By signing and dating this form, you attest that your institution has satisfied the [policy](#) requirements outlined below for the 2022-23 academic year prior to July 31, 2023:

1. The athletics department is informed on, integrated in, and compliant with institutional policies and processes regarding sexual violence prevention and proper adjudication and resolution of acts of sexual violence.
2. The institutional policies and processes regarding sexual violence prevention and adjudication, and the name and contact information for the campus Title IX coordinator\*, are readily available within the department of athletics, and are provided to student-athletes.
3. All student-athletes, coaches and staff have been educated each year on sexual violence prevention, intervention, and response, to the extent allowable by state law and collective bargaining agreements.
4. All incoming, continuing and transfer student-athletes have completed an annual disclosure related to their conduct that resulted in discipline through a Title IX proceeding or in a criminal conviction for sexual, interpersonal or other acts of violence.\*\* Transfer student-athletes also must disclose whether a Title IX proceeding was incomplete at the time of transfer. Failure to make a full and accurate disclosure could result in penalties, including loss of eligibility to participate in athletics as determined by the member institution.
5. Institutions have taken reasonable steps to confirm whether incoming, continuing and transfer student-athletes have been disciplined through a Title IX proceeding or criminally convicted of sexual, interpersonal, or other acts of violence.\*\* In a manner consistent with federal and state law, all NCAA member institutions must share relevant discipline information and incomplete Title IX proceedings as a result of transfer with other member institutions when a student-athlete attempts to enroll in a new college or university.
6. An institution choosing to recruit an incoming student-athlete or accept a transfer student-athlete must have a written procedure that directs its staff to gather information that reasonably yields information from the former institution(s) to put the recruiting institutional leadership on notice that the student left the institution with an incomplete Title IX proceeding, was disciplined through a Title IX proceeding or has a criminal conviction for sexual, interpersonal or other acts of violence.\*\* Failure to have it written and to gather information consistent with that procedure could result in penalties.

Further, the athletics department will cooperate with college or university investigations into reports and matters related to sexual and interpersonal violence involving student-athletes and athletics department staff in a manner compliant with institutional policies for all students. If a school is not able to attest their compliance with the above requirements, it will be prohibited from hosting any NCAA national championship competition for the next applicable academic year.
