev_SegEvent	Num	Variable indicating segment of practice or competition when the injury event occurred
Injev_Specific_Mechanism	Num	Variable indicating the specific mechanism of injury event
Injury_or_Illness_Code	Num	Variable indicating the specific injury or illness
New_Injury	Num	Variable indicating new or recurrent injury
Outcome	Num	Variable indicating time lost from sport due to injury
PRIMARY_DIV	Num	Variable indicating the primary division of institution contributing exposure event
Record_UID_Exp	Char	Unique identifier code for event
Record_UID_Inj	Char	Unique identifier code for injury
SPORT_DIV	Num	Variable indicating the primary division of sport contributing exposure event
SPORT_SUBDIVISION	Char	Variable indicating the subdivision of sport (FB) contributing exposure event
School_ID	Num	Unique identifier for institution contributing exposure event
Season	Num	Variable indicating the season segment of event (preseason, regular season, postseason)
Side	Char	Variable indicating side of body injury was attributed to
Sport	Char	Variable indicating the sport
Surface	Num	Variable indicating the surface type of exposure event
Surgery	Num	Variable indicating surgery performed or anticipated within six months
TimeLoss	Num	Variable indicating time lost from sport due to injury in days
Year	Char	Variable indicating the academic year
C_Amnesia_Pt	Num	Variable indicating post-traumatic amnesia following concussion
C_Amnesia_Retro	Num	Variable indicating retrograde amnesia following concussion
C_Balance	Num	Variable indicating balance problems following concussion
C_Concentration	Num	Variable indicating difficulty concentrating following concussion
C_Concussion_Time	Num	Variable indicating time to resolution of symptoms following concussion
C_Disoriented	Num	Variable indicating disorientation following concussion
C_Dizziness	Num	Variable indicating dizziness following concussion
C_Drowsy	Num	Variable indicating drowsiness following concussion
C_Sensitive_Light	Num	Variable indicating sensitivity to light following concussion
C_Sensitive_Noise	Num	Variable indicating sensitivity to noise following concussion
C_Headache	Num	Variable indicating headache following concussion
C_Hyperexcite	Num	Variable indicating hyperexcitability following concussion

C Insomnia	Num	Variable indicating insomnia following concussion
C Irritable	Num	Variable indicating irritability following concussion
C Nausea	Num	Variable indicating nausea following concussion
C Tinnitus	Num	Variable indicating tinnitus (ringing in the ears) following concussion
C Unconscious	Num	Variable indicating loss of consciousness following concussion
